Re: Resignation from the Alexandria Traffic and Parking Board and the Alexandria
Transportation Safety Commission

Dear Ms. Boyd:

I had the honor of being appointed to both the above board and commission earlier this year.

This letter is to serve as notice of my resignation from both the Alexandria Traffic and Parking Board and the Alexandria Transportation Safety Commission. My resignation is due solely to the fact that, as an investment banker and attorney, I have been asked to serve, on an interim basis, as chief financial officer and general counsel of a high technology start-up company located in north Texas. With the assumption of these responsibilities I will no longer be able to schedule my travel so as to be able to attend the monthly board meetings.

I have enjoyed working with the members of the Parking Board during the last seven months, and hope, in some small way, I have added value to the discussions resulting in the decisions that were made by the board.

As a twenty year resident of Alexandria, I have no plans to leave the community on a permanent basis, and hope to serve again in some capacity as a resident of this wonderful city.

Please accept my resignation as of the date of receipt of this letter.

Sincerely yours

Charles Gregory Eden
