Ms. Murphy,

I'm sorry I have not been able to get back to you sooner. My school e-mail is still down, and the only reason I got hold of your message is because they are working on my computer.

Below is the list of students involved in the proeject:

KENNETH SUTTON - PRODUCER  
CASSANDRA BROWN - PRODUCER  
PERRY COSIER  
ROMA KAUNDAL  
ROBERTO GAITAN  
SAM RUST  
JEREMY CARPEL

All 7 students are from my TV Production classes at TC Williams High School. All 7 students were hand-picked by me for the creativity, work ethic, and initiative they show and demonstrate in my class. The TECH Awards is an extra project assigned to these students. Although, they were awarded a small monetary compensation for their efforts, they still should be commended for the hard work and dedication they exhibited in doing the project. They had less than a month to finish the project.

Please let me know if you needed any more information from me. Please send all your correspondences through my personal e-mail account: nvzefran@aol.com

Thank you.
