DISCUSSION:

1. The applicant, Central Parking System of V.A., Inc, represented by employee Art Alabin, requests special use permit approval to change the ownership of a public parking business, located at 301 N. Fairfax Street.
2. The subject property is located on one lot of record that has 210 feet of frontage on N. Fairfax Street and 123 feet of frontage on Queen Street. The total lot area is 25,830 square feet. The subject lot is developed with a three-story office building with a surface parking lot.

The remainder of the subject block is occupied by an office building and parking lot at 300 N. Lee Street, and an office building and parking garage at 333 N. Fairfax Street. Residential properties occupy the blocks to the north and east. Residential properties and a few commercial properties occupy the blocks to the west. Commercial properties, including restaurants and retail businesses, occupy the block to the south.

3. The applicant, Central Parking System of V.A., requests special use permit approval to change the ownership of an existing public parking business located at 301 N. Fairfax Street. The public parking business was approved under Special Use Permit #2666-A. The applicant has also submitted two other change of ownership applications for two additional public parking facilities located at 300 N. Lee Street (SUP #97-0086) and 333 N. Fairfax Street (SUP 2667-B) within the same block. All three of these applications are all scheduled for public hearing in September 2002.
4. The staff report regarding the change of ownership application for 300 N. Lee Street (SUP #2002-0041) provides more detail on all three properties identified in Item #3 above.
5. The parking lot consists of 64 parking spaces. It serves an on-site office building during the day and is available to the public during evenings, weekends and holidays.
6. The applicant has not asked for any changes to the existing special use permit and its conditions of approval beyond that of the business ownership.
7. The hours of operation are as follows:

Public Parking Lot Hours of Operation (currently permitted)

Monday through Friday	5:30 pm to 3:00 am
Saturday and Sunday	7:00 am to 3:00 am
Holidays	7:00 am to 3:00 am

8. Zoning: The subject property is located in the CD (Commercial Downtown) zone. Section 4-500 of the zoning ordinance allows a motor vehicle parking or storage for more than 20 vehicles in the CD zone only with a special use permit.
10. Master Plan: The proposed use is consistent with the Old Town Small Area Plan chapter of the Master Plan which designates the property for commercial use.

STAFF ANALYSIS:

Staff has no objection to the proposed change of ownership application for the public parking business located at 301 N. Fairfax Street. The business operates only in the evenings, on weekends and on holidays. It includes 64 parking spaces for public use.

The site is very well maintained. The existing landscaping adequately screens the parking lot. Staff recommends that signs indicating the availability of public parking be posted at the parking lot, in order to facilitate the use of the parking lot and thereby help mitigate the parking problems residents, business owners, and visitors experience in the area.

The applicant is currently enrolled in the Park Alexandria program and often has patrons from nearby restaurants. A condition requiring this continued participation is recommended.

Staff has included a condition requiring a review of the public parking lot one year after this approval so if there are any problems with its operation, additional conditions may be imposed. Staff recommends approval of the subject application pursuant to the list of suggested conditions.

STAFF: Eileen P. Fogarty, Director, Department of Planning and Zoning;
Barbara Ross, Deputy Director;
Mary Hashemi, Urban Planner.
