Subject Senior Services of Alexandria

Mr. Mayor and Members of the City Council --

I am writing in echo of communications you have received from SSA Board President Bill Harris and Vice President Susan Winn concerning the short-fall experienced by the Senior Taxi Program for the past two years, and the alarming prospect of another such short-fall in 2006.

I sincerely urge you to do your utmost to see that this short-fall does not occur again. Moneys used for such a purpose have had to be subtracted from use by other important and valuable SSA programs.
