Kudos Received

For: Jason Schmauder
Johnnie McCarther

From: Cheryl D. Reed, of Stevenson Avenue, who writes: "I am writing to advise you of the extraordinary professional services rendered to me by Mr. Jason Schmauder and Mr. Johnnie McCarther of your EMS staff....On Friday, September 24, 2004, I experienced what proved to be a sudden-death heart attack. Jason Schmauder and Johnnie McCarther with four others arrived within five minutes of the 911 call. On the ride from my residence at 6300 Stevenson Avenue to the Inova Alexandria Hospital, your dedicated staff stopped three times to administer life-saving techniques which in fact saved my life....I congratulate you and your department for having such competent and committed EMS professionals as Mr. Schmauder and Mr. McCarther....I certainly hop that they can be appropriately recognized for their competence and proven record of excellence."
