

City of Alexandria, Virginia

MEMORANDUM

DATE: MARCH 27, 2006

TO: THE HONORABLE MAYOR AND MEMBERS OF CITY COUNCIL

FROM: JAMES K. HARTMANN, CITY MANAGER 

SUBJECT: BUDGET MEMO # 56 REQUEST INFORMATION ON ANIMAL LICENSE FEES

In response to Councilman MacDonald's question regarding considering raising license fees for dogs, and whether or not cats are licensed.

The dog license fee is \$10 (unaltered dog license fee is \$30) for one year. Cats are also licensed; however, the cat license fee is \$2 (unaltered cat license fee is \$10) for one year. Multi-year license fees may be much higher, but incorporate a slight discount for a three-year term (see Attachment 1, docket item #19, 12/18/04, for additional information on the license fee structure as recently revised by City Council).

The Code of Virginia Section 3.1-796.87 sets the maximum fee for altered dogs and cats at \$10. The total number of City dog licenses are 3,049 and the total number of City cat licenses are 1,222. These license fees result in the collection of nearly \$55,000 in animal license fees in 2005, an increase of \$16,000 or 41 percent from 2004 (\$39,000), due to the change in fee structure, specifically the multi-year licensing option, however, it is unlikely that this amount will remain consistent for future years as the fee structure stabilizes.¹

The recent legislation, HB 339, which passed in the General Assembly on March 9, 2006, and is awaiting the Governor's signature, will change the timing of the due dates for imposition of the animal license fees; but still keeps the maximum yearly license fee of \$10. This pending legislation will amend the Code of Virginia by adding a section numbered 3.1-796.87:1, which

¹ For the 2005 year, a change was made in the licensing system, allowing for the additional of multi-year licenses and having license terms expire with the animal's rabies vaccination expiration. For 2005, this generated higher than normal fees, as many people chose the multi-year licensing option. The fees in 2005 were also affected by the pro-rating that the City observed for the transition year. In addition, unlike in previous years, licenses expired throughout the year (as opposed to December 31st), so some owners may have purchased more than one license during the year for the same animal, if that animal's rabies vaccination expired mid-year. We should see less of this over time as initial rabies vaccinations expire and new licenses are purchased close to the time of the rabies vaccinations.

would require veterinarians to report un-licensed pets to local treasurers (see Attachment 2, Assembly Bill - HB339ER); and could significantly impact the number of City pets actually registered in the future.

City of Alexandria, Virginia

MEMORANDUM

DATE: DECEMBER 10, 2004
TO: THE HONORABLE MAYOR AND MEMBERS OF CITY COUNCIL
FROM: PHILIP SUNDERLAND, CITY MANAGER *PS*
SUBJECT: ORDINANCE TO AMEND THE CITY'S DOG AND CAT LICENSE REGULATIONS AND FEES

ISSUE: Ordinance to amend the City's dog and cat license regulations and fees.

RECOMMENDATION: That City Council pass the ordinance on first reading and set it for public hearing, second reading and final passage on Saturday, December 18.

DISCUSSION: Each calendar year the City, through the Animal Welfare League of Alexandria staff at the Vola Lawson Animal Shelter, issues about 4,500 dog and cat licenses. Last June Council received a recommendation from staff and the director of the Vola Lawson Animal Shelter that the City's dog and cat licensing system be amended to provide for the option of issuing one year or three year licenses for dogs and cats instead of the one year licenses provided for in the City Code.

The proposed ordinance implements this change in licensing and also changes the timing for license renewal to tie it to the date on the pet's rabies vaccination certificate. This will enable the animal shelter staff to ensure that the rabies vaccination is current when the license is in effect.

The following is a comparison of the current dog and cat license fees and the proposed fees:

<u>Current System</u>	<u>Proposed System</u>
1 year license that expires on December 31	1 or 3 year license that expires when the rabies vaccination expires
1 year cat license-altered pets \$2/others \$10	no change
no three year license	3 yr cat license-altered pets \$5/others \$25
1 yr dog license-altered pets \$10/others \$30	no change
no three year license	3 yr dog license-altered pets \$25/others \$75

Current System

Senior citizen discount: not offered

Proposed System

\$5 discount for 1 yr license and \$15 discount for 3 yr license for persons Age 65 and older

Not addressed

Must obtain license within 30 days of moving to the City or within 10 days of expiration of current license.

FISCAL IMPACT: The ordinance is expected to be revenue neutral since there is no change in the fees charged. Staff reviewed fees in other area jurisdictions that have multiple year pet licensing and found the fees to be similar to those in Alexandria. (Arlington County-dogs only 1 year:\$10/3 years:\$25; Fairfax County-dogs only with a one year license; spayed or neutered \$5; others \$10). Many jurisdictions do not license cats, but we believe it is an important tool in obtaining compliance with rabies inoculations.

INFORMATION ON PROPOSED ORDINANCE

Title

AN ORDINANCE to amend and reordain Sections 5-7-47 (LICENSE – REQUIRED; DISPOSITION OF REVENUE), 5-7-48 (SAME – TAX IMPOSED; TAX RATES; WHEN TAX PAYABLE) and 5-7-49 (SAME – APPLICATION; ISSUANCE; RECORDS TO BE KEPT) of Article C (DOGS AND OTHER ANIMALS), Chapter 7 (ANIMALS AND FOWL), Title 5 (TRANSPORTATION AND ENVIRONMENTAL SERVICES), of The Code of the City of Alexandria, Virginia, 1981, as amended.

Summary

The proposed ordinance replaces the current system of issuing annual dog and cat licenses which expire and must be renewed at the end of each calendar year, with a system of one or three year licenses, at the option of the animal’s owner, which will expire when the animal’s rabies vaccination expires. The proposed license fees for dogs are \$30 for a one year license (\$10 if spayed or neutered) and \$75 for a three year license (\$25 if spayed or neutered). For cats, the proposed fees are \$10 for a one year license (\$2 if spayed or neutered) and \$25 for a three year license (\$5 if spayed or neutered). Senior citizens will receive a \$5 discount on one year dog licenses, and a \$15 discount on three year dog licenses, and no fee is charged for seeing eye and other service dogs. In the transition period, the fee will be prorated in accordance with the number of remaining months of the animal’s rabies vaccination.

 81 the rabies vaccination effective period. Any kennel license tax prescribed pursuant to § 3.1-796.87 shall

101 § 3.1-796.97. Evidence showing inoculation for rabies prerequisite to obtaining dog or cat license;
