Subject: David Lantzy for Planning

Dear Mayor and Members of City Council,

I am writing to ask that you vote for David Lantzy's appointment as a Planning Commissioner. As several of you know, I'm a young professional who, over the past year or so, has become acutely aware of the Planning challenges facing our city. I believe that David Lantzy is the best prepared candidate before you to meet those challenges. David would be an ardent defender of planning practices that would enhance the livability of this city and help to improve it's quality of life. In particular, I believe he understands how important it is to maintain the character of Alexandria— but more than that, he understands it is the diversity of *residents* (i.e. human capital) that makes this city special. Obviously, enhanced real estate pressures have made it more difficult to maintain the diverse fabric of our community, but I know David is prepared and creative enough to address these issues.

As a research scientist, I am also impressed by

Comments: David's analytical background as an engineer and project manager. Scientists are trained very early on to study previous work and analyze data, which helps them to understand and quantify the issue. I think David's career training will suit him well in this position, which demands objective reasoning in order to arrive at a conclusion that addresses the "big picture."

Finally, in attending a past BZA hearing, I was struck by David's well-reasoned questioning and thoughts on the issue that was before the BZA. He treated the issue fairly and with balance. Undoubtedly, David would bring those much desired qualities to the Planning Commission.

And for those reasons, I believe he is the most qualified candidate for your vote.

Thank you for your consideration,

Michelle L'Heureux

Advisory Committee
and Hunting Terrace Tenants Committee

Subject: Support for Maria Wasowski
January 17, 2007

Dear Mayor, Vice-Mayor and Council Members,

I am writing to endorse Maria Wasowski for a position on the Planning Commission.

Maria has been actively involved in Alexandria planning and transportation issues for a long time.

Maria was a key member of the Safeway-Datatel Task Force and later the Upper Potomac West group which produced the Arlandria Plan. She has remained an active participant in all issues concerning Upper Potomac West/Arlandria in the intervening years, including the Four Mile Run planning process.

Comments: She was involved early on with Potomac Yard and later in the Potomac Yard Design Advisory Committee.

Also, Maria fundamentally understands the issues facing Arlandria, a neighborhood desperately in need of such understanding.

I write as both an individual and as the President of Lenox HOA at Sunnyside to give support for Maria's application to the Planning Commission and ask for your endorsement.

Sincerely,

Jim

I, along with some fellow concerned Alexandria residents had an opportunity to meet with Maria Wasowski a few weeks ago to discuss her qualifications and views for the future of our city. In short - I was impressed and I believe she has the background, the passion, and the right vision for our city. I think she would make an excellent addition to the Planning Commission and I urge you to vote for her next Tuesday.

Comments: I would like to recommend Maria Wasowski for appointment to the Planning Commission. If selected, Maria would be the only representative that is a small business owner and a mother of teenagers in the city of Alexandria. These perspectives are important for the commission. Maria has much experience working on planning activities including the Potomac Yard Design Advisory Committee and the Transportation Task Force. She has a strong background in design, a good understanding of the planning process, and many years of working with a variety of stakeholders to set common goals and achieve them.

Maria is an active member of the Alexandria community and I would strongly recommend her as a member of the Planning Commission.

Please exercise your vote in the appropriate way and vote for Maria for Planning Commission.

I am writing in strong support for the candidacy of Maria Wasowski to the Alexandria Planning Commission. Ms Wasowski has a strong background in design and planning through her education, professional experiences and community involvement.

Comments: She has been and active member of the Potomac Yard Design Advisory Committee, the Transportation Task Force, and the Mt Jefferson Civic Association.

Ms Wasowski is a successful small business owner, and she will bring her talent and fresh ideas to the important work of the Planning Commission.
