Re: BAR (Old and Historic District)

Dear Mayor Euille and Members of Council:

I understand that there is a BAR vacancy and that Chip Carlin has applied to fill the position. I have known Chip for a number of years and I know that he would be an asset to this Board. Chip is an architect who has lived in the historic district for a number of years and has been involved with the Old Town Civic Association. He is very familiar with the delicate balance of historic preservation in an urban community that continues to function as a viable and vibrant part of a 21st century city; Chip is sensitive to historic preservation but is in touch with the need for economic sustainability.

Chip will bring a balanced and reasoned approach to the BAR and I urge you to support his application. If further information is needed, or if you have any questions, do not hesitate to contact me.

Sincerely,

/s/

Dear Mayor, Vice-Mayor, and Members of the City Council:
I am writing

for myself and my wife Hazel as concerned citizens of Old Town (north) in support of the application of Billie Schaeffer to be appointed to the Board of Architectural Review (BAR). She would fill the 'citizen' slot provided for membership. We are aware that the incumbent in that position has applied for re-appointment, but we strongly urge that you consider 'new blood;' Billie would add a whole new dimension of awareness, concern, energy, and work ethic to that important body. She has been our neighbor here in Old Town for almost two decades, and has been actively involved in political and civic affairs. When Hazel and I needed help on political activities we could count on Billie for help. She was very effective in dealing with people on a variety of issues and city concerns. However, it is even more important, and more relevant to the BAR, that she has been actively concerned about maintaining

Comments: Alexandria's historic tradition for her entire residency. You may well remember the effort she spearheaded regarding the 'Hulfish' block - preserving the historic footprint of the homes she and four others have on North St. Asaph. She was efficient, thorough, effective, and tireless in that effort. With the BAR decision, which Council supported, she was able to bring the issue to a successful conclusion. Supporting her in that effort, we marveled at her ability to gather and present relevant data in a most thorough and professional manner. She would be a marvelous addition to BAR; you will never find anyone more diligent in working on issues such as those that come before that body. Hazel and I urge you to consider her application positively, and appoint her to the BAR. Very Respectfully, Ron and Hazel Rigby

I would like to support the selection of Billie Schaeffer to succeed Mr.

Kelleher as a member of the Board of Architectural Review at the Council's meeting on June 22.

Ms Schaeffer is a 28 year resident of the Historic

District and has been active in historic preservation as a citizen for

I understand that Mr. Kelleher has been on the Board for many years and believe that it is time to introduce some new blood. Also, I think that this would be consistent with the Council's decision to limit the terms of Board members.
