Subject: Industrial Development Authority

Dear Council Members,

I would like to recommend Ian McGrath to the board of the Industrial Development Authority. Ian has been a property manager, a property developer, and manages investments for clients, as well as his legal work. I think his experience will serve the IDA well. He is also a native of Alexandria, having grown up on Captain's Row on Prince St., and now living on Royal St., and I think he will have a grasp of some of the long term requests that come beore IDA.

Ian believes that IDA can help dreate a core of jobs in our communnity, so like him, people can live and work in the same communnity. The sort of funding that IDA does can provide jobs, boost our local economy and create a helathier community. If

Comments:

the city can maintain core functions and encourage businesses to stay in the city, it will also maintian its financial health and economic stability.

Ian would like to become more involved in the City and this would be a great opportunity for him to become involved and a chance for the City Council to involve someone with enthusiasm from the next real estate generation in Alexandria. I believe he would be replacing my mother, Lois Walker, on the board, and he has her support for this position as well.
