I. DISCUSSION

The applicant, Claremont Investors LLC by M. Catharine Puskar, attorney, is requesting an amendment to Condition #2 of SUP#2010-0078 to add overnight pet boarding as a permitted use to an umbrella SUP at 4536-4598 Eisenhower Avenue.

SITE DESCRIPTION

The subject property is one triangular-shaped lot of record at the intersection of Eisenhower and Clermont Avenues. It has an estimated 650 feet of frontage on Eisenhower Avenue, 275 feet of frontage on Clermont Avenue, and a total lot area of 127,986 square feet. The property can be accessed from either Eisenhower or Clermont Avenues.

The site includes two one-story concrete masonry buildings with a total of 51,000 square feet subdivided into 30 units occupied by a variety of uses including light industrial, automobile repair and warehouses.

The surrounding area is comprised of industrial and commercial uses. A self-storage business and an office/warehouse building are located to the north across Eisenhower Avenue. The property to the west, formerly home to ASAP Mailing Services, is currently being redeveloped pursuant to DSUP#2009-0003 as the new site for Restaurant Depot. Metro and Norfolk Southern rail lines located to the south and east, and the Beltway is located further to the south.

BACKGROUND

The property was developed in 1978 for warehouse and other light industrial uses pursuant to Site Plan #77-0013. In June 1992, the property was rezoned from I-2/Industrial to OCM(100). A significant amount of space in the Center was then and has since been occupied by noncomplying uses. On September 17, 1994, City Council granted Special Use Permit #2829 to Claremont Associates Limited Partnership as an “umbrella SUP” to allow a variety of present and future noncomplying and special uses as a group.

An application to build a gas station and convenience store on the site was deferred by Planning Commission in April 2003 based on staff’s recommendation for denial and was later withdrawn. On October 18, 2003, City Council approved SUP#2003-0080 for a change of ownership and an amendment to extend the expiration date of the SUP from September 2004 to October 2018. Staff administratively approved a change of ownership to the current owners of the property on February 27, 2004 (SUP#2003-0118). On February 12, 2011, City Council approved SUP#2010-0078 to extend the expiration date of the SUP from October 2018 to October 2023.

On January 10, 2012, staff visited the subject property to determine if the business was in compliance with the conditions of its Special Use Permit and found a few illegal signs posted on the property which were promptly removed.

PROPOSAL

The applicant proposes to amend Condition #2 of SUP of SUP#2010-00078 to add overnight boarding as a permitted use under the umbrella Special Use Permit. No other changes are requested.

PARKING

Parking requirements for this site were established in the 1977 site plan approval (SIT#77-0013). Today at least 92 parking spaces are provided at the site, which exceeds the number required by site plan.

ZONING/MASTER PLAN DESIGNATION

The subject property is zoned OCM-100/Office Commercial Medium. A majority of the uses allowed under the umbrella SUP are consistent with the Landmark/Van Dorn Small Area Plan as interim uses.

II. STAFF ANALYSIS

Staff supports the applicant's request to add overnight pet boarding as a permitted use under the umbrella SUP. This industrial/flex space center on Eisenhower Avenue is well-suited for this type of business. The umbrella SUP currently permits pet accommodations, grooming and training with no overnight accommodations and staff believes that the addition of overnight pet boarding has low potential to create any negative impacts on the surrounding neighborhood given that there are no immediate residential neighbors. To the extent that the use could be problematic, these flex space centers are different from stand-alone uses in that they require management to oversee coordination among uses for a healthy business environment.

Currently, overnight pet boarding is permitted by special use permit in most commercial zones and by administrative special use permit in shopping centers. Staff is currently reviewing this use and is considering a text amendment to allow overnight pet boarding as a permitted use within all industrial/flex space centers within the City.

III. RECOMMENDED CONDITIONS

Staff recommends **approval** subject to compliance with all applicable codes and ordinances and the following conditions:

3. Narrative Description

Claremont Investors, LLC (the "Applicant") owns 4536-4598 Eisenhower Avenue (the "Property") and requests to amend Condition #2 associated with approved SUP #2010-0078 to allow overnight pet accommodations as a permitted use.

By way of background, on September 8, 1994, the City Council (the "Council") approved SUP #2829 to allow a variety of nonconforming uses at 4536 to 4598 Eisenhower Avenue. On October 18, 2003, the Council approved SUP #2003-0080 for a change in ownership and an extension of umbrella SUP #2829. On February 27, 2004, the Director of the Department of Planning and Zoning approved SUP #2003-0118 for a change in ownership only. On February 12, 2011, the council approved SUP #2010-0078 which extended the umbrella SUP expiration date to 2023.

The Applicant now requests to amend Condition #2 to permit overnight pet accommodations and a dog day care on the Property. Overnight pet accommodations will be offered twenty-four (24) hours per day. Normal business hours for the facility will be 7:00 a.m. to 7:00 p.m., Monday through Friday, and 9:00 a.m. to 6:00 p.m., Saturday and Sunday. Other than the addition of overnight pet accommodations, no other changes to the permitted uses or operation of the Property are proposed. The proposed dog day care and pet boarding facility can safely accommodate up to 50 dogs with 10-15 typically staying overnight and 25-35 dogs using the facility during the day. The Applicant proposes large play areas to allow for recreation for dogs as well as socialization. The dog play areas will be located on exterior walls, as shown on the enclosed floor plan. Acoustic panels will be installed as may be necessary. The proposed facility will use dog specific sanitizers and deodorizers to control odors. All waste will be picked up and bagged immediately. The proposed dog day care and overnight boarding services will fill a necessary demand for this area of Alexandria.

The location of the Property is particularly well-suited to accommodate overnight pet boarding and a dog day care given its location away from residential uses, adjacent to industrial uses, and bounded on one side by the interstate and one side by train tracks. Based on its location, the proposed use will have no adverse impact on surrounding properties and will provide a convenient location on Eisenhower Avenue and proximate to I-495 for a needed community-serving use. The Applicant has thoughtfully designed the facility to locate the dog play area on the exterior side of the building adjacent to an outdoor area that will also serve the proposed use. The outdoor play area has been identified on the enclosed site plan and will have a fence and artificial turf. The Applicant proposes no changes to the size of the buildings, site layout, or operations as approved by SUP #2010-0078.
