## I. DISCUSSION

### REQUEST

The applicant, Culinary Concepts Corporation, requests special use permit approval for the operation of a restaurant located at 1623 Fern Street.

### SITE DESCRIPTION

The subject property is one lot of record with 32 feet of frontage on Fern Street, 90 feet of frontage on Kenwood Avenue and a total lot area of 4,943 square feet. The site is developed with a 3,446 square foot one-story commercial building. The proposed restaurant would occupy 1,850 square feet of the building, with administrative offices for the Lindsay Automotive Group occupying the remainder of the building.

The surrounding area is occupied by a mix of commercial and residential uses. Immediately to the north are residential townhouses. To the south are Lindsay Cadillac and the Fairlington Center which contains variety of commercial uses, including restaurants. To the east is a branch of Burke & Herbert Bank and to the west is a Smart Car dealership (formerly Saturn) operated by the Lindsay Automotive Group.

### BACKGROUND

This site is the former location of Ernie's Crab House. On February 21, 1998 City Council granted Special Use Permit #97-0156 and Encroachment #97-0013 to expand the then-grandfathered restaurant and to add outdoor dining. On September 18, 1999, City Council approved Special Use Permit #99-0025 to amend the hours of operation at the restaurant. Ernie's closed at this location approximately four years ago and subsequently the building was renovated extensively. The rear or northern portion of the building is used for Lindsay offices and the front portion proposed for the restaurant is currently vacant.

### PROPOSAL

The applicant proposes to operate an Italian restaurant at this location with indoor and outdoor seats, delivery service, and on and off-premises alcohol sales. The restaurant will feature carry-out service and partial table service, which means that dine-in customers can order food items at a counter and restaurant employees will bring these items directly to their table. The applicant agrees to voluntarily prohibit smoking at the restaurant.

Hours: 7:00 am – 10:00pm, seven days/week

Number of seats: 28 Indoor seats  
14 Outdoor seats  
**42 Total seats**

Type of Service: Partial table service, carry-out, and delivery

Customers: Approximately 65 per day

Delivery Vehicle(s): One delivery vehicle

Alcohol: On and off-premises alcohol sales

Live Entertainment: No live entertainment is proposed

Noise: No noise impacts are expected

Trash/Litter: Trash will be collected from the site three times per week. Employees will closely monitor site to prevent litter.

PARKING

According to Section 8-200 (A)(8) of the Zoning Ordinance, a restaurant requires one parking space for every four seats. A restaurant with 42 seats and one delivery vehicle will be required to provide 12 off-street parking spaces. The applicant partially satisfies this requirement with two off-street parking spaces. The applicant has applied for a parking reduction of 10 spaces.

ZONING/MASTER PLAN DESIGNATION

The subject property is located in the CSL/Commercial Service Low zone. Section 4-303 (Y) of the Zoning Ordinance allows a restaurant in the CSL zone only with a special use permit unless it meets Administrative SUP eligibility standards. The proposed restaurant is not eligible for an Administrative SUP because it does not offer full table service as defined in the Zoning Ordinance and because it requires a parking reduction.

The proposed use is consistent with the Fairlington/Bradlee Small Area Plan chapter of the Master Plan which designates the property for low-density commercial use.

## II. STAFF ANALYSIS

Staff supports the applicant's request to operate a restaurant at this location. Although close to residential uses, the restaurant use is reasonable and appropriate for this location given its proximity to similar uses at the Fairlington Center. The scale and nature of the restaurant suggest a neighborhood-serving establishment. Staff believes that the restaurant use generally and the proposed outdoor dining in particular will contribute to the vitality of the Fairlington Center area. Staff also notes that the restaurant as proposed is smaller than Ernie's Crab House, a restaurant that previously occupied this site for many years.

Staff does not object to the additional elements of the applicant's request concerning delivery and alcohol sales based on the nature and scale of the request and based on the inclusion of conditions that will mitigate any potential impact. One delivery vehicle at the site, when parked off-street as required in Condition #7 of this report, is reasonable and will not create a significant negative impact. Staff believes that the applicant's request for on-premises alcohol service is reasonable and notes that no live entertainment or late hours are proposed. With the restriction in Condition #6 prohibiting sales of single alcoholic beverages or fortified wine, staff has no objection to off-premises alcohol sales at this location.

The applicant also seeks a 10-space parking reduction. Staff does not object to this request. Staff notes that the applicant's request is smaller than what exists at Ramparts restaurant, which operates nearby without complaints from the neighborhood. It is reasonable to conclude that some portion of the restaurant patrons will be neighborhood residents who will walk to the restaurant. Staff notes that the applicant does have use of two spaces on the property for its one delivery vehicle and for staff parking. Staff encourages the applicant to pursue a shared parking agreement with Lindsay Automotive in order to further prevent parking issues at the site.

Finally, staff notes that it has required an exterior design plan as a recommended condition of SUP approval. Recent renovations at this site have resulted in the removal of Art Deco façade features that, while not expressly regulated by ordinance, were historic nonetheless. This requirement is intended to assure any future changes to the exterior, including signage, will incorporate high-quality architectural design and will be appropriate for the neighborhood.

Staff recommends approval of the Special Use Permit request subject to the conditions contained in Section III of this report.
