Re: Recommendation for Susan Anderson and the
Environmental Policy Committee

Dear Mayor and Members of Council:

I am writing to urge you to appoint Susan T. Anderson as Citizen-At-Large for the Environmental Policy Commission. I have known and worked with Susan for nearly five years. In that time she has proven to be a reliable and hard-working environmental specialist for our company. She is also a well-informed and active member of the Alexandria community.

Her education and work experience has proven a very strong basis for becoming an expert in numerous environmental areas. Her career has developed to include responsibilities for project management and client liaison. She is conversant with virtually all Federal, Virginia, and local environmental laws and regulations, and understands the differing levels of documentation required for various reviews, projects and permits. In addition, Susan has worked with a number of agencies, and is an effective communicator. She has a strong interest in environmental policy, and so would be an enthusiastic asset to the Committee.

I believe that you will be well served by having Susan represent the City's environmental interests.

Sincerely,

A handwritten signature in black ink, appearing to read 'David A. Cheeney', is written over a large, stylized flourish that extends from the signature down towards the bottom right of the page.

Re: Susan Anderson and the EPC

Dear Mayor and Members of Council:

This letter provides complete support for Susan T. Anderson to be appointed Citizen-At-Large for the Environmental Policy Commission.

I have known Susan in a professional capacity for nearly five years. She moved to Alexandria to accept the position offered with this firm, and the company and our clients have benefited ever since.

Her educational background is a B.S. in geography, which has proven a very strong basis for becoming an expert in numerous environmental areas. Her career has developed to include responsibilities for project management and client liaison. She is conversant with virtually all Federal, Virginia, and local environmental laws and regulations, and understands the differing levels of documentation required for various reviews, projects and permits.

She has worked with a number of agencies, and is an effective communicator. She has a strong interest in environmental policy, and so would be an enthusiastic asset to the Committee.

Personally, as a resident and taxpayer of the City of Alexandria myself, I would be honored to have Susan represent my environmental interests.

Thank you for your consideration of this recommendation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Margaret M. Ballard'.

Margaret M. Ballard, A.I.C.P.

Re: Recommendation for Susan Anderson for the Citizen-at-Large position on the Environmental Policy Commission

Dear Mayor and Members of Council:

I would highly recommend Susan Anderson for the Citizen-at-Large position on the Environmental Policy Commission. I began working with Susan back in 1996 at H.W. Lochner, Inc. where she was an Environmental Planner. She has a wide-ranging knowledge of environmental issues. I know her experience with Lochner and subsequently with HDR has involved numerous technical areas including National Environmental Policy Act documentation, wetland evaluation and permitting, noise analysis, environmental justice concerns, and endangered species coordination.

Susan has excellent communication and organizational skills as well as a thorough knowledge of local, state and federal environmental regulations. She is well grounded and bases decisions on sound information. I think her experience, knowledge, and enthusiasm would make her a wonderful asset to the Commission.

Sincerely,

Michelle Fall

Re: Susan Anderson and EPC

Dear Mr. Mayor and Members of Council:

I am writing in support of Sue Anderson's application for a citizen position on the Environmental Policy Commission.

Sue has a strong professional background in environmental planning with one of our local engineering firms. In fact, much of her experience concerns a subject of utmost importance to our City -- transportation! She has worked on VDOT and VRE projects. She also has experience in telecommunication towers, another issue affecting the City. She brings a wealth of relevant experience to the table.

Over the past year or so, I have gotten to know Sue as a member of my church. I have come to know her as quite bright, thoughtful, and energetic. Maybe most importantly, she is a level-headed and pleasant person with whom to work.

I believe that Sue would be an asset to the Commission and appreciate your consideration of her application. Thank you very much.

Sincerely,

Lonnie C. Rich

Kenny,

At your next meeting of Council you will be voting to fill an open seat on the Environmental Policy Commission. One of the three applicants is a woman that I work with at the Wilderness Society, Cindy DeGroode.

She's got great professional and educational background that could prove to be very useful for EPC and the city. She lives in Del Ray and I think she would be a wonderful pick for that position. I hope you'll consider her. And thanks!

Ms. Rose Boyd
City of Alexandria
Alexandria, Virginia 22301

Dear Ms. Boyd,

It is with pleasure that I recommend Cindy Degrood as a member of the Alexandria Environmental Policy Committee. Based on her strong professional background, as well as her excellent leadership skills, I am confident that Cindy would make an enormous contribution to the Committee.

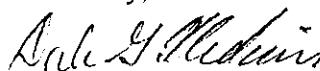

I have known Cindy since 1999, in the context of our work together with a Federal and Non-Governmental Partnership focusing on green infrastructure development in the U.S. In her current role at the Wilderness Society, Cindy has worked successfully in the exchange and implementation of best practices land-use planning and "green" infrastructure programs between local and national urban and regional planners. Thanks to the work of Cindy, U.S. communities such as San Francisco, Portland, and Chicago, are now implementing new land-use planning, urban watershed, and environmental strategies in order to address the negative effects of urban sprawl.

In my opinion, Cindy's work at the Wilderness Society embodies the spirit and mission of the Alexandria Environmental Policy Committee. I am convinced that Cindy's participation in the Committee will enhance not only her well-recognized work with the Wilderness Society, but also the members of the Committee.

In short, I am highly confident that Cindy would make an outstanding contribution to the Committee and it is with pleasure that I am able to recommend her.

I would be happy to answer any questions with regard to Cindy. Please feel free to contact me for further information at 703-549-0068.

Sincerely,

Dale G. Medearis
