Subject: Item #24 on 6/23/09 Docket

Dear Mayor Euille & Members of the City Council:

Due to the large number of qualified applicants for the three at-large BFAAC seats, and my many years of service on BFAAC, I am withdrawing my application.

I ask that you vote for whichever other candidate you feel is most

Comments: qualified.

I appreciate the opportunity to serve you and the people of this city, and look forward to doing so in the future.

Sincerely,

Matthew Tallmer

Subject: Budget & Fiscal Affairs Advisory Committee

Good afternoon. I understand that you will be voting tonight to fill a vacancy on the Alexandria Budget & Fiscal Affairs Advisory Committee. I just wanted to take a moment of your time to express my interest, as well as my qualifications for this position.

During the last 2 years I served on the Alexandria Sister City Committee for Gyumri. While on this committee I worked closely with Ken Hill in several capacities, including Grants Chairman and Development Chairman. I enjoyed working with Ken and the committee a great deal and it gave me taste of working on a City Committee.

I chose to leave at the end of my term due to a family situation. That situation has resolved itself and I am now looking to again volunteer to help the City in the best way possible.

I believe that this particular committee is the perfect fit for my interests, background and

Comments:

skills. At heart, I am a "Finance guy". After earning my MBA at North Carolina, I immediately went to work as a Budget Analyst for USAir. Over the years, I was promoted to various other Finance positions within the company, including Investment and Debt Analyst, Reservations Finance Manager, and ultimately the Divisional Controller for Reservations.

Afterwards, I moved to more Operational roles which allowed me to capitalize on both my Finance skills, as well as my people and general management skills. The years spent in these positions allowed me to analyze financial problems from multiple perspectives...not just as number cruncher. This experience has made me successful in my new role as a consultant for large clients such as Freddie Mac and Visa USA.

I understand that this is a highly sought after position and I'm sure that there are other strong candidates as well. However, I'm confident that I would bring a unique perspective to the committee and my addition would be beneficial to all involved parties.

Thank you for your time and consideration.

Sincerely,

Tim Ramsey

This is the committee that really fits my background and interest. For the last 28 years, my life has been centered on budgeting and fiscal affairs. I earned my MBA with a concentration in Finance from the University of North Carolina at Chapel Hill in 1983. From there I went to work for USAir. My first position there was in the Budget Department as a Financial Analyst. I managed about half of the company's budget, including fuel, space rental, landing fees, marketing, and G&A fees. From there I moved into Supervisory position in Accounting where I ensured that our cash accounts were balanced. I was then promoted to the Treasury Department where I managed the daily debt payments and investment allocations. I was also responsible for creating daily, weekly, and monthly cash flows in this position.

In 1989, I moved to the Pittsburgh office and took responsibility for fiscal affairs for the Reservations Division, ultimately becoming the Controller of the Division. In 1995 I became the Director of Administration for the Reservations Division. In this position I was responsible for all of our facilities, the staffing of these facilities, and for managing all associated costs.

After getting married in 1997, I returned to Virginia and began work in Alexandria at a Health Care consulting company called PAREXEL. I started there as the Project Controller for the largest Osteoporosis clinical trial in history. Shortly after that project ended I took over operational responsibility of the office. This responsibility included among other things, budgeting, forecasting, pricing, and high level sales presentations.

In 2004, a subsidiary of Wellpoint asked me to set up a similar operation for them in Delaware. This gave me an opportunity to build a department from scratch - a job I relished. After successfully building the department, I returned to Alexandria 2 years later to spend more time with my family. I have since worked as a consultant and project manager for large financial companies - the 2 most recent being VISA and Freddie Mac.

As you can see, I have a very strong finance background which I believe would prove beneficial for this committee. I am eager to use my knowledge and experience to help my hometown during these difficult financial times.
