 COMMUNITY OFFICE

Dear Ms. Mendenhall:

On behalf of the Board of Directors and staff of Alexandria Neighborhood Health Services, Inc. (ANHSI) I would like to confirm our nomination of Gene Kendall, Jr., President of the Board, to represent ANHSI on the Public Health Advisory Commission. Mr. Kendall has been a Board member for three years and President for a year and a half. He knows well the challenges faced by health care safety net providers and by the growing number of Alexandria residents who have no health insurance and few resources. He also understands ANHSI's role as one of many organizations collaborating to improve the health of Alexandrians.

I believe he would represent ANHSI well and would offer important insights into the public health challenges facing Alexandria today.

Sincerely,

Kristin Langlykke
