**Staff Recommendation:** APPROVAL subject to compliance with all applicable codes and ordinances and the recommended permit conditions found in Section III of this report.

**Staff Reviewers:** Nathan Randall nathan.randall@alexandriava.gov

**PLANNING COMMISSION ACTION, NOVEMBER 5, 2009:** On a motion by Mr. Dunn, seconded by Ms. Fossum, the Planning Commission voted to recommend approval of the request, with amendments to those conditions requested in the applicant’s letter to Planning Commission and agreed to by staff (Conditions #6, #13, #17 and #19), with the addition of staff comment C-12, and subject to compliance with all applicable codes, ordinances, and staff recommendations. The motion carried on a vote of 6 to 0, with Mr. Wagner absent.

**Reason:** The Planning Commission agreed with the staff analysis. It declined to change the conditions regarding delivery vehicles and off-premise single beer sales, agreeing with staff that those proposals raise issues for this and other restaurants. Staff had indicated the Police Department’s strong opposition to eliminating the single sales provision. As to the use of existing loading zones for delivery vehicles, staff indicated its willingness to study the issue so as to determine whether loading zones would be available for other restaurants.

**Speakers:**
Cathy Puskar, representing the applicant, spoke in support of the request. She stated that the restaurant would be a good use for this block. She requested amendments to Conditions #6, 7, 8, 13, 17, and 19 as noted in her letter to Planning Commission. While acknowledging staff’s agreement with most changes, she asked for consideration of two changes not agreed to by staff: permitting the future administrative review of vehicle delivery service using loading zones and permitting single-sales of beer.

Charles Lindsay, neighboring business owner, spoke in support of the request.

Charlotte Hall, Vice President of the Potomac Riverboat Company, spoke in favor of the request, noting the proposed restaurant’s good reputation and the need to occupy a currently vacant storefront.

Poul Hertel, representing the Old Town Civic Association, spoke in opposition to the request. He stated that the Master Plan policies for Old Town should be put into proper perspective in order to address how businesses affect residential areas.
I. DISCUSSION

REQUEST

The applicant, Paradise OT, LLC d/b/a Pizzeria Paradiso, requests special use permit approval for the operation of a restaurant located at 118 King Street.

SITE DESCRIPTION

The subject property is one lot of record with approximately 87 feet of frontage on King Street, approximately 116 feet of depth and a total lot area of 10,046 square feet. The site is developed with a two-story commercial building.

This location is the former site of an arcade with various shops known as the Small Mall. The current building on the site was constructed in 2001. The previous tenant of the space was the Discovery Store, which closed in August 2007.

The surrounding area is occupied by a mix of restaurant, office and retail uses. Immediately to the north is Landini’s Restaurant. To the south is an office building and residences beyond it. To the east is the Paper Source stationary store and to the west is a gift shop.

PROPOSAL

The applicant proposes to operate a gourmet pizza and Italian restaurant at 118 King Street. The restaurant will occupy approximately 3,378 square feet of space on the first floor of the building. It will contain 122 indoor seats and may apply under a separate application for outdoor seats through the King Street Outdoor Dining Program. The restaurant will offer customers table service, bar service, and carry-out. On and off-premises alcohol service is proposed.

Hours: 11:00am – 1:00am, seven days/week

Number of seats: 102 dining seats
20 bar seats
122 indoor seats

Type of Service: Table service, bar service, carry-out

Customers: Approximately 500 per day

Alcohol: On and off-premises alcohol is proposed

Entertainment: No live entertainment is proposed
Delivery: No delivery service is proposed

Noise: Noise levels will be in compliance with City Noise Ordinance

Trash/Litter: Trash will be collected three days/week. Employees will monitor the vicinity for litter.

PARKING

The subject property is located within the Central Business District (CBD). According to Section 8-300(B) of the Zoning Ordinance, restaurants located within the CBD are exempt from parking requirements.

BOARD OF ARCHITECTURAL REVIEW

The location of the proposed restaurant is within the boundaries of the Old and Historic Alexandria District and is under the jurisdiction of the Old & Historic Alexandria Board of Architectural Review (BAR). All exterior changes to the building that are visible from the public right-of-way will require the applicant to obtain approval from the Old and Historic Board of Architectural Review. Such exterior changes include, but are not limited to: the proposed signage, awnings, and lighting, and any new or replacement signage, lighting, window replacement, fencing, kitchen exhaust and/or new HVAC vents or fixtures, or other alterations visible from a public right-of-way.

ZONING/MASTER PLAN DESIGNATION

The subject property is located in the KR/King Street Retail Zone. Section 4-503(W) of the Zoning Ordinance allows a restaurant in the KR zone only with a special use permit.

The proposed use is consistent with the Old Town Small Area Plan chapter of the Master Plan which designates the property for commercial use.

II. STAFF ANALYSIS

Staff is recommending approval of the proposed restaurant, even though staff has concerns about the large number of restaurant seats on lower King Street and the fact that the restaurant will replace what had been a retail space. On balance, however, staff finds that the addition of a mid-price pizza restaurant will contribute to the mix of uses in the area, enhance an active street-life in the vicinity and fill a vacant space in a highly prominent storefront in Old Town.

In reaching its conclusion staff has analyzed the restaurant proposal for conformance with both the Old Town Restaurant Policy and the King Street Retail Strategy. Those documents are policy statements adopted by Council which emphasize how critical it is for the City to have active, economically healthy commercial district on and near King Street, and the importance of
maintaining an appropriate balance between the significant residential areas of Old Town and that commercial area. The Retail Strategy discusses restaurants and entertainment venues as key components of an active, vibrant area on King Street. The Old Town Restaurant Policy advises that restaurants should be analyzed regarding the following factors: the impact of the restaurant on parking in the adjacent neighborhood, late night hours, predominance of alcohol, litter, and diversity of uses.

*Diversity of Uses*

In this particular case, the proposed restaurant will replace space formerly used by the Discovery Store, a retail use. Arguably, the change reduces the important retail/restaurant mix and affects the diversity of uses in the area. However, staff notes that the retail store is not closing as a result of the restaurant proposal and in fact the space has been vacant for over two years. Further, although the 100 block of King Street includes a high number of restaurant seats, a survey of uses currently operating on the 100, 200, and 300 blocks of King Street reveals 13 restaurants, 23 retail shops, and four other uses (institutional, personal service, etc.) If approved, the proposal would bring the total number of restaurants in this section of King Street to 14. Retail shops and other uses would still predominate. The proposal is for an upscale pizza restaurant which has a successful track record in the region. The mid-price dining option will mix well with a series of higher priced restaurants in the area, and will enhance the active pedestrian experience identified as critical in the King Street Retail Strategy.

*Parking*

The proposed 122-seat restaurant has the potential to create parking impacts in the nearby residential neighborhood. However, off-street parking exists in public garages in the immediate vicinity to accommodate patrons, many of whom will already be in the area as workers and visitors. Furthermore, staff notes that the 122 seat addition is a relatively small increment when compared to the many seats located in the 100 block of King Street. Parking options for customers of almost half of those seats are being offered as part of the Landini’s valet parking application. Regarding this particular restaurant, staff has included a condition requiring the applicant to participate in an organized parking program formed as a result of suggested parking strategies in the King Street Retail Strategy.

*Late Hours and Alcohol*

The restaurant proposes to stay open until 1:00am daily, which is similar to other restaurants in the Old Town area, including The Fish Market, the yet-to-open private club at Landini’s Restaurant, and O’Connell’s. Several grandfathered restaurants on King Street are open until 1:00am or later as well.

The applicant proposes both on-premises and off-premises alcohol service at the restaurant. Regarding the on-premises alcohol service, staff believes that the proposal is reasonable. The number of bar stools proposed for the restaurant is low and no live entertainment is proposed. Staff believes these points generally support the applicant’s statement in the application that alcohol consumption is not expected to predominate over food consumption.

Staff does not object to the restaurant offering off-premises alcohol service, but has included a condition limiting such sales only to customers picking up a take-out order. Staff believes this
condition will help to maintain a relatively low ratio of alcohol consumption to food consumption, ensuring consistency with the Old Town Restaurant Policy, and will also prevent the restaurant from becoming a destination for off-premises alcohol sales.

Litter and Streetscape
Although restaurants generally have the potential to create litter, staff believes that standard conditions contained in Section III of this report sufficiently address any litter concerns.

Staff recommends in Condition #20 that the applicant contribute $500 to the SUP Streetscape Improvement Fund for the purchase of street trees and trash cans. As a new business, this recommended condition is consistent with City Council policy adopted in June 2009.

On balance, staff supports the proposal for an additional restaurant, as being consistent with both the Old Town Restaurant Policy and the King Street Retail Strategy. Subject to the conditions contained in Section III of this report, staff recommends approval of the Special Use Permit request.

3. Narrative Description

Paradise OT, LLC, d/b/a Pizzeria Paradiso (the "Applicant") is requesting an SUP in order to establish Pizzeria Paradiso, a gourmet pizza restaurant, at 118 King Street. This site was most recently occupied by the Discovery Store which closed in August 2007. The owner has been marketing the space since that date and is excited about the prospective tenant who currently operates a restaurant in one of their D.C. properties. The Applicant intends to retain the existing building facade, and redesign the interior to accommodate the proposed restaurant.

Ruth Gresser, sole proprietor of Pizzeria Paradiso, currently has two restaurants operating in the District of Columbia, one in Dupont Circle and one in Georgetown, and looks forward opening a third location in Old Town Alexandria. Pizzeria Paradiso was created to serve the kind of pizza which Gresser knew was missing from the D.C. area, the kind of pizza where the crust is the most important part. Pizzeria Paradiso cooks its gourmet pizza in wood-burning, domed, stone ovens to create the perfect crust. The oven is located at the heart of the restaurant as another part of Gesser's vision was to make people feel as though they were dining in the warmth and comfort of close friend's home. In addition to an array of gourmet pizza sections, Pizzeria Paradiso's menu includes Panini sandwiches, salads, antipasto and Italian style desserts. Please see a copy of the Pizzeria Paradiso menu attached.

There are a maximum of 122 restaurant seats proposed. A total of sixty-five restaurant employees are proposed, with approximately sixteen employees working per shift. The Applicant requests hours of operation from 11:00 AM to 1:00 AM Monday through Sunday. Pizzeria Paradiso provides full wait staff service to patrons dining in the restaurant and offers carry-out order for those who wish to pick up their orders. Interior alterations to the building are proposed and the Applicant will be filing a separate application for a Certificate of Appropriateness from the BAR for any proposed exterior lighting, signage, awnings, etc.

Pursuant to Zoning Ordinance Section 8-300(C), because the restaurant is located within the Central Business District, no off-street parking is required for this use. However, adequate street parking is provided within proximity to the restaurant as there are several public parking opportunities within a few blocks, including the garages in the 100 blocks of N. Union and N. Fairfax Streets. It is anticipated that most customers will be nearby residents, office workers, and visitors to the City who will arrive at the restaurant on foot.
As indicated above, the proposed restaurant will be going into an existing commercial space and does not propose any expansion to the building. In addition, the restaurant use does not require off-street parking and is not proposing any new curb cuts or access to the site. Thus, the Applicant respectfully requests a waiver of the site plan requirement in connection with this SUP application. Please see a detailed interior floor plan for the restaurant layout attached.

Pizzeria Paradiso will offer a new choice for casual gourmet dining within the City’s Old and Historic District while furthering the goals and vision of the King Street Retail Strategy. The Applicant looks forward to creating a people-oriented, vibrant and pedestrian friendly restaurant at 118 King Street and to becoming an involved member of the local community.

RE: Docket Item #8—SUP 2009-0052 for Pizzeria Paradiso

Dear Chairman Komoroske and Members of the Planning Commission:

On behalf of the Applicant, Paradise OT, LLC, I respectfully request the following revisions to the conditions for the above-referenced application:

• Condition #6:

  No delivery service shall be available from the restaurant. (P&Z) Delivery on-foot, scooter or by bicycle is permitted. Delivery service by vehicle may be approved by the Director of Planning and Zoning subject to the Applicant providing evidence of dedicated off-street parking or adequate loading zone for delivery vehicles.

It is my understanding that staff is in agreement with the proposed condition language except for the "or adequate loading zone for delivery vehicles" language which they continue to discuss as of the date of this letter. The Applicant would like the proposed language approved in its entirety. In this instance, given the location of the restaurant, to require a dedicated off-street parking space for delivery vehicles would not be practical as the parking would necessarily be located in a garage remote from the site. However, there are a number of existing loading zones in proximity to the site that are intended to be utilized for such a purpose. As such, if the Applicant can provide evidence of an adequate loading zone, they should be able to have delivery by vehicle.
• **Condition #7 and Police F-1 (1):**

> On and off-premises alcohol sales may be permitted. Beer or wine coolers may be sold only in 4 packs, 6 packs or bottles of more than 40 fluid ounces. Wine may be sold only in bottles of at least 750 ml or 25.4 ounces. Fortified wine (wine with an alcohol content of 14% or more by volume) may not be sold. (P&Z) (Police)

The proposed use is a family style restaurant, not a quick service convenience store. Given the proposed use and the fact that the conditions for the restaurant require take-out alcohol purchases to be in conjunction with a food purchase, this use can be distinguished from a quick service convenience store where no food purchase is required and where such a condition might be reasonable to mitigate certain negative impacts. As the craft beer industry continues to grow rapidly, as it has been over the past few years, more and more restaurants are offering high quality craft beers as a key component of their menu offerings. Craft beers are often sold in sizes less than 4.0 oz. It is reasonable to expect that if a patron can go to the restaurant and drink a single, two or three beers, that a patron would be able to do the same for off premises consumption, especially given that an accompanying food purchase is required.

• **Condition #8:**

> On and off-premises alcohol sales may be permitted. Alcohol sold for off-premises consumption is limited to sales in conjunction with a take-out order of food. (P&Z) (Police)

The proposed revision takes acceptable language from condition 7 and merges it into one condition with the existing language for condition 8.

• **Condition #13 and T&ES R-7:**

> The applicant shall require its employees who drive to use off-street parking and/or provide employees who use mass transit with subsidized bus and rail fare media. The applicant shall also post DASH and Metrobus schedules on-site for employees. (P&Z) (T&ES)

It is my understanding that staff is in agreement with the proposed revision.

• **Condition #17 and T&ES R-3:**

> The applicant shall control cooking odors, smoke and any other air pollution from operations at the site and prevent them from leaving the property or becoming a nuisance to neighboring properties, as determined by the Department of
Transportation and Environmental Services. Operation of a woodburning stove in compliance with applicable ordinances shall not be deemed a nuisance. (T&ES)

It is my understanding that staff is in agreement with the proposed revision.

- **Condition #19 and T&ES R-6:**

  Litter on the site and on public rights-of-way and spaces adjacent to or within 75 feet of the premise along the applicant’s frontage shall be picked up at least twice a day and at the close of business, and/or, or more often if necessary, to prevent an unsightly or unsanitary accumulation, on each day that the business is open to the public. (T&ES)

  It is my understanding that staff is in agreement with the proposed revision.

  It is also my understanding that Code Administration is adding a code requirement to the report that states "Woodburning appliances (and associated venting) must be listed and labeled by a nationally recognized testing agency, and installed and operated in accordance with the manufacturer’s installation instructions." The Applicant acknowledges this additional requirement.

  Thank you for your attention to this matter.

Very truly yours,

WALSH, COLUCCI, LUBELEY, EMRICH & WALSH, P.C.

RE: King Street Retail and Restaurant Retention and Attraction Efforts

SUP #2009-0052- Pizzeria Paradiso and
SUP #2009-0051- Red Rocks Napoletana

One of the most important components of Alexandria’s economic sustainability effort is retaining and attracting restaurants and retail that capture a greater share of resident and visitor spending. City Council recognized efforts in this area as a priority in the FY2010 budget by awarding contingent reserve funding to the economic development partners, the Alexandria Economic Development Partnership (AEDP), the Alexandria Convention and Visitors Association (ACVA) and the Small Business Development Center (SBDC).

AEDP works diligently to promote opportunities for new businesses in the various retail districts within the City. Over recent months, following the release of Bob Gibbs’ King Street Retail report, the district has received a great deal of attention. The area is the City’s main retail corridor, and host to millions of residents and visitors each year. Changes in vacancies and retail sales directly impact the City’s economic health.

The retail and restaurant efforts underway represent one of the most pressing economic development needs in the City and are designed to enhance commercial activities, supporting and increasing the commercial tax base. City Council funded this particular program as it has the potential to return the greatest short-term benefits to the City while addressing the long-term priorities identified in the Economic Sustainability Work Group recommendations.

Specifically the Work Group recommended:

"The City should expand its focus on retail expansion as part of the economic development equation so that retail spending is a new import and not a net export."

31
The two Special Use Permits under consideration tonight, Pizzeria Paradiso and Red Rocks Napoletana, represent two new businesses ready to invest in the City of Alexandria. Both businesses have shown not only a willingness to make an investment in this challenging economy but a commitment to working with the community and City staff. The City should embrace and support these businesses.

Pizzeria Paradiso will fill a storefront at 118 King Street that has been vacant for years. No sales tax, meals tax or BPOL taxes have been collected from this site during this period. It also represents the last vacancy in the 100-block of King Street, arguably the most visible and visited area of our City. Red Rocks Napoletana will replace a carry-out business with a full-service sit down restaurant. Both will represent a significant increase in taxes contributed to the City.

The approval of both of these local restaurants’ SUP requests answer various recommendations made in the Bob Gibbs’ Report:

Many business and property owners stated that Old Town could support numerous additional retailers and restaurants, but that community pressure and City policy is suppressing growth.

Residential and employee focus groups requested that more affordable family-type restaurants be added on King Street, especially leading national chains that offer moderate prices.

Dining is one of King Street’s strengths and a unifier for the historic district’s various users, providing a special place where visitors and locals can meet. The restaurants also contribute to Old Town’s nightlife and provide a needed amenity for the office and hospitality markets.

GPG’s [Gibbs] research finds that King Street can support up to 58,000 sf of additional restaurants in 2009, growing to 82,000 sf by 2013. This growth could represent 10-20 new restaurants or significant increases in sales for existing businesses.

Approval of these SUP’s will send a positive signal to others considering locating in vacant retail space in the area and furthers our efforts to attract quality retail and restaurants of distinction. The City and its partners continue to work on many initiatives which add activity, visibility and vibrancy to Old Town, but these efforts will be fruitless without investment from the retail and restaurant community, as exhibited in the applications you will consider tonight.

We hope that this information is helpful as you consider these applications, and we are prepared to answer any additional questions.

Dear Mayor Euille and members of Council:

We are writing to support Pizzeria Paradiso's application to operate a restaurant at 118 King Street (the Discovery Store building). We understand that it will offer both eat-in and carryout service, accommodating 122 patrons on site.

From our perspective, this operation is an all-around winner for Old Town:

-- Its two Washington restaurants have a good reputation and its pizza has garnered rave reviews.
-- It will revive a venue that has been vacant for over two years. In today's economic climate, that is a godsend.
-- It will offer a mid-price dining choice not only for visitors but also for those who work and live in the vicinity.

With these pluses in mind, please approve this application.

Sincerely

yours,

Joanne Platt

Dear Mr. Mayor and City Council Members,

I am writing to express my support for valet parking at Landini Brothers (and other restaurants for that matter) and for welcoming Pizza Paradiso to Old Town. I understand both issues are up for consideration at this Saturday's City Council meeting. Unfortunately, I can't attend the meeting to express my support publically, but I am spreading the word through my social networking outlets in hopes that you will receive a positive message from our citizens that will help you vote YES!

Your yes vote will send a message of support for small business, and will certainly enhance the quality and reputation of Old Town.

Thank you!

RE: Docket Item #13—SUP 2009-0052 for Pizzeria Paradiso

Dear Mayor Euille and Members of the City Council:

On behalf of the Applicant, Paradise OT, LLC, I respectfully request that you approve the above-referenced application with conditions as amended by the Planning Commission with the following revisions:

- **Condition #6:**

  No delivery service shall be available from the restaurant. (P&Z) Delivery on-foot, scooter or by bicycle is permitted. Delivery service by vehicle may be approved by the Director of Planning and Zoning subject to the Applicant providing evidence of dedicated off-street parking or adequate loading zone for delivery vehicles. The use, adequacy and other limitations of a nearby loading zone for delivery service vehicles will be subject to a determination by the Directors of Planning and Zoning and Transportation and Environmental Services that there are sufficient existing, available, well-located zones for use by Old Town restaurants desiring delivery service.

  It is my understanding that staff is in agreement with the proposed condition language.

- **Condition #7 and Police F-1 (1):**

  On and off premises alcohol sales may be permitted. Beer or wine coolers may be sold only in 4 packs, 6 packs or bottles of more than 40 fluid ounces. Wine may be sold only in bottles of at least 750 ml or 25.4 ounces. Fortified wine (wine with an alcohol content of 14% or more by volume) may not be sold. (P&Z) (Police)
The proposed use is a family style restaurant, not a quick service convenience store. Given the proposed use and the fact that the conditions for the restaurant require take-out alcohol purchases to be in conjunction with a food purchase, this use can be distinguished from a quick service convenience store where no food purchase is required and where such a condition might be reasonable to mitigate certain negative impacts. As the craft beer industry continues to grow rapidly, as it has been over the past few years, more and more restaurants are offering high quality craft beers as a key component of their menu offerings. Craft beers are often sold in sizes less than 40 oz. It is reasonable to expect that if a patron can go to the restaurant and drink a single, two or three beers, that a patron would be able to do the same for off premises consumption, especially given that an accompanying food purchase is required.

- **Condition #8:**

  On and off-premises alcohol sales may be permitted. Alcohol sold for off-premises consumption is limited to sales in conjunction with a take-out order of food. (P&Z) (Police)

The proposed revision takes acceptable language from condition 7 and merges it into one condition with the existing language for condition 8.

Thank you for your attention to this matter.

(A copy of the Planning Commission report dated November 21, 2009 is on file in the Office of the City Clerk and Clerk of Council, marked Exhibit No. 1 of Item No. 13; 11/21/09, and is incorporated as part of this record by reference.)

Planner Randall and Ms. Ross made a presentation of the report and responded to questions of City Council.

The following persons participated in the public hearing on this item:

(a) M. Catherine Puskar, 2200 Clarendon Blvd., Suite 1300, Arlington, attorney representing the applicant, spoke in favor of the request and spoke to the off premises sales of single beers and requested that the applicant be allowed to have single sales of beer and asked Council to eliminate condition 7 and revise condition 8 to say "on and off-premises alcohol sales may be permitted. Alcohol sold for off-premises consumption is limited to sales in conjunction with the take-out order of food."

(b) Poul Hertel, 1217 Michigan Court, president, Old Town Civic Association, spoke about the Small Area Plan and the restaurant policy, which speaks about parking
and retaining a mix of restaurants and shops, and the loss of the retailer in the location is a concern and they would like the staff reports and applications to address that directly, as many applicants say "not applicable" when it comes to the application of the parking impact. He said they would like more adherence to the Small Area Plan and restaurant policy. He spoke of the need for a comprehensive study to ensure it is not a first-come, first-serve but that it serves public purpose and the public purpose dictates that the amendments and changes to it ought to be put in place. Mr. Hertel said they need to retain the residential retail restaurant mix that works for the community.

(c) Amy Slack, 2307 E. Randolph Avenue, spoke in support of the Police Department's recommendation that single sales not be allowed for this establishment, and if Council wants to make a change, it should not do it on an ad-hoc basis but that it go through a public process to allow the entire community to look at it.

- Euille "aye"
- Hughes "aye"

The use, adequacy and other limitations of a nearby loading zone for delivery service vehicles will be subject to a determination by the Directors of Planning and Zoning and Transportation and Environmental Services that there are sufficient existing, available, well-located zones for use by Old Town restaurants desiring delivery service." Council asked staff to use whatever process is appropriate to review the issue of single sales for restaurants and other uses, to look at it City-wide, and after the study of single sales prohibition, if new language or approach comes up, it can be applied to this application. The voting was as follows:
