City of Alexandria, Virginia

MEMORANDUM

DATE: JANUARY 24, 2011

TO: THE HONORABLE MAYOR AND MEMBERS OF CITY COUNCIL

FROM: JAMES K. HARTMANN, CITY MANAGER

SUBJECT: RECOMMENDATIONS AND STATUS REPORT (NO. 1) ON LEGISLATION INTRODUCED AT THE 2011 GENERAL ASSEMBLY SESSION

ISSUE: Recommendations and status report (No. 1) on legislation introduced at the 2011 General Assembly Session.

RECOMMENDATION: That City Council:

(1) Approve the legislative positions included in Attachment 1 (Recommended Positions on Bills of Importance to the City), as recommended by City Council’s Legislative Subcommittee (Vice Mayor Donley and Councilman Smedberg); and

(2) Approve the positions on budget issues included in Attachment 2 (Recommended Positions on Budget Issues of Importance to the City), as also recommended by City Council’s Legislative Subcommittee.

DISCUSSION: The 2011 General Assembly Session began on January 12 and is scheduled to adjourn on February 26. The deadline for introduction of legislation was Friday, January 21.1 As of that day, at least 1,872 bills and 397 resolutions had been introduced (it is possible that additional bills and resolutions were introduced but have not yet appeared on the State’s Legislative Information System).

City Package The following are bills from the City's legislative package that the City asked members of the City’s delegation to introduce (Attachment 3 is a status report on “City Package” bills):

- HB 1677 sought to increase the maximum fine from $500 to $750 in order to discourage drivers from illegally using other persons’ handicapped parking placards. The bill was

---

1There are some exceptions to this rule (e.g., bills can be introduced by unanimous consent or at the request of the governor), but relatively few bills are introduced after the deadline.
considered in a Subcommittee of the House Transportation Committee. Subcommittee members felt the current $500 fine should be sufficient to discourage illegal use of the placards, and voted to defeat the bill.

- HB 1815 was introduced jointly by Delegates David Englin and Patrick Hope (Arlington). It would have increased the state tax on cigarettes (now $0.30 per pack) to $1.45 per pack. The additional revenue that would have been produced would have been used for programs to discourage smoking by minors and others, and to pay for additional services for those who are mentally ill or intellectually disabled. The bill was defeated in the tax-averse House Finance Committee.

- House Bill 2045 proposes to expand the definition of blighted property to include any residential structure (i) for which a building permit was not obtained or the building permit has been revoked or has expired in accordance with the Uniform Statewide Building Code and (ii) which endangers the public’s health, safety, or welfare. If the legislation is approved, it will give the City an additional tool to use with property owners who begin new buildings but leave them unfinished, creating safety problems for those who live near them.

- The Meals on Wheels Association of America expressed concern prior to Session that the Commonwealth of Virginia was diverting funds from federal appropriations given to the Commonwealth to provide nutrition assistance to seniors. Vice Mayor Donley recommended that the delegation propose a budget amendment to require Virginia to use a greater portion of nutrition funds to purchase meals. After meeting with the State’s Commissioner of Aging, who explained that any funds diverted from the actual purchase of meals are used for related supportive services (e.g., to take seniors to day centers where meals are provided), staff recommended, and the Legislative Subcommittee concurred, that the City not pursue this budget amendment.

- Several bills have been introduced to allow early or unrestricted absentee voting, as requested by the City. As in the past, the House of Delegates is rejecting all these measures. Any Senate proposals are likely to pass the Senate, but are likely to be killed in the House.

- Measures have been introduced in the House to restrict access to higher education by undocumented persons. The City’s position is to oppose such legislation, unless it includes safeguards like those proposed by Governor Warner in 2003. Action has not been taken on any of this legislation.

- Constitutional amendments have been proposed in both the House and Senate to provide by general law for the restoration of civil rights for persons who have been convicted of nonviolent felonies, but completed their sentence, probation, and parole. Action has yet to be taken on these bills in committee.
• Legislation to require the State to construct any new buildings according to “green” standards is awaiting action by the Senate.

• Legislation that would prohibit discrimination against State employees has been introduced in both the House and the Senate, but no action has been taken on it.

• Legislation to lower the interest rate that may be charged on car title and payday loans has been defeated in the Senate. If such legislation passes the House, it is expected to be rejected by the Senate.

• Bills have been introduced that would reduce revenues from the BPOL and Machinery and Tools taxes. No action has been taken on these, and Council’s Legislative Subcommittee has recommended that the City oppose them (they are included in Attachment 1).

**Transportation** Bills have been introduced in both houses dealing with transportation governance, primarily in Northern Virginia, and transportation funding.

Delegate David Albo, with the endorsement of Governor McDonnell, introduced legislation (HB 2016) to combine the Northern Virginia Transportation Authority (NVTA), the Northern Virginia Transportation Commission (NVTC), and the Potomac and Rappahannock Transportation Commission (PRTC). These three entities have very different duties and responsibilities, and serve different geographic regions. NVTA, NVTC, and PRTC have all taken positions in opposition to the merger. Council’s Legislative Subcommittee has also recommended that the City oppose the Albo bill.

A number of bills have been introduced to increase the gas tax or convert it to a sales tax. None of these is expected to be approved by the House of Delegates. House Bill 1604 proposes to tax some out-of-state corporate income that is not yet taxed. This bill has not yet been considered by the tax-averse House Finance Committee.

The Governor has proposed a transportation funding package with two main components: selling bonds to pay for transportation capital improvements, and directing a portion of the state sales tax to transportation projects in Northern Virginia and Hampton Roads, the two most congested areas of the State. Council’s Legislative Subcommittee has recommended that the City oppose any legislation that would redirect general fund appropriations away from general fund programs, such as education and mental health, and into transportation. In addition, the City’s 2011 Legislative Package already states that “any new transportation funding must not be taken from traditional core service funding programs, such as education and public safety.”

The Governor has said that his transportation funding program will support 900 projects statewide. All of the Alexandria projects on this list have been previously approved, and virtually all of them are related to the Woodrow Wilson Bridge project.
**BRAC Budget Amendments** Delegates Herring and Ebbin have introduced budget amendments for traffic improvements related to BRAC-133. Delegate Herring’s would provide $17 million for the short and mid-term improvements (turn lanes, through lane improvements in the area around Mark Center) that have been approved by the City. Delegate Ebbin asked for funding to begin the environmental studies needed for transit improvements (streetcar or otherwise) that will be needed in the area (an ongoing transitway study is expected to identify the preferred means of transit along the Beauregard corridor to serve BRAC-133).

**State Budget** Like the City of Alexandria, the Commonwealth’s revenue is slowly improving. For the 2011 Session, few reductions in aid to localities were proposed by the Governor. Nonetheless, reductions that were proposed will be detrimental to City programs if they are accepted by the General Assembly. Attachment 2 includes positions recommended by the Legislative Subcommittee on several of the Governor’s proposals and related budget issues.

The House and Senate Finance Committees will make their budget recommendations on February 6, and will spend the remainder of Session negotiating their differences. An approved budget bill will likely be one of the last measures that come out of the Session. Staff will continue to report on budget in future General Assembly Updates.

**Virginia Retirement System (VRS)** Major changes have been proposed again this Session to the Virginia Retirement System. The 2010 Session passed legislation that would allow local governments to require new employees to pay a portion of their retirement contributions (Council chose to require employees hired on or after July 1, 2010, to pay four percent of their salary into VRS). In his budget amendments, the Governor has proposed letting local governments and school boards require existing employees pay five percent of their salary into VRS, as long as the local government or school board provides a salary increase of at least three percent. Other proposals relating to VRS propose the creation of defined contribution plans (VRS is currently a defined benefit plan). Council’s Legislative Subcommittee will review the various VRS bills at its January 28 meeting, after additional information on the VRS proposals becomes available.

**ABC Privatization** The Governor’s long-awaited legislation to privatize ABC stores (SB 1417) was introduced into the Senate last week (Delegate Bob Brink also introduced it in the House—HB2456—but not on behalf of the Governor). The bill seeks to take the State out of operation of retail liquor stores (although the State would continue to operate a warehouse for the wholesale purchase of liquor). If the legislation is passed, licenses will be auctioned to as many as 1,000 retail operators (Alexandria could have almost 20 stores selling liquor). The bill has been assigned to the Senate Committee on Rehabilitation and Social Services, and will likely be considered by that committee on January 28 or February 4. The House bill has not been assigned to Committee.

**Redistricting** Following the receipt of 2010 census data at the end of the regular Session, the General Assembly will begin redistricting the House and Senate. All seats of both bodies will be up for election in this November. Because of the delays resulting from redistricting, the usual June primaries will likely be held on August 23 or September 13.

The bill provides that the Commissioner of the Department of Motor Vehicles shall calculate the percentage rate in an amount that will most closely yield the amount of cents per gallon being charged on the applicable motor fuel prior to the effective date of the bill.
Thereafter, the percentage rates would not change, but would be applied against the average price per gallon of the fuel, less federal and state taxes, as determined by the Commissioner of the Department of Motor Vehicles over rolling six-month periods, to determine the cents to be charged.

The bill also authorizes courts to issue protective orders that prohibit acts of assault and removes the requirement that bodily injury against an alleged victim be serious in order for a court to issue a protective order against the alleged perpetrator. Expanding the behavior for which a protective order may be issued implicates crimes for which a violation of a protective order is an element of the offense (e.g., trespass).

Budget Amendments Recommended for Support by City Council’s Legislative Subcommittee
January 24 2011

1. The Governor’s introduced budget amendments propose to change local match rates for the Comprehensive Services Act (CSA). City staff estimates that the proposed changes will cost the City approximately $350,000 annually, beginning in FY2012. Budget amendments have been introduced to reject this proposal. Council’s Legislative Subcommittee recommends that the City support the amendment to reject the Governor’s proposal.

2. The Line of Duty Act provides benefits for public safety employees who have been killed, or wounded and unable to work, in the line of duty. This is a state-initiated program that has always been funded by the State. The 2010 Session included language in the approved budget that will transfer the cost to localities. The City expects the annual fiscal impact to be in excess of $600,000. Budget amendments have been proposed to require the State to continue to pay for this program. Council’s Legislative Subcommittee recommends that the City support the budget amendments to require the continuation of State funding for Line of Duty.

3. HB 599 local law enforcement funding is supposed to be determined by a formula in the State Code that is linked to growth in the State general fund. The current budget does not fund the program at the level specified in the Code, and budget amendments have been submitted to increase HB 599 funding. Council’s Legislative Subcommittee recommends that the City support these amendments.

4. The General Assembly balanced the current biennial budget in part by requiring localities to reduce some of their funding in programs operated jointly by the State and localities—something referred to by local governments as Local Aid to the State. Statewide, this costs localities $60 million annually; the cost to Alexandria is about $1.3M/year. Budget amendments seek to end the Local Aid to the State program. Council’s Legislative Subcommittee recommends that the City support these amendments.

5. The State has reduced the administrative funds that are provided to local social services programs. As a result, localities have had to absorb these costs. Budget amendments propose to restore these State reductions. Council’s Legislative Subcommittee recommends that the City support these amendments.

6. Traditionally, the State has paid a portion of the cost to provide liability insurance for constitutional officers. The Governor’s 2011 budget amendments propose to shift these costs entirely to local governments. Council’s Legislative Subcommittee recommends that the City oppose these amendments.

7. Project Discovery is a drop-out prevention program that seeks to promote education among economically disadvantaged students, and prepare them for college (these students are usually the first in their family to attend college). The State provides nearly $700,000 to 25 local programs statewide, including one in Alexandria. House members have proposed the elimination of this funding. Council’s Legislative Subcommittee recommends that the City oppose these amendments.
