DATE: FEBRUARY 12, 2012

TO: THE HONORABLE MAYOR AND MEMBERS OF CITY COUNCIL

FROM: RASHAD M. YOUNG, CITY MANAGER

SUBJECT: RECOMMENDATIONS AND STATUS REPORT (NO. 2) ON LEGISLATION INTRODUCED AT THE 2012 GENERAL ASSEMBLY SESSION

**ISSUE**: Recommendations and status report (No. 2) on legislation introduced at the 2012 General Assembly Session.

**RECOMMENDATION**: That City Council approve the legislative positions included in Attachment 1 (Recommended Positions on Bills of Importance to the City), as recommended by City Council’s Legislative Subcommittee (Vice Mayor Donley and Councilman Smedberg).

**DISCUSSION**: The 2012 General Assembly Session has now passed the halfway mark. Beginning Wednesday, February 15, the House may consider only Senate bills, and the Senate may consider only House bills. Committee action must be completed on all bills by Monday, March 5, and adjournment is scheduled for March 10.

**City Package**. The following are bills from the City’s legislative package that the City asked members of the City’s delegation to introduce or support (Attachment 2 is a status report on “City Package” bills):

- A number of bills were introduced in both the House and the Senate to change state law regarding the opening day of school. As noted in previous memoranda, no school system can open prior to Labor Day unless it has been given a waiver by the State Board of Education. The 2012 legislation (including Senator Ebbin’s SB 257) would allow each local school board to determine the opening day of school. The Senate legislation was defeated in the Senate Education and Health Committee by a vote of 9-6. The House passed its own bill, which is now before the Senate Education and Health Committee. At least two members of that Committee will have to reverse their earlier votes for the House bill (HB 1063) to go to the Senate floor.

- HB 144 and SB 261, introduced by Delegate Englin and Senator Ebbin, seek to create a grant program to improve preschool programs, using unused moneys that have been appropriated to the Virginia Preschool Initiative. Grants would be awarded by the State pursuant to a competitive process. HB 144 was defeated by the Appropriations Committee last
week. SB 261 has been approved by the Senate Education and Health, and Finance Committees, subject to approval of funding for it.

- HB 894 and SB 493 are identical bills that direct the State Corporation Commission to evaluate potential energy saving and conservation projects based on the total energy savings and return on investment they create for the entire state. The House and Senate have approved their respective bills.

- SB 263 (Ebbin), which would have prohibited discrimination against public employees based on sexual orientation, was defeated.

- HB 1099 (Delegate Herring) would amend the Virginia Human Rights Act to prohibit discriminatory actions with respect to hiring or the terms and conditions of employment; and prohibit the various types of employment discrimination, including age discrimination, for any employer with five or more employees. The bill has been passed by in favor of a similar bill (HB 1033), which includes only the age discrimination provision.

- HB 1027 would allow two or more localities to enact a new 2.1 percent motor fuels tax to pay for the construction and operation of one or more high capacity transit lines. HJ 146 and SJ 52 ask the Commonwealth Transportation Board to make high capacity transit a priority for funding by the Commonwealth. All of these bills have been defeated.

- Budget amendments have been introduced to increase funding for the Aids Drug Assistance Program (ADAP); to pay for psychiatric beds at the Northern Virginia Mental Health Institute that are needed for persons with mental health emergencies; for CSB pilot programs that will offer a full array of Crisis Stabilization services for children undergoing acute crises; and for psychiatric services for children. No action will be taken on budget amendments until February 19.

Attachment 3 is a status report on other bills on which the City has taken a position.

**State Budget.** The House Appropriations and Senate Finance Committees will make their budget recommendations on February 19; staff will provide preliminary information on the proposals shortly thereafter. At this time, staff has no additional information on the budget.

**Eminent Domain.** Legislation has been approved by House and Senate committees to continue the effort to amend Virginia’s Constitution with respect to eminent domain (this is step 2 of a 3-step process that began with legislation enacted last year and will end, if not halted this Session, with a November voter referendum on the proposed amendment). The bills propose an amendment to the Virginia Constitution, and also seek to define what is meant by “lost profits” and “lost access” as cited in the proposed constitutional amendment. These measures will be debated on the House and Senate floors early this week.
Regional Transportation Governance. Bills that were introduced in both houses on behalf of the Governor to combine the Northern Virginia Transportation Authority (NVTA) and the Northern Virginia Transportation Commission (NVTC) have been substantially modified. Both measures proposed major governmental reorganizations, of which the NVTA/NVTC merger was but a small part. Northern Virginia localities, including Alexandria, have opposed similar proposals in the past.

The Senate bill has been amended to eliminate the merger language. The House bill was amended on February 9 to include language that would not effect this merger, but would require NVTA to provide recommendations to the House and Senate on:

- The consolidation of NVTA, NVTC, and NVRC (the Northern Virginia Regional Commission) into one or two bodies; and

- The advantages and disadvantages of including a sub-regional Metropolitan Planning Organization (MPO) as a part of a consolidated transportation and planning organization (the Council of Governments serves and will continue to serve as the MPO for the entire Washington Metropolitan area).

The language that has been incorporated into the House bill is included as Attachment 4.

Legislation (HB 601) to set qualifications and requirements for persons appointed to the WMATA Board has passed the House and is now before the Senate Committee on Local Government.

Transportation Funding. As expected, the House of Delegates has defeated any of the measures it considered that would have addressed the continuing lack of sufficient transportation revenue by increasing or indexing the gas tax or converting it to a sales tax. The Senate Finance Committee, on the other hand, has approved a bill (SB 631) to index the gasoline tax, using the annual percentage increase in the cost of highway construction materials to determine the tax rate increase (or decrease).

The more significant transportation funding package this Session was introduced on behalf of the Governor. It included a number of controversial components, including the transfer of general fund revenues into the Transportation Trust Fund; the sale of naming rights for transportation infrastructure; the allocation of up to $500 million annually by the Commonwealth Transportation Board, bypassing existing funding formulas; and requirements for approval by the State of local transportation plans and Comprehensive Plans. The House Appropriations Committee has approved a rewrite (HB 1248) with relatively slight revisions to the proposal from the Governor.

The Senate Finance Committee has approved a revised bill (SB 639) that is substantially different. It removes all of the controversial provisions. It indexes the motor fuels tax (as also provided in SB 631, described above); allows localities to use VDOT revenue sharing money for
maintenance (it can now be used only for construction and reconstruction); and reduces from two
years to one the time a locality has to begin spending revenue-sharing funds once awarded.

The Senate bill also amends a Code provision that has been on the books for over twenty years,
but has never been used. This provision allows certain localities (including those in Northern
Virginia) to charge an income tax of up to one percent to help pay for “transportation purposes,”
following a referendum. The amendment to this law eliminates a 5-year sunset provision which
prevented the use of this revenue to sell and repay bonds. Even with the repeal of this sunset
provision, however, it is questionable whether any locality will make use of this option. The
House and Senate bills will be debated on the floor of each house this week. Given the
substantial differences between the two, the bills are likely to end up in a conference committee
that will try to craft a compromise before Session ends.

Attachment 5 is a table comparing the introduced bill, the amended House version, and the
amended Senate version.

**Primary Election Schedule.** The State Constitution required the General Assembly to
reconfigure State House and Senate districts, as well as the State’s eleven congressional districts,
in 2011. The General Assembly completed its redistricting of General Assembly districts as
required under the law, but failed to agree on the eleven congressional district boundaries; the
Republican-controlled House wanted one version, and the Democratic-controlled Senate,
another. When the Republicans took control of both the House and Senate this Session, they
quickly passed the House-favored plan—but they missed the 2011 deadline.

The 2012 Congressional redistricting legislation has now been submitted to the U.S. Justice
Department for preclearance under the Voting Rights Act. When the Justice Department will
approve (or not approve) the plan is unknown. In addition, a State court challenge has been
filed, alleging that the plan is invalid, since the General Assembly missed the 2011 constitutional
deadline. This suit seeks to have the courts draw up the congressional district boundaries. The
date for the court to rule on this case (which would then be subject to appeal) is also unknown.

Because of this uncertainty about congressional district boundaries, legislation (HB 736) is
making its way through the General Assembly to move the date for the state primary for all
offices save the presidency (the primary for this is March 6) from June 12 to August 7. The
legislation does have a contingency clause, saying it will not take effect if Justice Department
pre-clearance occurs by April 3. The bill passed the House unanimously and is now before the
Senate.

**Virginia Retirement System (VRS).** The General Assembly has now focused on four bills
proposing significant changes to the Virginia Retirement System.

- SB 497 would require all local government and school employees to pay the five percent
  employee contribution to VRS. It would also require the employer to give a salary
  increase of at least the same amount. School boards may choose to phase in the
employee contribution over a 5-year period for employees who were hired prior to July 1, 2012.

- SB 498 would create a new optional hybrid retirement plan, including defined benefit and defined contribution components. Beginning January 1, 2014, all new VRS-covered employees (except for certain hazardous duty employees and judges) would be required to join this plan. Employees hired before this date would have to decide by April 30, 2012, whether to switch their membership from the current defined benefit plan to the new hybrid plan. The hybrid plan requires an employee contribution of 4 percent for the defined benefit component, and an employer rate that would be determined actuarially. The pension benefit would be based on a multiplier of 1 percent, so this benefit would be significantly lower than under the current defined benefit plan. For the defined contribution component, employees would have to contribute at least one percent and could contribute up to 5 percent. The employer would be required to match the first 1 percent, and would have a graduated match rate for employee contributions above that (to a 3.5 percent maximum).

This bill would also require the General Assembly to fund the contribution rates set by the VRS Board, unless a supermajority vote determines otherwise.

- HB 1129 proposes major changes to the current defined benefit plan for Pre-2010 (Plan A) employees, including a lengthier period of time (60 months, versus the current 36 months) for calculation of average final pay; a cap on cost of living adjustments at 3 percent annually, except for current members who are within 5 years of normal retirement; and, for new hires after January 1, 2013, a reduction in the multiplier (the percentage of average salary multiplied by years of service to determine retirement benefits) from 1.7 to 1.6.

- HB 1130 creates a new optional hybrid retirement plan. It includes defined benefit and defined contribution components for most state employees. The plan will not be available to local employees or teachers.

These House measures will be considered by the full House and the Senate measures by the full Senate over the next few days. Staff will continue to report on VRS legislation in future updates.

HB 26 Concealed handgun permits; failure to produce upon demand of a law-enforcement officer, penalty.
Patrons: Cole and Poindexter
Summary as introduced:
Failure to carry concealed handgun permit; penalty. Provides that failure to produce, upon demand of a law-enforcement officer, a concealed handgun permit and a government-issued photo identification while carrying a concealed handgun is punishable by a $25 civil penalty. A court may waive this penalty if the person presents a valid concealed handgun permit and government-issued photo identification to the court. The bill also introduces an affirmative defense of having a valid concealed handgun permit to a charge of violating the concealed weapons statute.

HB 422 Transportation; additional funding by imposing and increasing certain taxes.
Patrons: Watts, Rust, Brink, Kory, Plum, Scott, J.M., Sickles and Surovell; Senator: Favola
Summary as introduced:
Transportation funding and administration. Provides additional funding for transportation by (i) imposing a motor fuels sales tax rate of four percent, phased in over four years, for highway maintenance; (ii) increasing the state sales tax in Northern Virginia by 0.5 percent for transportation projects in Northern Virginia; and (iii) adding an additional recordation tax in Northern Virginia at a rate of $0.40 per $100 valuation. The motor fuels tax is not effective until the unemployment rate in the Commonwealth decreases for four consecutive quarters after July 1, 2011. The bill also reduces the sales and use tax rate on food for human consumption from 1.5 percent to one percent, and repeals the authority for certain localities to impose a local income tax. In addition, the bill removes the sunset date from the 2009 Act of Assembly that reduced the special real property tax rate on commercial property in the localities embraced by the Northern Virginia Transportation Authority from $0.25 per $100 of assessed value to $0.125 per $100 of assessed value. Finally, the bill increases the special real property tax rate on commercial property in localities in Hampton Roads from $0.10 per $100 of assessed value to $0.125 per $100 of assessed value.

HB 477 Interstate Highway System; allocation of funds for maintenance.
Patrons: Albo and Bulova
Summary as introduced:
Highway maintenance funds. Provides that when allocating funds for the interstate system of
highways, the primary system of state highways, the secondary system of state highways, city
and town street maintenance payments, and the payments made to counties that have withdrawn
or elect to withdraw from the secondary system maintained by the Commonwealth, the Commonwealth Transportation Board shall consider achieving a minimal level of disparity among highway construction districts, city and town streets, and those counties that have withdrawn from the secondary system of highways. It also provides that the Board shall release for public review a comparison of the proposed allocation of funds by highway construction district with the allocation of such based entirely on asset management methodology. The bill replaces funding based on a per-lane-mile rate for counties that withdraw with funding based solely on asset management methodology. It replaces maintenance payments based on annual growth to cities and towns with payments based on asset management methodology.

HB 1060 Citizenship of arrestee; arresting officer to ascertain.
Summary as introduced:
Arresting officer to ascertain citizenship of arrestee. Supplements the existing law that requires sheriffs to make a query into legal presence when a person is "taken into custody" at a jail. This bill expands such inquiries by requiring inquiries of everyone arrested, independent of whether they were taken into custody at a jail, and requires that an arresting officer inquire of every arrestee whether he (i) was born in a country other than the United States and (ii) is a citizen of a country other than the United States. The bill further provides that when a warrantless arrest is made and the law-enforcement officer finds probable cause to believe that the person is not legally present in the United States, he shall communicate to the judicial officer the facts and circumstances underlying his belief. If the judicial officer concurs in the determination of the officer and finds probable cause to believe that the person will not appear for trial or hearing, the judicial officer may refuse to admit the person to bail.

HB 1248 Transportation; provides for construction, operation, maintenance, and funding, report.
Patrons: Lingamfelter, Rust, Cole, Albo and Cox, M.K.
Summary as introduced:
Transportation construction, operation and maintenance, and funding. Provides for the construction, maintenance, and funding of transportation by (i) creating transportation construction districts and the Transportation Improvement District Fund to identify, construct, and fund certain transportation projects, including the authority to issue revenue bonds; (ii) creating the Virginia Toll Road Authority to fund transportation projects through tolls and other charges, (iii) increasing the dedicated transportation allocation of the sales and use tax from 0.5 percent to 0.75 percent, phased in over eight years, with the additional revenue dedicated for highway maintenance and operation, (iv) increasing transportation's share of year-end surpluses to 75 percent, (v) dedicating a portion of revenue growth each year to transportation, and (vi) requiring localities to create transportation plans as part of comprehensive planning.
The bill also authorizes the Commonwealth Transportation Board (CTB) to name highways, bridges, interchanges, and other transportation facilities for private entities if an annual naming rights fee is paid, with the revenue dedicated to highway maintenance and operation. The bill also charges the CTB with greater responsibilities involving integration of land use and transportation planning and authorizes the CTB to withhold federal and state funds for certain local or regional capital improvement projects if those projects are inconsistent with the
Statewide Transportation Plan or the Six-Year Improvement Program. Provision is made for use of "revenue-sharing" funds for secondary highway system maintenance projects carried out by local governments. The bill also provides for special allocations by the CTB for bridge reconstruction, high priority highway projects, and reconstruction of highways with particularly deteriorated pavements. It also provides for the performance of maintenance projects directly by VDOT when it can be demonstrated to the Commissioner or the CTB that VDOT can do it at lesser cost than an outside contractor.

SJ 5 Constitutional amendment; contributions to defined benefit retirement plan maintained for employees.
Patron: Howell
Summary as introduced:
Constitutional amendment (first resolution); contributions to defined benefit retirement plans maintained for employees. Requires that contributions to defined benefit retirement plans that are maintained for state employees and employees of participating political subdivisions and school divisions be made in strict adherence with contribution rates and times for the payment of the contributions as recommended by the Board of Trustees of the Virginia Retirement System (VRS).

Under the resolution, for the six fiscal years beginning on and after July 1, 2014, the General Assembly could make contributions at a rate that is less than the VRS recommended contribution rate without any deferred contributions being recognized so long as the contributions are at least equal to certain minimum amounts. In addition, for fiscal years beginning on or after July 1, 2020, the General Assembly could provide for the deferral of all or any portion of such contributions for any fiscal year in which the maximum amount is appropriated from the Revenue Stabilization Fund by a separate vote of a majority of all the members voting in each house. All contributions deferred would be required to be repaid within 10 years at an annual interest rate equal to the current actuarially calculated long-term rate of return as determined by
VRS. The resolution also requires that retirement contributions deferred in 2010 be repaid by June 30, 2022.

The resolution also specifies how certain other factors and variables used in setting contribution rates are to be determined.

HB 312 Electric and natural gas utilities; energy efficiency programs.
Patron: Ware, R.L.
Summary as introduced: Utility energy efficiency programs. Provides that an energy efficiency program proposed by an electric utility is in the public interest if the net present value of the benefits exceeds the net present value of the costs as determined by any three of four benefit cost tests. The four tests to be considered are the Total Resource Cost Test, the Utility Cost Test (also referred to as the Program Administrator Test), the Participant Test, and the Ratepayer Impact Measure Test. An electric utility's energy efficiency program may be deemed to be in the public interest if it provides measurable and verifiable energy savings to low-income customers or
elderly customers. The current standard for what constitutes a cost-effective conservation and energy efficiency program conducted by a natural gas utility is revised to conform to these new provisions for electric utilities. Finally, the measure expands the definition of "energy efficiency program" with regard to electric utilities to include customer engagement programs that result in measurable and verifiable energy savings that lead to efficient use patterns and practices.

HB 1099 Employment discrimination; circumstances creating an individual cause of action.
Patron: Herring
Summary as introduced: Employment discrimination; liability. Expands the circumstances creating an individual cause of action regarding employment discrimination by employers with more than five but fewer than 15 employees. Currently, discharging an employee on the basis of race, national origin, sex, and other status is actionable; the measure adds that the failure or refusal to hire or other discrimination against an individual on such a basis is actionable, and prohibits discrimination based on sexual orientation. Currently, discrimination against employees 40 years old or older is actionable if the employer has fewer than 15 employees; this measure increases the maximum to 20 employees. The measure adds that demonstrated compliance by an employer with any federal law or regulation is an affirmative defense to any claim. 01/11/12 House: Referred to Committee on General Laws

HJ 3 Constitutional amendment; taking or damaging of private property for public use.
Patrons: Bell, Robert B., Byron, Cole, Head, Helsel, Hodges, Landes, O'Bannon, Ramadan, Scott, E.T., Ware, R.L. and Wilt
Summary as introduced: Constitutional amendment; eminent domain. Revises the eminent domain provisions of the Virginia Constitution. An existing provision authorizing the General Assembly to define what constitutes a public use is removed. The proposed amendment provides that private property can be taken or damaged only for a public use, only with just compensation to the owner, and only so much taken as is necessary for the public use. Just compensation must equal or exceed the value of the property taken, lost profits and lost access, and damages to the residue caused by the taking. A public service company, public service corporation, or railroad exercises the power of eminent domain for public use when such exercise is for the authorized provision of utility, common carrier, or railroad services. In all other cases, a taking or damaging of private property is not for public use if the primary use is for private gain, private benefit, private enterprise, increasing jobs, increasing tax revenue, or economic development, except for the elimination of a public nuisance existing on the property. The condemnor bears the burden of proving that the use is public, without a presumption that it is.

SB 493 Electric and natural gas utilities; energy efficiency programs.
Patrons: Watkins and Puckett
Summary as introduced: Utility energy efficiency programs. Provides that an energy efficiency program proposed by an electric utility is in the public interest if the net present value of the benefits exceeds the net present value of the costs as determined by any three of four benefit cost tests. The four tests to be considered are the Total Resource Cost Test, the Utility Cost Test (also referred to as the Program Administrator Test), the Participant Test, and the Ratepayer Impact Measure Test. An electric utility's energy efficiency program may be deemed to be in the public interest if it provides measurable and verifiable energy savings to low-income customers or elderly customers. Finally, the measure expands the definition of "energy efficiency program" with regard to electric utilities to include customer engagement programs that result in measurable and verifiable energy savings that lead to efficient use patterns and practices.

HB 475 Involuntary commitment; criteria for ordering mandatory outpatient treatment.
Patron: Albo
Summary as introduced:
Involuntary commitment; mandatory outpatient treatment. Alters the criteria for ordering a person to mandatory outpatient treatment, replacing the requirements that the person has the capacity to understand and comply with the treatment, has expressed an interest in outpatient treatment, and has agreed to comply with the treatment with a requirement that the person, if left untreated, is reasonably likely to meet the criteria for involuntary commitment and whose mental illness has caused the person to refuse treatment on more than one previous occasion. The bill also eliminates the requirement that the treating physician determine that the person has the
capacity to understand and comply with the treatment, has expressed an interest in outpatient
treatment, and has agreed to comply with the treatment before discharging a person for a period
of mandatory outpatient treatment following involuntary commitment. The bill also provides that
the duration of mandatory outpatient treatment following involuntary commitment shall not
exceed 90 days, unless the order is continued. The bill also eliminates the requirement that
providers of mandatory outpatient treatment services must have actually agreed to deliver such
services before mandatory outpatient treatment may be ordered. The bill also eliminates certain
types of evidence that the judge or special justice was required to consider before ordering
involuntary commitment. The bill also provides that mandatory outpatient treatment shall be
provided in the least restrictive appropriate manner and that treatment with anti-psychotic
medication does not include the use of force or restraint in administering such medication.

SB 162 Fuels taxes; indexing of tax rates.
Patron: Petersen
Summary as introduced:
Fuels taxes; indexing of tax rates. Increases or decreases each year the rates of Virginia's fuels taxes using a fuel efficiency index. The bill would define the fuel efficiency index as the quotient that is obtained when using as the numerator the total annual vehicle miles traveled in the Commonwealth for the relevant year and using as the denominator the total gallons of motor fuel consumed for highway use in the Commonwealth for the relevant year. The numerator and denominator would be the corresponding amounts as published by the Federal Highway Administration of the United States Department of Transportation. The bill would establish 2007 as the base year for the fuel efficiency index. Thus, the percentage change in the fuel efficiency index between the current year and 2007, the base year, would determine the annual percentage
increase or decrease in the rates of Virginia's fuels taxes. Each December the Commissioner of the Department of Motor Vehicles would compute the adjusted rates of fuels taxes. Currently, Virginia's fuels taxes are fixed at the rate of $0.175 per gallon.

**SB 244 Primary elections; adds party affiliation to information an applicant to provide when registering.**
Patron: Obenshain
Summary as introduced:
Primary elections; voter registration by political party. Adds party affiliation to the information that an applicant is asked to provide when registering to vote. The applicant may indicate that he is an independent. The bill requires the State Board of Elections, in September 2012, to notify all registered voters of the new party registration law and send them a return card to indicate their party affiliation or independent status. Voters may change their party affiliation or independent status by written notice at any time before the registration records are closed in advance of an election. The state party chairman must notify the State Board by January 31 of each year whether the party will close or open its primaries. Further, the bill (i) adds a requirement that primary candidate petitions must be signed by voters registered as members of the party conducting the primary, (ii) sets the required number of petition signatures at one percent of the number of voters registered as members of the party in the election district where the primary is being held, and (iii) allows an official political party to retain that status so long as at least 15 percent of the Commonwealth's registered voters are registered as members of that party.

Alternative Proposal for Consolidation of Northern Virginia Transportation and/or Planning Agencies
DRAFT: February 9, 2012

To facilitate an effective consolidation and streamlining of transportation planning and policy making in Northern Virginia, the Northern Virginia Transportation Authority is directed to combine Northern Virginia transportation and planning agencies, including, but not limited to, the Northern Virginia Transportation Authority, the Northern Virginia Transportation Commission and the Northern Virginia Regional Commission, or if not practical, combine these three into two.

In addition, the Northern Virginia Transportation Authority shall consider the advantages and disadvantages of including sub-regional Metropolitan Planning Organization functions as part of a consolidated transportation and planning agency.

In developing these recommendations, the Northern Virginia Transportation Authority will involve affected local governments, the Secretary of Transportation, the Commissioner of Highways, the Director of the Department of Rail and Public Transportation and, as appropriate, the Federal Highway Administration and the Federal Transit Administration and all other stakeholders deemed necessary.

The Northern Virginia Transportation Authority is directed to address the complex legal and financial realities associated with various combinations to avoid unintended consequences and maximize the benefits of reform. This effort must also develop recommendations for addressing governance, membership, voting, geography and oversight. The Northern Virginia Transportation Authority shall provide specific recommendations to the Chairmen of the House and Senate Committees on Transportation by December 1, 2012, on the establishment of such a body.
