Supplemental Appropriations Ordinance  
 Listing of Fiscal Year 2012 Appropriations from General Fund Balance  
 April 2012

<b>Department</b>	<b>Description</b>	<b>Appropriation</b>
Cash Capital	During the FY 2013 budget presentation on February 14, 2012, the City Manager informed City Council of an estimated \$7.5 million in FY 2012 revenue surplus that would be generated from higher than anticipated real estate tax revenues and identified \$835,000 in one-time funding initiatives, including \$300,000 For Waterfront Small Area Plan recommended study of Union Street traffic congestion. The study needs to start this Spring in FY 2012 in order to capture peak traffic period data, which occurs at that time on Union Street.	\$300,000
Human Resources	The appropriation will enable the City to begin a City-wide ethics initiative. The initiative is funded in FY 2013. By appropriating FY 2012 surplus revenue, the ethics initiative will begin in FY 2012.	\$25,000
Community and Human Services	As noted in the memorandum to City Council on February 23, 2012, the amount needed to fund the request to Healthy Families that was not provided in the FY 2012 add-delete process is \$56,607, which is being funded from FY 2012 revenue surplus.	\$56,607
Transportation and Environmental Services	The Waste to Energy Plant Trust Fund, which will terminate its existence in FY 2013, currently has a shortfall of \$785,715. Alexandria's obligation to eliminate the shortfall is 40%, or \$471,429. (Arlington County's share is 60%.) Revenues from the refuse fee will be used to restore the reduction in fund balance in FY 2013.	\$471,429
Police	City Council designated \$1 million of fund balance to address unbudgeted costs associated with the Washington Headquarters Service building. In the fall, City Council appropriated approximately \$18,000 to pay for Police overtime, as well as \$175,000 to TES for traffic signs, signals, pavement markings and traffic counters. Since October 2011, the Police Department has incurred an additional \$132,355 in overtime costs managing traffic flow in that area. There remains a designation of \$674,645 for future BRAC-133 costs.	\$132,355
Non-Departmental	On June 25, 2011, City Council declared 325 Duke Street a blighted property and a nuisance and approved the completion of the repairs to be a City responsibility. Costs were estimated to be approximately \$25,000. In the fall reappropriation ordinance in November 2011, City Council appropriated \$16,980 for costs incurred through October 2011. The appropriation of \$10,000 will cover additional costs incurred through March 2012. Cost recovery will be pursued through a lien on the property.	\$10,000
