Speakers:

Don Buch, 389 Livermore Lane, expressed concern that staff's recommendations to prohibit two-way traffic along the rear access road were not sufficient.

 **SUP #2012-0016** **5/1/2012** 

I. DISCUSSION

The applicant, Jamboree Jumps LLC, requests Special Use Permit approval for an amusement enterprise at 615 South Pickett Street.

SITE DESCRIPTION

The subject site is an industrial/flex space located on the same property as the Van Dorn Station Shopping Center. The property is one lot of record with approximately 315 feet of frontage on South Van Dorn Street, an average length of 720 feet, and a total lot area of 219,000 square feet (5.02 acres). The property may be accessed from South Van Dorn Street, from Edsall Road through the adjacent supermarket parking lot, and from South Pickett Street via a rear access road.

The site is surrounded by commercial and industrial uses, including restaurants and retail businesses located elsewhere in the shopping center, a Giant supermarket to the north, and several industrial warehouses to the south and east. The Landmark Gateway mixed-use redevelopment has been approved for the site immediately to the south at the corner of South Van Dorn and South Pickett Streets.

BACKGROUND

The Van Dorn Station Shopping Center received site plan approval in 1988 (SIT88-0036). The subject tenant space was used most recently as a Comcast office.

PROPOSAL

The applicant proposes to operate a children's amusement center with inflatable amusements, obstacle courses, and slides. The applicant expects to receive a significant portion of his business from birthday parties, although individuals will also be welcome if the space is not committed. For parties, a maximum of three groups of children will move through the two amusement rooms at different times and complete their visit with food and dessert in one of two function/meeting rooms. Up to 75 children, plus some adults, are expected to be present at the site at any one time. The meeting rooms will also be available for events such as corporate team-building exercises for all ages. The applicant expects to offer a small number of food items, such as popcorn, ice cream and candy, at an accessory snack bar, but the vast majority of food consumed on the premises will be brought to the facility either by parents or caterers. Additional elements of the applicant's proposal are as follows:

Hours of Operation: 10 a.m. – 6 p.m. Monday – Thursday
 10 a.m. – 9 p.m. Friday - Sunday

- Number of Attendees: Up to 75 children, plus adults, at any one time
- Number of Employees: Up to 10 employees at any one time
- Food Service: Accessory on-site snack bar will offer popcorn, ice cream and candy. Otherwise all food is catered or otherwise brought to the site by participants.
- Alcohol: No alcohol will be allowed on the premises
- Live Entertainment: No live entertainment will be offered (aside from kiddie amusement rides)
- Noise: Low noise levels are expected
- Trash/Litter: Food waste, wrappers and other trash will be stored in on-site dumpster and collected twice each week or as contracted by property owner

ZONING/MASTER PLAN DESIGNATION

The subject property is located in the CG / Commercial General zone. Section 4-403(A) of the Zoning Ordinance allows an amusement enterprise in the CG zone only with a Special Use Permit.

The Landmark/Van Dorn Corridor Plan, approved as part of the Landmark/Van Dorn Small Area Plan in June 2009, envisions residential/retail mixed-use redevelopment on this property and in the immediate vicinity.

PARKING

According to Section 8-200(A)(13) of the Zoning Ordinance, an amusement enterprise use requires one off-street parking space for every 200 square feet of space. An amusement enterprise business with 6,000 square feet of space is therefore required to provide 30 off-street parking spaces. The applicant has negotiated with the landlord for the dedicated use of 30 parking spaces in the 90-space surface parking lot immediately in front of the building.

II. STAFF ANALYSIS

Staff does not object to the applicant's request to operate an amusement enterprise in this location. The proposal is essentially an interim use of this warehouse site given the likelihood of redevelopment here and in the Landmark-Van Dorn area generally. It appears to be a reasonable use for the neighborhood and is part of a larger shopping center not currently adjacent to residences. Staff believes that the use will retain its compatibility upon completion of the mixed-use Landmark Gateway project next-door, particularly given that it is geared primarily toward children and does not include late-night hours, live entertainment, or alcohol.

Staff held a meeting with Cameron Station Civic Association (CSCA) representatives and the applicant to discuss the application generally and three specific matters of concern: insufficient parking for the use, the one-way status and site distances of the rear access road from the parking lot to South Pickett Street, and the possibility of teenagers loitering at the business. Staff has reviewed each of these concerns and taken steps to address them.

Parking

Although the applicant meets its parking requirement, CSCA expressed concern that additional parking beyond the zoning requirement would be needed as a practical matter to account for circumstances such as overlapping birthday parties. Staff had similar concerns and discussed them with the applicant. In response to staff's request, the applicant reports that it has been unable to obtain any more than the required 30 spaces.

Staff believes that the provision of parking for the use is nonetheless adequate for two reasons. First, parking demand is reduced here given the likelihood that many parents will bring more than one child or will simply drop-off their children for events. Second, some future uses in the now-vacant tenant spaces nearby, such as warehouses or offices, are unlikely to fill the parking lot, particularly during the applicant's expected peak hours on evenings and weekends, leaving more parking spaces for the use.

To help reduce parking demand, staff has included special condition language in this report to require the applicant to encourage carpooling by reminding customers to carpool at the time reservations are made or confirmed and by posting reminders on its website and in printed advertising materials (Condition #18).

Rear Access Road

Staff shares the CSCA's concern regarding the narrow width of the access road located between the rear parking lot and South Pickett Street. Although the road is already signed for one-way inbound traffic only, a stronger prohibition and better signage is needed to prevent vehicles from exiting the site via the access road, thereby potentially slowing traffic and creating unsafe conditions. Staff has included Condition #8 in this report to require the applicant to prohibit customer vehicles from traveling the wrong way on the access road and to install adequate signage, such as a "Do Not Enter" sign at the intersection of the access road and the parking lot or other suitable location. Customers will still be able to enter the shopping center site using the rear access road and exit the site using South Van Dorn Street or Edsall Road. The inclusion of this condition also addresses CSCA's concerns regarding poor sight distances for vehicles

turning onto South Pickett Street since vehicles will prohibiting from exiting the shopping center using the rear access road. Staff has discussed the requirements of Condition #8 with the applicant and his leasing agent and they are fully agreeable.

Loitering

In response to concerns expressed about teenage loitering at the site, staff has also included condition language requiring the applicant to hire security personnel to the satisfaction of the Director if it is deemed necessary in the future (Condition #9). The condition has been specifically crafted to allow a degree of flexibility to staff to either require (or later suspend) the provision of security personnel depending on its practical necessity. The applicant has also agreed to this special condition.

In conclusion, staff believes that the proposal is reasonable and appropriate for this location. It recommends approval of the request subject to the conditions contained in Section III of this report.

III. RECOMMENDED CONDITIONS

Staff recommends **approval** subject to compliance with all applicable codes and ordinances and the following conditions:

1. The Special Use Permit shall be granted to the applicant only or to any corporation in which the applicant has a controlling interest. (P&Z)
2. The maximum number of attendees at the site at any one time shall be 75. This condition may be amended by the Director of Planning & Zoning subject to the provision of additional off-street parking to the satisfaction of the Director. (P&Z)
3. The hours of operation at the business shall be limited to between 10 a.m. and 6 p.m. Monday through Thursday and between 10 a.m. and 9 p.m. Friday through Sunday. (P&Z)
4. The applicant shall post the hours of operation at the entrance of the business. (P&Z)
5. The on-site snack bar must remain accessory to the overall amusement enterprise use as determined by the Director of Planning & Zoning. The snack bar may not operate when the amusement enterprise use is closed and may not have a separate entrance. (P&Z)
6. No live entertainment shall be allowed at the amusement enterprise. (P&Z)
7. No alcohol consumption shall be permitted at the amusement enterprise. (P&Z)

8. **CONDITION AMENDED BY PLANNING COMMISSION:** The applicant shall prohibit amusement center customers from using the existing one-way rear access road in a ~~westerly~~ easterly direction from the rear parking area to South Pickett Street and shall, in cooperation with the property owner, install “Do Not Enter” or similar signage at the property to the satisfaction of the Director of Planning & Zoning. (P&Z) (PC)
9. The applicant shall provide security personnel at the business to the satisfaction of the Director of Planning & Zoning if, at any time, the Director determines such security is necessary. (P&Z)
10. The applicant shall conduct employee training sessions on an ongoing basis, including as part of any employee orientation, to discuss all SUP provisions and requirements. (P&Z)
11. Kitchen equipment shall not be cleaned outside, nor shall any cooking residue be washed into the streets, alleys or storm sewers. (T&ES)
12. The applicant shall control cooking odors, smoke and any other air pollution from operations at the site and prevent them from leaving the property or becoming a nuisance to neighboring properties, as determined by the Department of Transportation & Environmental Services. (T&ES)
13. All loudspeakers shall be prohibited from the exterior of the building, and no amplified sounds shall be audible at the property line. (T&ES)
14. Supply deliveries, loading, and unloading activities shall not occur between the hours of 11:00pm and 7:00am. (T&ES)
15. Litter on the site and on public rights-of-way and spaces adjacent to or within 75 feet of the premises shall be picked up at least twice a day and at the close of business, and more often if necessary, to prevent an unsightly or unsanitary accumulation, on each day that the business is open to the public. (T&ES)
16. All waste products including but not limited to organic compounds (solvents), shall be disposed of in accordance with all local, state and federal ordinances or regulations and not be discharged to the sanitary or storm sewers or be discharged onto the ground. (T&ES)
17. The applicant shall require its employees who drive to use off-street parking and/or provide employees who use mass transit with subsidized bus and rail fare media. The applicant shall also post DASH and Metrobus schedules on-site for employees. (T&ES)
18. The applicant shall encourage its customers to carpool to and from the site by posting carpooling information on its website and in any printed materials, and recommending carpooling to customers when reservations are made or confirmed. (P&Z)

19. The applicant shall provide a menu or list of foods to be handled at this facility to the Health Department prior to opening. (Health)
20. The applicant shall contact the Community Relations Unit of the Alexandria Police Department at 703-746-1920 regarding a security survey for the business and a robbery readiness program for all employees. (Police)
21. The Director of Planning and Zoning shall review the Special Use Permit after it has been operational for one year, and shall docket the matter for consideration by the Planning Commission and City Council if: (a) there have been documented violations of the permit conditions which were not corrected immediately, constitute repeat violations or which create a direct and immediate adverse zoning impact on the surrounding community; (b) the Director has received a request from any person to docket the permit for review as the result of a complaint that rises to the level of a violation of the permit conditions, or (c) the Director has determined that there are problems with the operation of the use and that new or revised conditions are needed. (P&Z)

STAFF: Barbara Ross, Deputy Director, Department of Planning and Zoning;
Nathan Randall, Urban Planner.

Staff Note: In accordance with Section 11-506(C) of the Zoning Ordinance, construction or operation shall be commenced and diligently and substantially pursued within 18 months of the date of granting of a Special Use Permit by City Council or the Special Use Permit shall become void.
