

City of Alexandria, Virginia

MEMORANDUM

DATE: JUNE 21, 2012

TO: THE HONORABLE MAYOR AND MEMBERS OF CITY COUNCIL

FROM: RASHAD M. YOUNG, CITY MANAGER 

SUBJECT: CONSIDERATION OF THE ALEXANDRIA COMMUNITY SERVICES BOARD'S FY 2013 PERFORMANCE CONTRACT WITH THE STATE

ISSUE: City Council consideration of the Alexandria Community Services Board's (Board's) FY 2013 Performance Contract with the Virginia Department of Behavioral Health and Developmental Services.

RECOMMENDATION: That City Council approve the Board's Performance Contract with the State and an increase of 0.25 FTEs to be fully supported by redirecting \$18,010 from non-personnel to personnel.

BACKGROUND: State Code requires Community Services Boards to prepare an annual Performance Contract and have this Contract approved by the local governing body. The Performance Contract, an annual agreement with the State that serves as the primary accountability and funding mechanism for the relationship between the Board and the State, specifies funding levels for State and federal funds that are disbursed through the State and sets service and reporting requirements for the Board.

The Performance Contract includes revenue, expenditure, and staffing levels that are consistent with the Board programs included in the City's Approved FY 2013 Budget for the Department of Community and Human Services.

DISCUSSION: Subsequent to Council's approval of the FY 2013 budget, the Board recommended redirecting \$18,010 from contractual services to increase a 0.75 FTE Adult Intellectual Disability Case Manager to full-time. Funds would be reallocated from contracted residential services, which are projected to have decreased costs in FY 2013 due to two fewer individuals requiring local funds for residential placements. The recent Department of Justice agreement reached with the Commonwealth of Virginia places a greater emphasis on case management at the Community Services Boards. The increased hours will allow the Board to be in compliance with the new mandates that increase contact with individuals and assist with transitioning 23 Alexandrians from State Training Facilities. The current staffing in the adult ID Case Management Unit is not sufficient to address the added mandates from the Department of Justice Agreement.

The Board approved the FY 2013 Performance Contract at its June 7, 2012 meeting.

FISCAL IMPACT: Approving the FY 2013 Performance Contract allows the Board to receive \$7.03 million in State and federal revenues from the Virginia Department of Behavioral Health and Disability Services. The increase of 0.25 FTEs will be fully-funded by decreasing non-personnel expenses by a corresponding amount. This change does not require any increase to the City's General Fund contribution.

FY 2013 and FY 2014 Community Services Performance Contract

1. Contract Purpose

- a. Title 37.2 of the Code of Virginia establishes the Virginia Department of Behavioral Health and Developmental Services, hereafter referred to as the Department, to support delivery of publicly funded services and supports to individuals with mental health or substance use disorders or intellectual disability and authorizes the Department to fund community mental health, developmental, and substance abuse services.
- b. Sections 37.2-500 through 37.2-512 of the Code of Virginia require cities and counties to establish community services boards for the purpose of providing local public mental health, developmental, and substance abuse services; §§ 37.2-600 through 37.2-615 authorize certain cities or counties to establish behavioral health authorities that plan and provide those same local public services. In this contract, the community services board, local government department with a policy-advisory community services board, or behavioral health authority named in section 11 of this contract will be referred to as the CSB.
- c. Section 37.2-500 or 37.2-601 of the Code of Virginia states that, in order to provide comprehensive mental health, developmental, and substance abuse services within a continuum of care, the CSB shall function as the single point of entry into publicly funded mental health, developmental, and substance abuse services. The CSB fulfills this function in accordance with State Board Policy 1035 for any person who is located in the CSB's service area and needs mental health, developmental, or substance abuse services.
- d. Sections 37.2-508 and 37.2-608 of the Code of Virginia and State Board Policy 4018 establish this contract as the primary accountability and funding mechanism between the Department and the CSB.
- e. The CSB is applying for the assistance provided under Chapter 5 or 6 of Title 37.2 of the Code of Virginia by submitting this performance contract to the Department in accordance with § 37.2-508 or § 37.2-608 of the Code of Virginia.
- f. This contract establishes requirements and responsibilities for the CSB and the Department that are not established through other means, such as statute or regulation. The CSB Administrative Requirements document, which by agreement of the parties is hereby incorporated into and made a part of this contract by reference, includes or incorporates by reference ongoing statutory, regulatory, policy, and other requirements that are not contained in this contract. This document is available on the Department's web site at www.dbhds.virginia.gov/OCC-default.htm.
- g. The Department and the CSB enter into this contract for the purpose of funding services provided directly or contractually by the CSB in a manner that ensures accountability to the Department and quality of care for individuals receiving services and implements the vision articulated in State Board Policy 1036 of a system of services and supports driven by individuals receiving services that promotes self-determination, empowerment, recovery, resilience, health, and the highest possible level of participation by individuals receiving services in all aspects of community life, including work, school, family, and other meaningful relationships; and the CSB and the Department agree as follows.

2. **Relationship:** The Department functions as the state authority for the public mental health, developmental, and substance abuse services system, and the CSB functions as the local authority for that system. The relationship between and roles and responsibilities of the Department and the CSB are described in the Partnership Agreement between the parties, which by agreement of the parties is hereby incorporated into and made a part of this contract by reference. This contract shall not be construed to establish any employer-employee or principal-agent relationship between employees of the CSB or its board of directors and the Department.

FY 2013 and FY 2014 Community Services Performance Contract

3. **Contract Term:** This contract shall be in effect for a term of two years, commencing on July 1, 2012 and ending on June 30, 2014, if by mutual agreement of both parties pursuant to the provisions of § 37.2-508 of the Code of Virginia it is renewed for an additional fiscal year with the insertion of revised Exhibits A, E, F, G, and H for FY 2014.
4. **Scope of Services**
 - a. **Services:** Exhibit A of this contract includes all mental health, developmental, and substance abuse services provided or contracted by the CSB that are supported by the resources described in section 5 of this contract. Services and certain terms used in this contract are defined in the current Core Services Taxonomy, which by agreement of the parties is hereby incorporated into and made a part of this contract by reference. The taxonomy is on the Department's web site at www.dbhds.virginia.gov/OCC-default.htm.
 - b. **Expenses for Services:** The CSB shall provide to the extent practicable those services that are funded within the revenues and for the expenses set forth in Exhibit A and documented in the CSB's financial management system. The CSB shall distribute its administrative and management expenses across some or all of the three program areas (mental health, developmental, or substance abuse services) and services available outside of a program area on a basis that is auditable and satisfies Generally Accepted Accounting Principles.
 - c. **Continuity of Care:** In order to partially fulfill its responsibility in § 37.2-500 or 37.2-601 of the Code of Virginia and State Board Policy 1035 to function as the single point of entry into publicly funded services in its service area, the CSB shall follow the Continuity of Care Procedures in Appendix A of the CSB Administrative Requirements.
 - 1.) **Coordination of Intellectual Disability Waiver Services:** The CSB shall provide case management services to individuals who are receiving services under the Medicaid Intellectual Disability Home and Community-Based Waiver (ID Waiver). In its capacity as the case manager for these individuals and in order to receive payment for services from the Department of Medical Assistance Services (DMAS), the CSB shall develop individual service authorization requests (ISARs) for Waiver services and submit them to the Department for preauthorization, pursuant to the current DMAS/ DBHDS Interagency Agreement, under which the Department preauthorizes ISARs as a delegated function from the DMAS. As part of its specific case management responsibilities for individuals receiving ID Waiver services, the CSB shall coordinate and monitor the delivery of all services to individuals it serves, including monitoring the receipt of services in an individual's ISAR that are provided by independent vendors who are reimbursed directly by the DMAS, to the extent that the CSB is not prohibited from doing so by such vendors (refer to the DMAS *Intellectual Disability Community Services Manual*). The CSB may raise issues regarding its efforts to coordinate and monitor services provided by independent vendors to the applicable funding or licensing authority, such as the Department, DMAS, or Virginia Department of Social Services. In fulfilling this service coordination responsibility, the CSB shall not restrict or seek to influence an individual's choice among qualified service providers. This prohibition is not intended to restrict the ability of CSB case managers to make recommendations based on their professional judgment to individuals regarding those available service options that best meet the terms of the individuals' ISPs and allow for the most effective coordination of services. This section does not, nor shall it be construed to, make the CSB legally liable for the actions of independent vendors of ID Waiver services who are reimbursed directly by the DMAS.
 - 2.) **Linkages with Health Care:** When it arranges for the care and treatment of individuals in hospitals, inpatient psychiatric facilities, or psychiatric units of hospitals, the CSB shall assure its staff's cooperation with those hospitals, inpatient psychiatric facilities, or

FY 2013 and FY 2014 Community Services Performance Contract

psychiatric units of hospitals, especially emergency rooms and emergency room physicians, in order to promote continuity of care for those individuals. Pursuant to subdivision A.4 of § 37.2-505, the CSB shall provide information about its substance abuse services for minors to all hospitals in its service area that are licensed pursuant to Article 1 of Chapter 5 of Title 32.1 using a template provided by the Department.

- 3.) **Coordination with Local Psychiatric Hospitals:** When the CSB performed the preadmission screening and when referral to the CSB is likely upon the discharge of an involuntarily admitted individual, the CSB shall coordinate or, if it pays for the service, approve an individual's admission to and continued stay in a psychiatric unit or hospital and collaborate with that unit or hospital to assure appropriate treatment and discharge planning to the least restrictive setting and to avoid the use of these facilities when the service is no longer needed.
- 4.) **Targeted Case Management Services:** In accordance with the Community Mental Health Rehabilitative Services manual (page 15) and the MR/ID Community Services manual (page 6) issued by the DMAS, the CSB shall be the provider of rehabilitative mental health case management and targeted MR/ID case management services.
- 5.) **Access to Services:** The CSB shall not require an individual to receive case management services in order to receive other services that it provides, directly or contractually, unless it is permitted to do so by applicable regulations or the person is an adult with a serious mental illness, a child with or at risk of serious emotional disturbance, or an individual with an intellectual disability or a substance use disorder, the person is receiving more than one other service from the CSB, or a licensed clinician employed or contracted by the CSB determines that case management services are clinically necessary for that individual. Federal Medicaid targeted case management regulations forbid using case management to restrict access to other services by Medicaid recipients or compelling Medicaid recipients to receive case management if they are receiving another service.
- 6.) **PACT Criteria:** If the CSB receives state general or federal funds for a Program of Assertive Community Treatment (PACT), it shall satisfy the following criteria:
 - a.) Meet PACT state hospital bed use targets;
 - b.) Prioritize providing services to individuals with serious mental illnesses who are frequent recipients of inpatient services or are homeless;
 - c.) Achieve and maintain a caseload of 80 individuals receiving services after two years from the date of initial funding by the Department; and
 - d.) Participate in technical assistance provided by the Department.
- 7.) **Preadmission Screening:** The CSB shall provide preadmission screening services pursuant to § 37.2-505 or § 37.2-606, § 37.2-805, § 37.2-809 through § 37.2-813, § 37.2-814, and § 16.1-335 et seq. of the Code of Virginia and in accordance with the Continuity of Care Procedures in Appendix A of the CSB Administrative Requirements for any person who is located in the CSB's service area and may need admission for involuntary psychiatric treatment.
- 8.) **Discharge Planning:** The CSB shall provide discharge planning pursuant to § 37.2-505 or § 37.2-606 of the Code of Virginia and in accordance with State Board Policies 1035 and 1036, the Continuity of Care Procedures, and the current *Discharge Protocols for Community Services Boards and State Hospitals* and the *Training Center - Community Services Board Admission and Discharge Protocols for Individuals with Intellectual Disabilities* issued by the Department that by agreement of the parties are incorporated into and made a part of this contract by reference. The protocols are available at www.dbhds.virginia.gov/documents/OMH-DischargeProtocols.pdf or www.dbhds.virginia.gov/documents/ODS/ods-Admission-Discharge-Protocol.pdf.

- d. **Populations Served:** The CSB shall provide needed services to adults with serious mental illnesses, children with or at risk of serious emotional disturbance, and individuals with intellectual disability or substance use disorder to the greatest extent possible within the resources available to it for this purpose. These populations are defined in the Core Services Taxonomy, available at www.dbhds.virginia.gov/OCC-default.htm.
 - e. **Department of Justice Settlement Agreement Requirements:** The CSB agrees to work cooperatively with the Department to implement the Settlement Agreement between the U.S. Department of Justice and the Commonwealth of Virginia and to comply with the requirements in the Agreement that apply to the CSB and are negotiated by the Department and the CSB when the Agreement is entered in the U. S. District Court for the Eastern District of Virginia.
5. **Resources:** Exhibit A of this contract includes the following resources: state general funds and federal funds appropriated by the General Assembly and allocated by the Department to the CSB; balances of unexpended or unencumbered state general and federal funds retained by the CSB and used in this contract to support services; local matching funds required by § 37.2-509 or § 37.2-611 of the Code of Virginia to receive allocations of state general funds; Medicaid Clinic, Targeted Case Management, Rehabilitative Services, and Intellectual Disability Home and Community-Based Waiver fees and any other fees, as required by § 37.2-504 or § 37.2-605 of the Code of Virginia; and any other revenues associated with or generated by the services shown in Exhibit A.
- a. **Allocations of State General and Federal Funds:** The Department shall inform the CSB of its state general and federal fund allocations in a letter of notification. The Department may adjust allocation amounts during the term of this contract. The Commissioner or his designee shall communicate all adjustments to the CSB in writing. Allocations of state general and federal funds shall be based on state and federal statutory and regulatory requirements, provisions of the Appropriation Act, State Board policies, and previous allocation amounts.
 - b. **Allocations of New Appropriations of Additional State General Funds:** The Department shall work with representatives of the CSB to develop a conceptual framework for allocating new appropriations of additional state general funds. This framework shall include a methodology for identifying the minimum amount of the appropriation needed by the smallest CSBs to implement the intent of the new appropriation and criteria for allocating the remainder of the appropriation using population as a significant factor.
 - c. **Conditions on the Use of Resources:** The Department can attach service requirements or specific conditions that it establishes for use of funds, separate from those established by other authorities, for example, applicable statutory or regulatory requirements such as licensing or human rights regulations or federal anti-discrimination requirements, only to the state general and federal funds that it allocates to the CSB and to the 10 percent local matching funds that are required to obtain the CSB's state general fund allocations.
6. **CSB Responsibilities**
- a. **State Hospital Bed Utilization:** In accordance with § 37.2-508 or § 37.2-608 of the Code of Virginia, the CSB shall identify or develop jointly with the Department and with input from private providers involved with the public mental health, developmental, and substance abuse services system mechanisms, such as the Discharge Protocols, Extraordinary Barriers to Discharge lists, and regional utilization management procedures and practices, and employ these mechanisms collaboratively with state hospitals that serve it to manage the utilization of state hospital beds. Utilization will be measured by bed days received by individuals for whom the CSB is the case management CSB.

FY 2013 and FY 2014 Community Services Performance Contract

1.) **Clinical Consultation:** The CSB may request the Department to provide professional consultations for clinically complex or difficult or medically complicated cases within the resources available for this purpose in the Department or its facilities and as permitted under 45 CFR § 164.506 (c) (1) when individuals or their authorized representatives have requested second opinions and with valid authorizations that comply with the Human Rights Regulations and the HIPAA Privacy Rule or when staff of the CSB request such consultations for individuals it serves in the community, if it is not able to provide those second opinions or obtain this consultation within its resources.

The CSB shall conduct program-specific evaluations of all federal Substance Abuse Prevention and Treatment grant-supported prevention programs as agreed in the grant contract with the Department. The CSB shall use community-level abstinence data from regional community youth survey data for alcohol, tobacco, and other drug use, perceptions of harm and disapproval, and other indicator data, including archival data listed in the National Outcome Measures, for outcome evaluation of environmental strategies and community-based processes.
 - f.) **Recovery Orientation:** The CSB shall implement a plan for assessing and increasing its recovery orientation over time, initially for adults with serious mental illnesses, in accordance with Section 5, Advancing the Vision, of the Partnership Agreement and shall administer the Recovery Oriented Systems Indicators (ROSI) Consumer Survey (42 items) with a statistically valid sample of five percent or a minimum of 70, whichever is larger, of individuals with serious mental illness receiving mental health services from the CSB and the ROSI Provider Survey (23 item Administrative Profile) biennially and report on its recovery orientation to the Department by the last business day of March in odd-numbered years.
