I. DISCUSSION

The applicant, Stephen Mann, requests approval of an encroachment ordinance to allow outdoor dining on the public right of way in front of his existing restaurant at 608 Montgomery Street.

SITE DESCRIPTION

The subject site is one lot of record with 28 feet of frontage on Montgomery Street, 91 feet of depth and a total lot area of approximately 2,548 square feet. The property is improved with a one-story commercial building.

The surrounding area is comprised of mostly commercial uses. Two office buildings are located immediately to the north. An architect's office and the Villa d'Este restaurant are located to the east. A technology services office is located immediately to the south, and another restaurant and a bank are located to the east.

BACKGROUND

A restaurant has operated continuously on this property since at least 1953, making the use grandfathered as to its indoor seating. The most recent restaurant on the site, Stardust, closed approximately one year ago. The applicant opened his restaurant this year and has already received Administrative SUP approval for the addition of outdoor seating and valet parking uses (SUP#2011-0049), but in order to locate the outdoor dining on the public right-of-way, approval of an encroachment ordinance is also required.

PROPOSAL

The applicant proposes to add 20 outdoor dining seats entirely within the public right-of-way directly in front of his restaurant as shown in the attached outdoor dining plan. The proposed encroachment area measures approximately 9.6 feet by 57.2 feet, with a slight indentation west of the main entrance that narrows the width of that portion of the encroachment to 8.75 feet. The entire area of the encroachment measures approximately 537 square feet.

ZONING/MASTER PLAN

The subject property is located in the CD-X/Commercial Downtown (Old Town North) zone. Section 5-402.1 (E) of the Zoning Ordinance allows outdoor dining in the CRMU-X zone with an Administrative Special Use Permit.

The proposed use is consistent with the Old Town North Small Area Plan chapter of the Master Plan which designates the property for commercial-residential mixed use.

II. STAFF ANALYSIS

Staff supports the applicant's request for an encroachment into the public right-of-way for outdoor dining at his existing restaurant. The addition of outdoor dining in this location will add a positive level of activity and pedestrian interest as it has for other businesses in the area. Outdoor dining may also increase the visibility of the restaurant to potential customers, which may contribute to the long-term success of the business. In terms of pedestrian movement around the site, at least five feet will remain between the outdoor dining area and the curb, which is similar to the amount of space provided for pedestrians around outdoor dining areas elsewhere in the City.

Since this site is located within the Old & Historic Alexandria District, the Administrative SUP includes condition language requiring all outdoor dining furniture and barriers to conform to the King Street Outdoor Dining design guidelines.

Subject to the conditions contained in Section III of this report, which include a requirement that the outdoor dining conform with all conditions of the Administrative SUP (SUP#2011-0049), staff recommends approval of this request.

III. STAFF RECOMMENDATION

Staff recommends **approval** subject to compliance with all applicable codes and ordinances and the following conditions:

1. Outdoor dining at the restaurant shall comply with all requirements and conditions of SUP#2011-0049. (P&Z)
2. The applicant shall maintain a minimum 5' wide unobstructed sidewalk. (T&ES)
3. The applicant (and his/her successors, if any) must obtain and maintain a policy of general liability insurance in the amount of \$1,000,000, which will indemnify the applicant (and his /her successors, if any) and the City of Alexandria, as an additional named insured, against all claims, demands, suits, etc., and all costs related thereto, including attorney fees, relating to any bodily injury or property damage which may occur as a result of the granting of this encroachment. (T&ES)
4. Neither the City nor any Private utility company will be held responsible for damage to the private improvements in the public right-of-way during repair, maintenance or replacement of any utilities that may be located within the area of the proposed encroachment. (T&ES)

5. In the event the City shall, in the future, have need for the area of the proposed encroachment, the applicant shall remove any structure that encroached into the public right-of-way, within 60 days, upon notification by the City. (T&ES)

STAFF: Barbara Ross, Deputy Director, Planning and Zoning;
Nathan Randall, Urban Planner.
