I. DISCUSSION

REQUEST

The applicant, Maria Quilla, requests approval for an encroachment into public right-of-way for the addition of outdoor dining seats at her existing restaurant at 818 North Saint Asaph Street.

SITE DESCRIPTION

The subject property is one lot of record with approximately 39.5 feet of frontage on Montgomery Street, 92 feet of frontage of North Saint Asaph Street, and a total lot area of 3,634 square feet. The lot is developed with a two-story commercial building housing Villa D'Este restaurant on the first floor.

The surrounding area is occupied by a mix of office and commercial uses. Office buildings are located to the north and to the east. The Virginia Alcohol Beverage Control retail store and its now-closed office are located to the northeast. An architect's office and the space previously occupied by the Stardust restaurant are located to the west. A dance studio and the Sheraton Suites hotel are located to the south and southeast respectively.

BACKGROUND

On June 16, 1990, City Council approved SUP #2346 to Aman Sulaimani for the operation of a 99-seat restaurant. Previous to this approval, on May 10, 1990, the Board of Zoning Appeals approved a 25-space parking variance (BZA #5992), which reduced the restaurant's parking requirement to zero. On May 13, 1995, City Council approved SUP#95-0035 to increase the hours of operation and to allow live entertainment. Staff administratively approved a change of ownership (SUP#96-0096) to Bolital, LC on June 11, 1996.

As a result of the Small Business Zoning text amendment approved by City Council in June 2010, outdoor dining is eligible for Administrative Special Use Permit approval. The applicant has applied for an Administrative SUP (SUP#2010-0046) for the outdoor dining use, but in order to locate the outdoor dining on the public right-of-way, approval of an encroachment ordinance is also required.
PROPOSAL

The applicant proposes to add outdoor dining seats along the North Saint Asaph Street side of her existing restaurant. Staff has worked with the applicant to create an outdoor dining plan that is reasonable given the amount of available space and the goal of preserving two private trees. The resulting plan (see attached) includes a total of ten outdoor dining seats in two outdoor dining areas on either side of the restaurant's North Saint Asaph Street entrance. Both areas are proposed to be located entirely within the public right-of-way between the building wall and the sidewalk. The encroachment area to the right of the entrance and closest to Montgomery Street measures 19.33 feet by 5.5 feet. The encroachment area to the left of the entrance and farthest from Montgomery Street measures 16 feet by 5.66 feet. The applicant has agreed to install a brick surface in both outdoor dining areas.

ZONING/MASTER PLAN

The subject property is located in the CD-X/Commercial Downtown (Old Town North) zone. Section 5-402.1 (E) of the Zoning Ordinance allows outdoor dining in the CRMU-X zone with an Administrative Special Use Permit.

The proposed use is consistent with the Old Town North Small Area Plan chapter of the Master Plan which designates the property for commercial-residential mixed use.

II. STAFF ANALYSIS

Staff supports the applicant's encroachment request. The outdoor dining use at this corner will add a positive element of activity, which is especially beneficial given that two sites in the vicinity, the former Stardust restaurant and the old Virginia ABC office, are currently vacant. Pedestrian movement along the sidewalk will not be impacted by the proposal because the entire outdoor dining area will be located between the building wall and the existing sidewalk.

The applicant initially brought forward an outdoor dining plan that included a wooden deck structure and too many seats for the amount of space proposed. Staff has worked with the applicant to create a new outdoor dining plan. The plan expands the seating into two separate outdoor dining areas on either side of the entrance, provides sufficient maneuvering room for customers, and now includes a brick surface.

In creating the revised plan staff has also recognized the need to balance the benefits of the outdoor dining use with the loss of some landscaping on the site. The proposal will require the removal of one potted tree, one small tree, and a few small shrubs and ground-level plants. However, two medium-sized trees, one located at the corner of the building and the other located about half-way down the restaurant's North Saint Asaph Street frontage, are outside the encroachment area and will be preserved through condition language in the Administrative Special Use Permit (SUP#2010-0046.) Staff is also recommending condition language in the Administrative SUP that will require the applicant to use planters for its outdoor dining barrier.
Staff also notes that since this site is located within the Old & Historic Alexandria District, the Administrative SUP will also include condition language requiring all outdoor dining furniture and barriers to conform to the King Street Outdoor Dining guidelines.

Staff has received a letter of support for the proposal from the Old Town North Community Partnership.

Subject to the conditions contained in Section III of this report, including a requirement that the outdoor dining conform with all conditions of the Administrative SUP (SUP#2010-0046), staff recommends approval of this request.

III. STAFF RECOMMENDATION

Staff recommends approval subject to compliance with all applicable codes and ordinances and the following conditions:

1. Outdoor dining at the restaurant shall comply with all requirements and conditions of SUP#2010-0046. (P&Z)

2. The applicant shall maintain a minimum 6’ wide unobstructed sidewalk. (T&ES)

3. The applicant (and his/her successors, if any) must obtain and maintain a policy of general liability insurance in the amount of $1,000,000, which will indemnify the applicant (and his /her successors, if any) and the City of Alexandria, as an additional named insured, against all claims, demands, suits, etc., and all costs related thereto, including attorney fees, relating to any bodily injury or property damage which may occur as a result of the granting of this encroachment. (T&ES)

4. Neither the City nor any Private utility company will be held responsible for damage to the private improvements in the public right-of-way during repair, maintenance or replacement of any utilities that may be located within the area of the proposed encroachment. (T&ES)

5. In the event the City shall, in the future, have need for the area of the proposed encroachment, the applicant shall remove any structure that encroached into the public right-of-way, within 60 days, upon notification by the City. (T&ES)

6. The brick surface material proposed for the encroachment area shall be approved by the Director of Transportation & Environmental Services and shall be flush with the existing sidewalk. (T&ES)
