### Application

| **Request:** Consideration of a request for encroachments into the public right-of-way. |
| **Address:** 923 King Street |
| **Applicant:** Seyed Hossein Shoja-Maddahi by Duncan Blair, Attorney |

### General Data

| **Planning Commission Hearing:** | December 6, 2011 |
| **City Council Hearing:** | December 17, 2011 |
| **Zone:** | KR/King Street Urban Retail |
| **Small Area Plan:** | Old Town |

### Staff Recommendation:

APPROVAL subject to compliance with all applicable codes and ordinances and the recommended permit conditions found in Section III of this report.

**Staff Reviewers:** Nathan Randall nathan.randall@alexandriava.gov

---

**PLANNING COMMISSION ACTION, DECEMBER 6, 2011:** By unanimous consent, the Planning Commission recommended approval of the request, subject to compliance with all applicable codes, ordinances and staff recommendations.

**Reason:** The Planning Commission agreed with the staff analysis.
I. DISCUSSION

The applicant, Seyed Hossein Shoja-Maddahi by Duncan Blair, attorney, requests approval of an encroachment ordinance for a new bay window at 923 King Street.

SITE DESCRIPTION

The subject site is one lot of record with 25 feet of frontage on King Street, 121 feet of frontage on North Patrick Street, and a total lot area of approximately 3,000 square feet. The property is currently improved with a historic, three-story mixed-use building with a vacant, ground-level, commercial space and residential apartments located above.

The surrounding area along and near King Street is comprised of a mix of commercial and residential uses, including an accounting office, several retail shops, a hair salon, and Misha’s coffee house. Residential townhouses are located to the north.

BACKGROUND

The subject building was constructed sometime between 1797 and 1826 and has been altered several times over the years, including a one-story rear addition constructed in 1961. The existing storefront and bay windows are believed to have been constructed in 1970-1971 without encroachment approval.

Conklyn’s Florist occupied the ground-level commercial space for many years prior to the mid-2000s. City Council approved ENC#2007-0005 in September 2007 to add brick veneer to the 1961 rear addition, in anticipation of the opening of a restaurant in this space. Although approved by SUP in 2006, that restaurant never opened.

On May 15, 2010, City Council approved DSUP#2010-0002 for the demolition of the 1961 addition, the construction of a new one and two-story rear addition and to allow a new ground-level restaurant with two residential apartments on the second and third floors. Although considered as a likely feature of the new addition to the building at the time of DSUP approval, and included in the BAR approval for the case, the proposed new bay window facing North Patrick Street was not granted encroachment approval at that time.
SCOPE OF APPROVAL

The applicant requests approval of an encroachment onto the public right-of-way for a new bay window located along North Patrick Street on the side of the new portion of the building. The encroachment area measures 18.25 feet by 1.66 feet. The area of the requested encroachment is 30.3 square feet.

Staff is recommending that additional elements of the existing building be incorporated into the encroachment request since they also encroach into the public right-of-way with no record of formal approval. These encroachments, shown in the attached encroachment plat, are located in two separate areas. The King Street storefront, including two bay windows and front door/entryway, has an encroachment area measuring 23.5 feet by 1.75 feet. The second area consists of another existing bay window and a portion of the building wall facing North Patrick Street and has encroachment areas of 11.5 feet by 2.5 feet and 28.5 feet by 1 foot, respectively. The total area for all of the encroachments, including the new bay window, is approximately 129 square feet.

ZONING/MASTER PLAN

The subject property is located in the KR/King Street Retail Zone. The restaurant use approved for this site as a part of DSUP#2010-0002 is consistent with the Old Town Small Area Plan chapter of the Master Plan which designates the property for commercial use.

II. STAFF ANALYSIS

Staff has incorporated, as a technical matter, those encroaching elements of the existing building into the encroachment proposal for his new bay window. It is both convenient and appropriate to correct the historical oversight of portions of the existing building, between 41 and 200 years old, which encroach into the public right-of-way without formal approval. The continuation of these building features in their current locations should not affect pedestrian movement, since nearly nine feet of sidewalk width remains along King Street and a variable sidewalk width between five and eight feet remains along North Patrick Street.

With respect to the new bay window, staff believes that it is a reasonable addition to the building that will help enhance the connection between the recently-approved rear portion of the structure and its historic front portion. A bay window in this location also adds a degree of architectural interest to enhance the pedestrian experience along both King and North Patrick Streets. The remaining sidewalk width, which is 4.44 feet at the narrowest point, is sufficient for pedestrian movement, particularly given that pedestrian traffic along North Patrick Street is relatively low.

Subject to the conditions contained in Section III of this report, staff recommends approval of the encroachment request as amended by staff.
III. STAFF RECOMMENDATION

Staff recommends approval subject to compliance with all applicable codes and ordinances and the following conditions:

1. The applicant (and his successors, if any) shall maintain a minimum 4.44-foot wide unobstructed sidewalk in front of the new bay window encroachment on North Patrick Street as shown on the submitted plan and shall maintain the existing unobstructed sidewalk widths in front of all other encroachments, unless amended by subsequent encroachment or outdoor dining approval. (P&Z) (T&ES)

2. The applicant (and his successors, if any) must obtain and maintain a policy of general liability insurance in the amount of $1,000,000, which will indemnify the applicant (and his /her successors, if any) and the City of Alexandria, as an additional named insured, against all claims, demands, suits, etc., and all costs related thereto, including attorney fees, relating to any bodily injury or property damage which may occur as a result of the granting of this encroachment. (T&ES)

3. Neither the City nor any Private utility company will be held responsible for damage to the private improvements in the public right-of-way during repair, maintenance or replacement of any utilities that may be located within the area of the proposed encroachment. (T&ES)

4. In the event the City shall, in the future, have need for the area of the proposed encroachment, the applicant shall remove any structure that encroached into the public right-of-way, within 60 days, upon notification by the City. (T&ES)

STAFF: Barbara Ross, Deputy Director, Planning and Zoning; Nathan Randall, Urban Planner.
CITY DEPARTMENT COMMENTS

Legend:  C - code requirement    R - recommendation    S - suggestion    F - finding

Transportation & Environmental Services:

R-1  Maintain minimum 4.44’ wide unobstructed sidewalk in the area of the encroachment per the submitted plan. (T&ES)

R-2  The applicant (and his/her successors, if any) must obtain and maintain a policy of general liability insurance in the amount of $1,000,000, which will indemnify the applicant (and his/her successors, if any) and the City of Alexandria, as an additional named insured, against all claims, demands, suits, etc., and all costs related thereto, including attorney fees, relating to any bodily injury or property damage which may occur as a result of the granting of this encroachment. (T&ES)

R-3  Neither the City nor any Private utility company will be held responsible for damage to the private improvements in the public right-of-way during repair, maintenance or replacement of any utilities that may be located within the area of the proposed encroachment. (T&ES)

R-4  In the event the City shall, in the future, have need for the area of the proposed encroachment, the applicant shall remove any structure that encroached into the public right-of-way, within 60 days, upon notification by the City. (T&ES)

Code Enforcement:

C-1  A building permit is required if this is a new window or, if existing, the opening is enlarged or reduced.

Health Department:

F-1  No Comment

Parks and Recreation:

F-1  No Comments Received

Archeology

F-1  This project (ENC2011-00004) will cause no apparent ground disturbance, meaning no archaeological action is necessary. However, the archaeological conditions for DSUP2010-00002 continue to apply for the project as a whole.
Police Department:

F-1 The Police Department has no comments for or objections to the encroachment.
