Dear Honorable Mayor and members of the City Council:

I am writing this letter as an endorsement for the efforts of Alan Voorhees, who is seeking reappointment as a member of the Old Town North Urban Design Advisory Committee [UDAC]. A I have worked closely with Alan as chair of UDAC.

As many of you may know Alan is by profession a planner and an engineer with many years of national and international experience. He is still practicing his craft. His thoughts are generally brief, insightful, and in my opinion, right to the heart of the issue.

As a committee member he has often gone the extra step. One can often find him at City Hall visiting the planning staff for more detailed information about an issue or a design detail. This past year our committee members attended a Washington DC Urban Planning Conference because of his generosity.

Over the past two years, I have developed a deep respect for his expertise and thoughtfulness. I would not only recommend Alan for reappointment, and if he were, I would hope he would accept the chair position for the next two years.

Respectfully,

Martin Meisel, AIA Emeritus  
Chair, UDAC

Cc. Alan Voorhees
