

EXHIBIT NO. 1

City of Alexandria, Virginia

MEMORANDUM

16  
4-17-04  
~~20~~  
~~4-13-04~~

DATE: APRIL 7, 2004

TO: THE HONORABLE MAYOR AND MEMBERS OF CITY COUNCIL

FROM: PHILIP SUNDERLAND, CITY MANAGER *PS*

SUBJECT: ORDINANCE TO REVISE THE MEMBERSHIP OF THE ALEXANDRIA ENVIRONMENTAL POLICY COMMISSION

---

**ISSUE:** Ordinance to revise the membership of the Environmental Policy Commission (EPC).

**RECOMMENDATION:** That Council pass the ordinance on first reading and schedule it for public hearing, second reading, and final passage on April 17 (Attachment 1).

**DISCUSSION:** Kenyon Larsen, Chair of the Environmental Policy Commission, has requested that the membership of the EPC be reduced from 15 to 13 and that the membership categories be broadened to ensure that all of the positions are filled in a timely manner (Attachment 2). The reconfigured 13 member EPC will have five members from the fields of environmental sciences (as opposed to six designated positions for various disciplines in the environmental sciences and field of engineering), five citizen members (no change in this category), one member from the field of urban planning (no change), a student member (no change), and one member with experience in federal or state environmental statutes, regulations and procedures (previously required a lawyer with this experience). Designated positions for a member from the field of intergovernmental relations and the Chamber of Commerce are deleted.

It is the EPC's desire that all of the current members on the Commission, which number 13 (there are two vacancies), remain in the EPC membership under this new configuration until their current terms expire, and then be eligible for reappointment even though they may not meet the eligibility requirements for any of the then vacant positions. To meet this desire, the City Attorney has added a provision to the ordinance which allows incumbents to remain on the EPC and to be reappointed to the Commission in lieu of filling one of the designated positions. Council may wish to consider adding an additional position to address this potential problem.

**FISCAL IMPACT:** None.

**Subject: Changing Member Composition of the Environmental Policy Commission**

Dear Mr. Sunderland:

As you are aware, Alexandria's Environmental Policy Commission (EPC) is having difficulty filling some of its very narrowly defined positions. In addition, our ability to make decisions is sometimes hindered by our size (15 members). In an effort to find ways to improve our efficiency, we recommend that the EPC Charter be changed to modify existing position roles and to reduce the number of members from 15 to 13.

EPC members and T&ES staff support this change and agree that this will make the EPC more effective. I have also discussed this with Rob Krupicka and he supports the reduction in membership. We currently have two vacancies (one Engineer member and one member designated by the Alexandria Chamber of Commerce). We suggest that these positions not be filled and that the existing member's roles be revised to fit this new structure. Here is our recommendation on the composition of a 13-member EPC:

- 5 Members from the field of environmental sciences (e.g., environmental/sanitary engineering, ecology, geology, botany, hydrology, chemistry)
- 5 Citizen-at-large members
- 1 Member from the field of urban planning
- 1 Student attending high school in the City of Alexandria
- 1 Member with experience in federal or state environmental statutes, regulations and procedures (preferably an attorney)

Please feel free to contact me at (703) 284-9469 or [kenyon\\_larsen@sra.com](mailto:kenyon_larsen@sra.com) if you have any questions.

Sincerely,

Kenyon A. Larsen  
Chair, Environmental Policy Commission
