Re: Resignation from Environmental Policy Commission

Dear Mayor Euille and Members of Council,

Due to a dramatic increase in my work-related political commitments, including new and expanding travel requirements, it is with deep regret that I must tender my resignation from the Alexandria Environmental Policy Commission. Given my projected work load and travel commitments for the balance of 2004, I would find it virtually impossible to make many of the EPC's projected meetings. As such, I am stepping aside immediately so that you can move quickly to find another Alexandrian with the

time and commitment to environmental issues who can constructively contribute to the Commission's work.

I make this decision with the greatest reluctance, as my tenure on the EPC has been at once rewarding and educational. Alexandria is truly fortunate to have so many dedicated citizens willing to give their time, energy, and enthusiasm in the service of protecting the city's environment. I am grateful that you provided me with the opportunity to serve our city, and I wish each of you the very best.

Cordially,

Patrick G. Eddington

Ms Boyd;

I write to inform you of my resignation from the George Washington Birthday Celebration Committee. While it has been a great pleasure to serve on this commission, I must step down due to transfer of my job to California this month.

Thank you for the opportunity to participate in our City.

Sincerely,

Marvin H. Heinze

Dear Mayor Euille and Council members:

With much regret I am tendering my resignation as a Commissioner of the Alexandria Redevelopment and Housing Authority [ARHA], effective immediately. Cutting short my term is necessitated by an unexpected change of jobs. My husband has accepted a position in Afghanistan and we will be living there for the next two years.

Thank you for appointing me to the ARHA Commission. I learned a great deal about the city and some of the complex issues facing ARHA's and the City's leadership. Your support of options that make housing affordable to the working poor, disabled, and elderly of the City help ensure a stable, successful community.

Sincerely,

Shirley M. Marshall
