

City of Alexandria, Virginia

MEMORANDUM

DATE: APRIL 19, 2005

TO: THE HONORABLE MAYOR AND MEMBERS OF CITY COUNCIL

FROM: JAMES K. HARTMANN, CITY MANAGER

SUBJECT: BUDGET MEMO # 78: INTERJURISDICTIONAL COMPARISON OF CITY
AND SCHOOLS HEALTH CARE AND OTHER BENEFITS

This memorandum responds to Councilman Krupicka's request for a comparison of Alexandria City and Schools healthcare and other employee benefits to other jurisdictions in the region. The data contained herein have been developed in cooperation with and in confirmation by staff in these other jurisdictions.

The chart on the next page reflects data presented in the FY 2005 Washington Area Boards of Education (WABE) guide comparing the cost of benefits for teachers provided by area school systems. For comparative purposes, the estimates are based on an annual teacher salary of \$48,000 to determine the percent of salary for the various cost of benefit contributions.¹

¹The health and retirement benefits comparison data used to prepare BFAAC's review of the FY 2006 Proposed Budget (Budget Memorandum #52), were preliminary information made available to BFAAC at the time its report was prepared. A minor difference exists. BFAAC's report lists Fairfax County School employer retirement contributions as 12.95% and 13.81% (p. 13), instead of 12.93%.

FY 2005 Washington Area Board of Education (WABE) Comparison of Employer Cost as Percentage of Salary

School System	Retirement	Health Insurance	Total Retirement & Health
Alexandria	13.81%	11.97%	25.78%
Arlington	11.58%	22.07%	33.65%
Fairfax County	12.93%	20.80%	33.73%
Montgomery County	9.71%	17.7%	27.41%
Prince George's County	9.35%	11.4%	20.75%
Prince William County	11.58%	17.3%	28.88%

Source: Compiled by Fairfax County Public Schools.

Alexandria FY 2006 School Board Budget	13.81%	19% to 22% /1	32.81% to 35.81%
---	--------	---------------	------------------

- /1- Depends on healthcare plan chosen by employee under the new employee/employer share approved by the School Board at the time of its adoption of its FY 2006 Operating Budget. Due to Mamisi adverse service issues these employee/employer shares are being reconsidered and may change.

It should be noted that Alexandria and Fairfax County provide a retirement supplement, in addition to the Virginia Retirement System contribution. Also, with the changes proposed in the School Board's budget, the School Board's contribution for health insurance as a percentage of the teacher's salary will now range from 19% to 22% depending on which plan is selected by the employee.

A similar chart is shown on next page comparing City employee benefits with comparator jurisdictions using a base salary of \$48,000.²

It should be noted that cost, while related to benefits, is also driven by other factors such as:

- 1) Employee cost sharing.
- 2) If and how retirement systems unfunded liabilities are financed and over what period of time.
- 3) Cost and risk experience based on employee health and age condition.
- 4) Whether retiree health costs are melded into active employee health premium cost calculations.
- 5) Whether health insurance plans include an "employee plus one" plan or not. Plans that do have this feature generally have higher "family plan" rates.

²The health and retirement benefits comparison data used to prepare BFAAC's review of the FY 2006 Proposed Budget (Budget Memorandum #52), were preliminary information made available to BFAAC at the time its report was prepared. Three minor differences exist. BFAAC's report lists Alexandria City employer contributions for health insurance benefits as 17.57% instead of 17.63% and total retirement and health benefits as 25.78% (p. 15) instead of 26.88%. The report also lists Fairfax County employer contributions for uniformed employees as 21.79% (p. 12) instead of 24.30%.

FY 2005 Interjurisdictional Comparison of Employer Cost as Percentage of Salary

County/City	Retirement	Health Insurance /1	Total Retirement & Health
Alexandria			
General Employees	9.25%	17.63%	26.88%
Public Safety	22.35% /2	17.63%	39.98%
Arlington			
General Employees	4.9% /3	16.1%	21%
Public Safety	10.5%	16.1%	26.6%
Fairfax County			
General Employees	8.08% /4	27% /5	35.08%
Police Officers	17.96%	27%	44.96%
Uniformed	24.30% /6	27%	51.3%
Montgomery County			
General Employees	6% /7	23.57% /8	29.57%
Public Safety	28.43%	23.57%	52%
Prince George's County			
General Employees	5.64% /9	19.67% /8	25.31%
Public Safety	24.8% /10	19.67%	44.47%
Prince William County			
General Employees	12.62%	16.56%	29.18%
Public Safety	13.99%	16.56%	30.55%

Alexandria FY 2006 Proposed Budget			
General Employees	11.75%	19.05%	30.08%
Public Safety	22.35%	19.05%	41.4%

/1 All healthcare plans assume family coverage.

/2 Includes 2.35% for Disability Income Plan.

/3 Arlington County also contributes 1% and 2% toward 401A plans for uniformed and general employees.

/4 General employee contributions range from 4% to 5.33% depending on plan (A or B) chosen.

/5 Beginning January 1, 2005, Fairfax County also started a 50% contribution toward employee dental insurance.

/6 Employee contributions range from 4% to 8.83% depending on plan (A through D) chosen.

/7 Defined contribution plan.

/8 Includes both healthcare and separate prescription drug benefits.

/9 Average cost shared plan from 4.45% to 8.05%.

/10 Average comprehensive retirement plan from 17.49% to 31.40%

Attachment 1 shows the change in employee and City annual costs from FY 2005 to FY 2006 for the various health insurance plan options available to full-time City employees. Attachment 2 provides the preliminary health insurance monthly premiums for these plans to be offered beginning July 1, 2005 through June 30, 2006. Attachments 3 and 4 provide a detailed interjurisdictional comparison of full-time employee benefits and a comparison of full-time school employee benefits.
