I. DISCUSSION

REQUEST

The applicant, 7-Eleven Inc., requests special use permit approval for the continued operation of a nonconforming convenience store located at 1025 West Glebe Road.

SITE DESCRIPTION

The subject property is one lot of record with 125 feet of frontage on West Glebe Road, 130 feet of depth, with a total lot area of 16,203 square feet. The site is developed with a one story commercial building and surface parking. The subject building is approximately 3,650 square feet.

SURROUNDING USES

The surrounding uses are commercial. Immediately to the west is a small shopping center with a Chinese carry-out, pizza restaurant, and a hair salon. Further west is a Pizza Hut. To the east is a Citgo gas station, and the Bread and Chocolate baking facility. To the north is Four Mile Run. Across Glebe Road, to the south, is the Charles Barrett school.

PROJECT DESCRIPTION

The applicant proposes to continue operating the nonconforming 7-Eleven convenience store. The applicant is the lessee of the property. The 7-Eleven store is a typical convenience retail store selling a variety of goods including food and beverages, which are consumed off the premises. Consistent with staff's approach in the other 7-Eleven cases, the features of the continued operation are proposed:

Hours: The store is open 24 hours a day, 365 days a year.

ABC License: The store has an Alcoholic Beverage Control license for off-premise sale of beer and wine between the hours of 6:00 a.m. and 12:00 midnight.

Architecture: The applicant proposes facade improvements including: removing the existing color bands from the fascia, and installing a gabled roof feature and adding new moldings and trim above the existing windows for extra detail. (See attached plan)

Landscaping: At staff's suggestion, the applicant will be removing paving and installing a planter island at the front of the store and on the west side of the property. Two trees will also be planted at the east side of the property. (See attached plan)

Sign: The existing sign over the entrance is proposed to remain. There is also a freestanding sign located closer to the street, which the applicant has agreed to remove; it proposes to install a monument sign.

Parking: According to Section 8-200 (A)(16) of the zoning ordinance, a retail use of 3,650 square feet at this location is required to provide 1.1 parking spaces for every 210 square feet of floor area, totaling 19 spaces. The existing use has only nine spaces on site. According to Section 8-200 (F)(1) of the zoning ordinance, no off-street parking need be provided for land actually in use on June 25, 1963. In this case, the building has been used as a retail store since prior to 1963, therefore, parking is not required. According to the applicant, the existing parking has proven adequate because of the quick turnover of customers.

Waste

Management: Trash generated is typically solid waste from a small retail establishment, largely consisting of paper, cardboard and plastic. Trash is picked up by a private hauler several times per week. Store employees perform a minimum of two litter walks per day to pick up litter around the store. Additional litter walks are performed three times per week by a contractor. To control litter, there is one trash can located at the front of the store and one located along the sidewalk.

Security: A Police Community Substation (office) is located on site within the store.

ZONING

The subject property is located in the CG/Commercial General zone. Section 4-404 (G) of the zoning ordinance allows a convenience store in the CG zone only with a special use permit.

MASTER PLAN

The proposed use is consistent with the Potomac West Small Area Plan chapter of the Master Plan which designates the property for uses compatible with CG zoning.

II. STAFF ANALYSIS

Staff does not object to the continued use of the 7-Eleven located at 1025 West Glebe Road. The store is compatible with the mix of uses already in the area and provides a valuable convenience retail service to the community. On the other hand, this property and its neighbors create an unattractive area because of the extensive asphalt, the lack of landscaping, and the cluttered signage.

As to the 7-Eleven, staff sought to improve this site and the appearance of this large site by suggesting changes to the facade of the building and the lack of landscaping on the premises. In response to staff's concerns, the applicant proposes a number of facade improvements for the entire building including the removal of the colored bands at the front of the facade, the installation of a gabled roof structure, and the addition of new mouldings and trim above the existing windows. Staff recommends a few minor changes to the facade which it has included in the condition requiring facade improvements. The existing 7-Eleven sign will remain above the entrance.

In response to staff's concern regarding the lack of landscaping on the property, the applicant proposes to remove pavement between the two curbcuts and install a large landscaping bed and new monument sign. The existing freestanding sign will be removed. The applicant also proposes a new landscaping bed on the west side of the property, and two trees on the east side of the property. Staff recommends additional shrubs in the landscaped area on the east side of the property, which the applicant has agreed to, and staff has included in the condition. The landscaping will make the site more attractive and will use wasted pavement area as landscaping.

In regard to alcohol sales, staff supports the Police recommendation prohibiting single sales to prevent any potential problems, such as littering and loitering, and to be consistent with Police's policy to limit such sales city-wide.

With these conditions, staff recommends approval of the special use permit.

III. RECOMMENDED CONDITIONS

7-Eleven, Inc. ("7-Eleven" or "Applicant"), the lessee of the property described in the City of Alexandria land records as Tax Map Parcel Number 006-01-01-06 and having a street address of 1025 W. Glebe Road, Alexandria, Virginia (the "Property") requests approval of a Special Use Permit (SUP) to continue operating the existing use of a convenience store (the "Store"). This request is in accordance with Section 12-214 of the City of Alexandria's Zoning Ordinance that requires such SUP for continuance of any existing legal non-conforming use.

The Store is located on a 16,203 square foot lot. It is zoned Commercial General Zone (CG). The Store contains approximately 3650 square feet.

The Store is located on West Glebe Road. The immediate area is a one comprised largely of commercial uses. The Store is well established and provides a valuable service to residents of the immediate area.

Nature of Activity

The 7-Eleven store is a typical convenience retail store selling a variety of goods including food and beverages. The Store is intended to provide quick and convenient shopping and goods are typically purchased in small quantities. Food and beverages are purchased for consumption off premises. The Store has an A.B.C. license for off premises sell of beer and wine between the hours of 6:00 a.m. and midnight.

Architecture

The Store building's existing façade is illustrated in the attached color photos (Exhibit A). Facade improvements will be made in general accordance with an architectural elevation to be
