

City of Alexandria, Virginia

MEMORANDUM

DATE: APRIL 11, 2006

TO: THE HONORABLE MAYOR AND MEMBERS OF CITY COUNCIL

FROM: JAMES K. HARTMANN, CITY MANAGER 

SUBJECT: BUDGET MEMO #109: CAPITAL IMPROVEMENT PROGRAM (CIP)

This memorandum is in response to Mayor Euille, Councilman Gaines, and Councilwoman Woodson's request for more information regarding what Capital Improvement Program (CIP) projects have arisen over time and how much of the CIP was deferred from lean revenue years.

The attached chart represents a list of key CIP projects that have been deferred at least one year during the FY 2001-FY 2007 time period. An "X" indicates that the project was listed as unfunded for that particular budget year. The highlighted dollar signs (\$) represent the first year the project was funded. This analysis assumes that when the project was funded in one fiscal year, it continued or will continue to receive funding until completion.

In general, CIP projects related to public safety or more urgent City needs received funding within a limited amount of time after initially listed as an "unfunded" need, while other projects were deferred for a number of years. Some projects are deferred until more analysis can be conducted to determine better the actual scope of the project, or until there is an urgent need for them.
