Subject Resignation Donald Misner

Hi Mike,

This is to inform you that when Doanal Misner, the Chamber of Commerce Representative to the Alexandria Commission on Persons with Disabilities, informed me as Commission Chair in May or June that he was resigning from the Commission, he also told me that he was retiring from his firm and leaving the Northern Virginia area. I am quite sure that Donal Misner is no longer in Northern Virginia and can not be reached tso that we can receive an official letter of resignation that we could forward on to the City's Boards and Commissions office.

I would like to reiterate once more what an outstanding member of the Commission Donald Misner was. I hope that Ken Moore, the President of the Alexandria Chamber will be able to find another member of the Chamber to represent the business interests of the community in the outstanding way Donald Misner did.

I hope that this message will satisfy the City's requirement to enable the City to vacate this position and allow the Chamber to recommend another member of the Chamber to be appointed to the Commission.
