MEMORANDUM

DATE: APRIL 9, 2008

TO: THE HONORABLE MAYOR AND MEMBERS OF CITY COUNCIL

FROM: JAMES K. HARTMANN, CITY MANAGER *J*

SUBJECT: PUBLIC HEARING ON THE ONE-YEAR ACTION PLAN FOR HOUSING AND COMMUNITY DEVELOPMENT FOR CITY FISCAL YEAR 2009

ISSUE: Public Hearing on the City's *Draft One-Year Action Plan for Housing and Community Development for FY 2009*.

RECOMMENDATION: That the City Council:

- (1) Conduct a public hearing on the *Draft One-Year Action Plan for Housing and Community Development for FY 2009*, which includes the City's application for Federal Fiscal Year 2008 funding for \$1,233,389 in Community Development Block Grant (CDBG) monies and \$830,534 in Home Investment Partnerships Program (HOME) monies; and
- (2) Docket the *Draft One-Year Action Plan for Housing and Community Development for FY 2009* for final Council approval on Tuesday, May 13, 2008.

BACKGROUND: Since 1975, the City has received an annual entitlement grant under the CDBG program to be used for locally developed activities designed to benefit low-and moderate-income persons and neighborhoods. Since FY 1993, the City has also received annual allocations from the HOME Program, which provides additional resources for housing activities. The *Draft One-Year Action Plan for Housing and Community Development* has been prepared in accordance with regulations set forth by the U.S. Department of Housing and Urban Development (HUD). These regulations require that participants in certain HUD programs, including but not limited to the Community Development Block Grant (CDBG) and Home Investment Partnerships (HOME) programs develop and submit a one-year update to their *Five-Year Consolidated Plan for Housing and Community Development*. The City's current *Consolidated Plan*, which defines the City's strategy for addressing housing and community development needs from FY 2006 through 2010, was approved by Council on May 14, 2005.

DISCUSSION: An Executive Summary of the *Draft Action Plan* (attached document, pages i through xxxvii) describes activities to be undertaken to address the City's priorities for affordable housing, homeless services, and community development, along with proposed funding levels, for the fourth year of the City's five-year Consolidated Plan period. The report

provides an estimate of the federal, state, local and private resources that are expected to be available, and which may be committed, during FY 2009, as well as the number of persons and/or households to be assisted with these funds. These items are summarized in the Executive Summary, and are discussed in detail in the *Draft One-Year Action Plan for FY 2009* (Attachment).

Income limits applicable to FY 2009 activities supported with CDBG or HOME funds can be found on page 4 of the complete *Draft Plan*. In certain high cost areas such as the Washington DC metropolitan area, moderate-income limits are capped at the national median income, which is currently \$61,500 for a family of four. HUD gives jurisdictions in such areas the option of increasing the eligibility limits for the CDBG and HOME programs to the mathematical 80% of area median. Although the City has not exercised this option in the past, staff now recommends that it be exercised at this time, but only for the Homeownership Assistance Program in order to support more homeownership opportunities for individuals and families who would otherwise find it difficult to purchase.

The complete *Draft Plan* has been released for a 30-day comment period as required by HUD, with comments due no later than 5:00 p.m., Wednesday, April 23, 2008. Council consideration of the *Action Plan* can then be docketed for Tuesday, May 13.

Although the *Five Year Consolidated Plan* calls for the development or preservation of at least 100 units per year, the City's goal for FY 2007 was increased to call for the development or preservation of 150 to 200 units per year. The City's ability to meet this target in FY 2009 will depend on the timing of projects that were previously approved or are currently under consideration, as well as how such projects affect the availability of funds.

The CDBG and HOME budgets are summarized in Tables B and C of the Executive Summary. These figures are slightly different (as noted in the next paragraph) from the City Manager's proposed FY 2009 Operating Budget, reflecting final HUD grant amounts that had not been determined at the time the Proposed Budget was prepared. In absence of Congressional approval of CDBG and HOME funding levels at that time, staff prepared the FY 2009 Proposed Budget reflecting no change from the levels budgeted in FY 2008.

The City of Alexandria's FFY 2008 CDBG grant of \$1,233,389 represents a decrease of \$47,176 from the Proposed Budget: this decrease was absorbed by the Homeownership Assistance Program. The FFY 2008 grant will be augmented by an estimated \$667,267 in carryover monies, providing a total of \$1,900,656 in available CDBG funding for FY 2009. Of this total, \$1,778,656 is allocated to the Office of Housing, and the remaining \$122,000 is allocated to the Department of Human Services (DHS) to cover the operation of the Eviction Assistance, Winter Shelter, and Transitional Assistance Housing Program. The *Action Plan* funding table also includes anticipated unbudgeted program income of \$325,000 from loan repayments. These monies are not included in the City's FY 2009 Proposed Budget because their receipt cannot be predicted with certainty.

The City's FFY 2008 HOME award of \$830,534 represents an increase of \$11,593 from the Proposed Budget: this increase was used for direct assistance in the Homeownership Assistance Program. The FFY 2008 grant will be augmented by an estimated \$398,909 in carryover monies, providing a total of \$1,229,443. The carryover monies include carryover funds from federal and non-federal sources needed to match carryover HOME grant. The funding table also reflects an additional \$125,000 in anticipated unbudgeted program income not included in the Proposed Budget.

FISCAL IMPACT: Upon approval of the Action Plan, HUD will appropriate a total of \$2,063,923 in new federal funding to the City for FY 2009, including \$1,233,389 in CDBG funds and \$830,534 in HOME Program funds.

Executive Summary of the City of Alexandria, VA City FY 2009 Action Plan

The following is an Executive Summary of the City of Alexandria's FY 2009 One-Year Action Plan, which represents the City's annual update of its FY 2006-2010 Consolidated Plan for Housing and Community Development and describes activities to be undertaken to promote Consolidated Plan goals during the specified one-year period. Preparation of a Consolidated Plan to establish five-year goals related to the housing and community development needs of low- and moderate-income persons, special needs populations and/or target areas of the City and one-year Action Plan for each of the five years are required by the U.S. Department of Housing and Urban Development (HUD) as a condition of receiving funding under certain federal programs, including, but not limited to the Community Development Block Grant (CDBG) and Home Investment Partnerships (HOME) Programs. The City of Alexandria's current Consolidated Plan was approved by City Council on May 14, 2005 and covers the period July 1, 2005 through June 30, 2010. The current Action Plan describes actions to be taken in furtherance of Consolidated Plan goals during the period July 1, 2008 through June 30, 2009 and serves as the City's application to HUD for its annual allocation of CDBG and HOME monies.

Section I of the Executive Summary lists the housing and community development activities benefiting low- and moderate-income persons, special needs populations and/or target areas of the City that are outlined in the City FY 2009 Action Plan. For Consolidated Planning purposes, the City has identified a number of target populations and activity types. The proposed activities listed in the Executive Summary have been grouped accordingly.

Section II of the Executive Summary provides CDBG and HOME budget tables that set forth the proposed uses of Federal FY 2008 funding of \$1,233,389 CDBG funds and \$830,534 in HOME program monies that will become available for City FY 2009.

Detail on the housing and community development activities benefiting low- and moderate-income persons, special needs groups and/or target areas of the City to be undertaken during City FY 2009, on the sources and uses of available funding, on other related actions to be taken by the City during the specified period and on other HUD-required Action Plan elements are provided in the complete City FY 2009 Action Plan.

City of Alexandria, VA Draft City FY 2009 Action Plan

Introduction

The City of Alexandria's One-Year Action Plan for the period July 1, 2008 to June 30, 2009 represents its annual update of the City's FY 2006-2010 Consolidated Plan for Housing and Community Development (approved by City Council on May 14, 2005). The Action Plan describes activities to be undertaken to promote Consolidated Plan goals during the fourth year of the current Consolidated Plan period as required by the U.S. Department of Housing and Urban Development (HUD), and as a condition of receiving funding under certain federal programs.

■ ***Action Plan Report Format***

The One-Year Action Plan consists of the following sections:

- ▶ Section I, "Housing Programs and Services to be Undertaken During City FY 2009 identifies the City's priorities for City FY 2009 with respect to housing-related activities for renters, homeowners, homebuyers, homeless persons and persons with special needs; describes the pertinent programs and services to be provided in the Alexandria community during the City FY 2009 Action Plan period; and provides an estimate of federal, state, local and private resources expected to be available and committed during that time.
- ▶ Section II, "Non-Housing Community Development Programs and Services," describes pertinent community and economic development programs and services to be undertaken by the City during the City FY 2009 Action Plan period.
- ▶ Section III, "Other Activities to be Undertaken," describes the City's actions to address issues of particular interest to HUD, including poverty, barriers to affordable housing, fair housing, the effects of lead-based paint and the coordination of services between public and private agencies providing housing and social services to low- and moderate-income persons.
- ▶ Appendix I serves as the City's application for Community Development Block Grant (CDBG) and Home Investment Partnerships (HOME) Program funds, and sets forth the City's proposed uses for \$1,233,389 in Federal FY 2008 CDBG funds and \$830,534 in new HOME Program funding.
- ▶ APPENDIX II includes maps of the City, which identify the general locations of public and assisted housing developments, emergency shelters and special-needs housing facilities.

Action Plan Development Process

Citizen Participation Plan - The purpose of the City's HUD- required Citizen Participation Plan, developed in 1995, is to ensure that Alexandria residents, particularly low-income persons have an understanding of their role in the development, implementation and assessment of housing and community development activities, and participate in the formulation of the Consolidated Plan, annual Action Plans, program amendments and the annual Consolidated Annual Performance and Evaluation Report (CAPER).

In order to disseminate information on the annual Action Plan's housing and community development activities, the Office of Housing maintains a list of interested parties (primarily consisting of organizations whose membership or clientele may be affected by the Consolidated Plan and/or CDBG- and HOME-funded activities), and provides them with the amount of funds anticipated to be or actually available to the City along with a description of the activities to be or have been undertaken with federal, state and local funds during the time period. The list includes:

- ▶ City Boards and Commissions with an interest in housing issues or any of the special populations whose housing needs are addressed in the Consolidated Plan; homeless shelter operators and service providers;
- ▶ Non-profit organizations that provide housing or housing-related services;
- ▶ Civic associations and other local organizations active in former CDBG target areas;
- ▶ City-wide and Potomac West area business and economic development organizations;
- ▶ Alexandria-based organizations representing or serving very low- and low-income persons throughout the City, or expressly concerned with addressing the housing and community development needs of such persons; and
- ▶ Other organizations and individuals who have requested to be included on the list.

As required by HUD, the City provides a 30-day comment period for citizen to be received on the draft Action Plan, and conducts two public hearings: one in the fall (held by staff) to obtain input on current housing and community development needs, and one in the spring before the Alexandria City Council to obtain citizen input prior to the plan's finalization and submission to HUD. Notices of the draft Action Plan, public hearings and 30-day comment period are published in three newspapers with general circulation in the City, including one Spanish-language paper, and the draft plan is made available for public review at Alexandria libraries and at the Office of Housing.

If the City anticipates that a significant number of non-English-speaking residents can be reasonably expected to attend a public hearing, translation services will be made available. Public hearings are held in City facilities that are fully accessible to persons with mobility impairments, and requests from persons with other special needs, such as sign language interpreting, are accommodated whenever possible with advance notice.

Coordination with Public and Private Entities - The Office of Housing is the lead agency in the development of the City's Consolidated Plan, Action Plans and CAPER, and obtains information on programs and services from a variety of other public and private entities in Alexandria. Staff of the Office of Housing would like to express appreciation to the

following entities that contributed information and input into the development of the City FY 2009 Action Plan:

- ▶ Alexandria Economic Development Partnership;
- ▶ Alexandria Health Department;
- ▶ Alexandria Redevelopment and Housing Authority;
- ▶ Code Enforcement Bureau;
- ▶ Department of Finance;
- ▶ Department of Human Services;
- ▶ Department of Mental Health, Mental Retardation and Substance Abuse;
- ▶ Department of Planning and Zoning;
- ▶ Department of Recreation, Parks and Cultural Activities;
- ▶ Department of Transportation and Environmental Services; and
- ▶ Homeless Services Coordinating Committee.

Priority Levels and Strategies

As part of the Consolidated Plan, HUD requires that priority levels be assigned to housing and homeless services activities and needs groups according to HUD-established definitions. The priority levels assigned by the City in its FY 2006-2010 Consolidated Plan to the different housing and homeless services activities and needs groups are identified in Appendix III.

CDBG/HOME and Areas of Minority Concentration

Unless otherwise indicated below, the geographic area to be served by programs supported with CDBG and HOME funds during City FY 2009 will be the entire City of Alexandria, which includes areas of minority concentration. While CDBG and HOME-funded programs are not specifically targeted on a geographic basis according to minority concentration, minorities have always constituted the majority of the beneficiaries of activities supported with such monies. As indicated in the most recent Consolidated Annual Performance and Evaluation Report (CAPER), minorities constituted 85% of the City's CDBG and HOME beneficiaries for the program year ending June 30, 2007. Staff anticipates that minority persons or households will continue to constitute the majority of CDBG and HOME program beneficiaries during City FY 2009.

Income Limits for CDBG and HOME-Funded Activities

The income limits for the CDBG and HOME programs are the HUD-established low-income limits for the Section 8 Program, which for a family of four are set at the national median income (currently \$61,500). HUD gave jurisdictions in the Washington Metropolitan area the option of increasing the eligibility limits for the CDBG and HOME programs from 80% of area median for a family of four to the mathematical 80% of the median (currently \$79,200). As a recommendation from the Affordable Housing Initiative Workgroup, the City has chosen to exercise this option in FY 2009 for the Homeownership Assistance Program.

For CDBG and HOME purposes, these limits are designated as the “moderate and/or middle” income limits. The current income limits in each HUD category (i.e., extremely low income, low income and moderate income, etc.), and the mathematical 80% category (Homeownership Assistance Program limits only) are provided in the Table A, which follows. Beneficiaries of programs and services funded through the CDBG and HOME programs must meet these income limits as updated by HUD each year.

TABLE A

CPD Outcome Performance Measurement System

HUD now requires an outcome performance measurement system for the Community Development Block Grant (CDBG) Program, HOME Investment Partnerships Program (HOME), Emergency Shelter Grants (ESG), and the Housing Opportunities for Persons with AIDS Program (HOPWA) to help grantees better demonstrate program results at the national level, and inform their citizens and other stakeholders about the many positive outcomes of the investments made in their communities using federal, state and local resources.

¹ In certain high cost areas such as the Washington DC metropolitan area, moderate-income limits are capped at the national median income, which is currently \$61,500 for a family of four. HUD gives jurisdictions in such areas the option of increasing the eligibility limits for the CDBG and HOME programs to the mathematical 80% of area median. The City has chosen to exercise this option only for the Homeownership Assistance Program in order to support more homeownership opportunities individuals and families who would otherwise find it difficult to purchase.

The performance measurements have been incorporated in the City FY 2009 Annual Action Plan and include both an objective category (Creating Suitable Living Environments, Providing Decent Affordable Housing, and Creating Economic Opportunities) and an outcome category (Accessibility/Availability, Affordability and Sustainability).

Grantees report the required performance measurements data to HUD through an Integrated Disbursement Information System (IDIS, HUD's online reporting system), as well as the annual Consolidated Annual Performance and Evaluation Report (CAPER).

Section I

Housing Programs and Services to be Undertaken During City FY 2009

The following sections describe housing-related programs and services for renters, homeowners, homebuyers, homeless persons and persons with special needs to be provided in the Alexandria community during the City FY 2009 Action Plan period; and provide an estimate of federal, state, local, and private resources expected to be available to support these activities during that time.

Five - Year Objectives:

Activities to be undertaken during City FY 2009 for extremely low-, low- and moderate-income renters will address the following specific objectives established in the Consolidated Plan for City FY 2006-2010:

- Preserve and maintain the existing supply of 1,150 public housing and replacement public housing units for households at or below HUD's moderate-income limits;
- Subject to the availability of resources, preserve and maintain the existing supply of approximately 2,114 privately-owned rental units with project-based assistance available to households at or below HUD's moderate-income limits;
- Provide tenant-based rental housing subsidies to an estimated 1,700 households per year that are at or below HUD's moderate-income limits;
- Provide 500 rental housing units affordable to households at or below the limit used for the Low Income Housing Tax Credit Program of 60% of area median income through new development or preservation of existing affordable market rate rental housing; and
- Secure 15 affordable rental units in new development projects pursuant to the City's Affordable Housing Policy.

Leveraging of Federal Funds: HOME and CDBG funds expended during City FY 2009 to support down payment and closing cost assistance provided through the City's HAP program are expected to leverage first-trust mortgage monies from VHDA and other private lenders, as well as 2nd trust monies from VHDA.

Support for Applications by Other Entities: The City generally intends to support applications by other entities for homeownership purposes.

▪ **I.D. The Homeless and Persons Threatened with Homelessness**

The Continuum of Care describes the services offered and the interaction between and among service providers in the community in their effort to reduce and eliminate homelessness. The Continuum of Care document was developed by the Homeless Services Coordinating Committee (HSCC) and is revised each year for submission to HUD so that agencies and organizations serving the homeless in Alexandria will be eligible for federal homeless-services funding. In preparation for the development of each year's Continuum of Care, HSCC conducts a one-day "point-in-time" count of the homeless in a variety of settings.

Data is collected through the City wide Homeless Management Information System (HMIS) by each homeless facility in Alexandria (emergency shelters, transitional housing programs and housing programs for homeless persons with special needs), as well as through manual surveys completed by volunteers who visit sites where services are provided to homeless persons and areas of the City in which unsheltered homeless persons are known to congregate (e.g., parks, under bridges).

HSCC conducted its most recent point-in-time count of Alexandria's homeless population on January 24, 2008. A total of 385 homeless individuals (19 fewer than in 2007) were identified by outreach teams and facilities staff on the day of the count. By definition, the homeless count includes 30 residents of permanent supportive housing operated by the Community Services Board. A total of 71 persons, down from 92, were identified as unsheltered. No families were unsheltered on the day of the count. Seventy-one (71) individuals met the HUD definition for "chronic homelessness". Twenty-seven (27) individuals were registered to use the winter only hypothermia program and potentially may be unsheltered at other times of the year.

The January 2008 count reported nearly the identical number of homeless individuals (252 to 250) as the 2007 enumeration. However, the number of unsheltered individuals decreased substantially by, 23%. More notably, the percentage of individuals identified as chronically homeless decreased 36%. The greatest housing needs for individuals remain emergency housing and permanent supportive housing. The greatest housing need for homeless families continues to be transitional housing services. Sixty-six percent (66%) of families had an identified need of transitional housing services. The most severe shortage identified by the survey remains affordable housing options combined with supportive services.

Five-Year Objectives:

Activities to be undertaken during City FY 2009 for persons who are homeless or threatened with homelessness will address the following specific objectives established in the Consolidated Plan for City FY 2006-2010:

- Create permanent affordable housing for single adults and special populations through the completion of the safe haven project; affordable assisted living for elderly and disabled; and single room occupancy and housing options for low-income single adults;
- Maintain the existing level of homeless prevention programming;
- Maintain existing level of facility-based transitional housing for families and singles-increase client-based transitional housing for families and singles to former levels where providers have been forced to reduce caseloads due to flat or decreased revenue and higher housing costs;
- Improve targeting of mainstream resources to permanent housing solutions: Establish a Homeless preference for HUD subsidized programs (Public Housing and Vouchers); and Implement the City's Ten Year Plan to End Chronic Homelessness through the additional of 1.5 FTE in public or private mental health and substance abuse services to the homeless population; increase access to health services for the chronic homeless population; and obtain health care for the homeless grant for the Community Health Care Center.

City FY 2009 Programs/Activities for the Homeless and Persons Threatened with Homelessness:

Homeless Management Information System (HMIS)

Program/Activity: Homeless Management Information System (HMIS)

Provider(s): City of Alexandria Departments of Human Services and Mental Health, Mental Retardation and Substance Abuse, and private homeless services providers

For information on Permanent Supportive Housing programs available to homeless persons with special needs, please refer to the discussion of supportive housing facilities and services targeted to individuals with mental/developmental disabilities and substance dependence problems that follows in Section I.H.

Homeless persons and transitional housing residents may seek permanent housing under programs serving extremely low- and low-income households as discussed in Section I.A and Section I.B. In addition, funds have been sought to support a Safe Haven facility for homeless persons in the City who are mentally ill and/or who are mentally ill and have substance abuse problems. For more information about this activity, please refer to Section I.H.

Homeless with Mental Health, Mental Retardation and Substance Abuse**Program/Activity: Safe Haven****Provider(s):** Alexandria Community Service Board (ACSB)**Target Population:** Homeless or chronically homeless persons in the City who are mentally ill and/or have substance abuse problems.**Program/Activity Description:** Provide housing for men and women who are homeless or chronically homeless**Geographic Distribution:** Eligibility is Citywide**Projected Funding for City FY 2009 (By Source):** TOTAL -\$370,180 [City General Fund monies -\$83,200; HUD Supportive Housing - \$22,753; Other - \$264,227 (includes State and Client Fees)] Additional Capital Improvement Plan funds are budgeted at \$2.0 million to renovate Safe Haven during FY 2008 and FY 2009.**Service Objective:** Renovation of Building. Beds Available - up to 12 (in 3 housing units)**Performance Measurement:** Objective: Suitable Living Environment; Outcome: Affordability, Availability/ Accessibility

Program/Activity: Transitional/Permanent Supportive Housing for Homeless Persons**Provider(s):** Alexandria Community Service Board (ACSB), City's Department of Mental Health, Mental Retardation and Substance Abuse MHMRS and Sheltered Homes of Alexandria (SHA)**Target Population:** Persons in the City who are homeless and who are mentally ill and/or have substance abuse problems.**Program/Activity Description:** Provide housing for men and women who are homeless**Geographic Distribution:** Eligibility is Citywide**Projected Funding for City FY 2009 (By Source):** TOTAL - \$1,003,333 [Total - \$558,899 (Permanent: HUD - \$274,673, City General Fund - \$263,226, and Clients Fees - \$21,000); Total - \$444,434 (HUD - \$127,965, and City General Fund - \$251,128, State Funds and Clients Fees - \$65,341)]**Service Objective:** 39 beds available in 21 housing units**Performance Measurement:** Objective: Decent Affordable Housing, Suitable Living Environment; Outcome: Availability/ Accessibility, Affordability

Leveraging of Federal Funds: Federal Emergency Shelter Grant funds will be used in conjunction with an estimated \$567,153 in City General Fund revenues along with State Shelter Support Grant monies to support the operating costs of the Alexandria Community Shelter. In City FY 2009, private emergency shelters in Alexandria and the Women's Shelter will receive approximately \$327,878 from the federal ESG and State SSG (expected to consist predominantly of Temporary Assistance for Needy Families (TANF) monies) programs as well as \$20,000 in CDBG monies, which will leverage over \$2.73 million in state, local, private funds and in-kind contributions. Transitional housing providers will use an estimated \$168,781 in federal ESG and State SSG (expected to consist predominantly of TANF monies) funds to leverage over \$310,646 in local and private funding. DHS also solicits funds from private sources to assist in its various homeless services and prevention programs.

The federal Emergency Shelter Grant requires a 100% match. The City's FY 2009 grant will be matched with General Fund revenues. Private shelters will match their funds with foundation and private monies.

Support for Applications by Other Entities: The City would support funding applications to maintain existing levels of service for homeless persons and those threatened with homelessness as well as new initiatives specifically identified in the Consolidated Plan, Action Plans, Community Services Board Housing Plan and/or Ten-Year Plan to End Chronic Homelessness, subject to City Council approval of specific locations for any new facilities. Applications to increase service levels or to add new services not addressed in the Consolidated Plan, Action Plans and/or Ten-Year Plan to End Chronic Homelessness would require City Council approval.

■ I.E. The Elderly and Frail Elderly

Five-Year Objectives:

Activities to be undertaken during City FY 2009 for lower-income elderly and frail elderly persons will address the following specific objective established in the Consolidated Plan:

- Develop or support the development of an assisted living facility which can accommodate elderly persons with incomes at or below HUD's moderate-income limits who are unable to live independently in the community;
- Improve living conditions for 45 elderly homeowners with incomes at or below HUD's moderate-income limits occupying ownership units with physical defects and/or that are in need of accessibility; and
- Relieve the housing cost burden for over approximately 1,340 income-eligible elderly homeowners per year.

City FY 2009 Programs/Activities for the Elderly and Frail Elderly:

Program/Activity: Publicly-Assisted Rental Housing for Income-Eligible Elderly Persons

Provider(s): ARHA and private rental property owners

Target Population: Low- and Moderate-Income Elderly Renters

Program/Activity Description: 170 public housing units at Ladrey Highrise, 38 public housing units at Park Place, 90 Section 8 (public housing replacement) units at Annie B. Rose House and 300 Section 8 units at Claridge House (all of which were included in assisted rental housing figures provided in Section I.A) will continue to be reserved for income-eligible elderly renters.

Geographic Distribution: Citywide

Projected Funding for City FY 2009 (By Source): See information provided in Section I.A

Service Objective: Affordable Rental Units Reserved for Income-Eligible Elderly Persons - 598

Performance Measurement: Objective: Decent Affordable Housing; Outcome: Affordability

Program/Activity: Rent Relief Program

Provider(s): City of Alexandria Department of Human Services (DHS)

Target Population: Income-Eligible Elderly and/or Disabled Renters

Program/Activity Description: Provides financial assistance to income-eligible renters (currently household income cannot exceed \$25,600) who receive no other rental assistance and who are age 65 or older or who have a complete and total disability. Benefit levels vary based on income.

Geographic Distribution: Citywide

Projected Funding for City FY 2009 (By Source): City General Fund - \$289,070

Service Objective: Households Served – 80

Performance Measurement: Objective: Decent Affordable Housing; Outcome: Affordability

Program/Activity: Real Property Tax Relief Program**Provider(s):** City of Alexandria Department of Finance**Target Population:** Income-Eligible Elderly and/or Disabled Homeowners**Program/Activity Description:** Provides forgiveness of real property taxes for income-eligible persons who are over age 65 or permanently disabled. FY 09 proposed qualifying annual income for full abatement of real estate taxes is \$40,000 and for partial abatement it is \$72,000.**Geographic Distribution:** Citywide**Projected Funding for City FY 2009 (By Source):** City Revenue Foregone - \$3.9 million**Service Objective:** Households Served – 1,400**Performance Measurement:** Objective: Decent Affordable Housing; Outcome: Affordability**Program/Activity: Rebuilding Together Alexandria - National Rebuilding Day Activities****Provider(s):** Rebuilding Together Alexandria (RTA)**Target Population:** Low-Income Elderly, Low-Income Disabled or Low-Income Homeowners**Program/Activity Description:** Provides home improvement and repair services to low-income elderly and/or disabled or low-income City homeowners primarily using volunteer labor**Geographic Distribution:** Citywide**Projected Funding for City FY 2009 (By Source):** Total of \$236,662 (City General Fund through the Community Partnership Fund - \$8,612, Private In-Kind/Cash Donations - \$228,050); Additional monies possible from Housing Trust Fund**Service Objective:** Households Assisted – 65 to 75**Performance Measurement:** Objective: Decent Affordable Housing; Outcome: Affordability

Many elderly City residents will also take advantage of the City's Home Rehabilitation Loan Program (see Section I.C) to make accessibility modifications to their homes, which improve their ability to age in place. Since FY 1998, 56.9% of the income-eligible households assisted through this program have been elderly.

For the past several years, staff has been looking into the possibility of the City developing, or supporting the development of, an assisted living facility for low- and moderate-income seniors. Currently, the cost of assisted living in the City can exceed \$4,000 per month, an amount that is well beyond the incomes of seniors in this category, and few assisted living beds exist in the Northern Virginia region that are affordable to this population.

In the spring of 2003, the Assisted Living Study Group, consisting of representatives from the Alexandria Redevelopment and Housing Authority (ARHA), the Department of Human Services (DHS) and the DHS Office of Aging and Adult Services (OAAS), the Department of Health and of Mental Health, Mental Retardation and Substance Abuse, and the Office of Housing and the Commission on Aging, released a report that recommended enhancing in-home services for the elderly in the City and recommended that a new work group be formed to propose enhancements to assisted living for low-income City residents. The City Manager's Assisted Living Work Group, consisting of representatives from ARHA, DHS, OAAS, the City's Office on Housing, members of the Commission on Aging, and a representative from the continuing care retirement community, had been meeting regularly, but there had been a hiatus due to staff changes. The meetings have now resumed. The biggest challenge to this

endeavor is finding suitable land of sufficient size and affordability in the city to accommodate a building of the size needed for an assisted living facility.

Leveraging of Federal Funds: The leveraging of any federal funds that may be used to support programs mentioned above is discussed as applicable in Sections I.A and I.B. No federal funds are leveraged by programs/activities above that are not included in those sections.

Support for Applications by Other Entities: the City government would support applications by other entities for funding to continue housing programs for the elderly at existing levels of service, as well as to implement new initiatives specifically identified in the Consolidated Plan and/or Action Plans, subject to City Council approval of specific locations for any new facilities. Applications to increase service levels or to add new services not addressed in the Consolidated Plan or Action Plans would require City Council approval.

■ **I.F. Persons with Physical and Sensory Disabilities**

Five-Year Objectives:

Activities to be undertaken during City FY 2009 for lower-income persons with physical and sensory disabilities will address the following specific objectives established in the Consolidated Plan for City FY 2006-2010:

- Improve living conditions for five non-elderly disabled homeowners with incomes at or below HUD's moderate-income limits occupying ownership units with physical defects and/or that are in need of accessibility modifications; and
- Support accessibility modifications in 15 existing privately-owned rental housing units occupied by disabled renters with incomes at or below HUD's moderate-income limits;
- Relieve the housing cost burden for 70 income-eligible non-elderly disabled renters and/or homeowners per year.

City FY 2009 Programs/Activities for Persons with Physical and Sensory Disabilities:

Program/Activity: Rental Accessibility Modification Program (RAMP)

Provider(s): City of Alexandria Office of Housing

Target Population: Extremely Low- to Moderate-Income Disabled Renters

Program/Activity Description: Supports accessibility modifications in income-eligible renter households with grants of up to \$50,000 in CDBG funds for substantive modifications and mini-grants of up to \$1,500 from the City's Housing Trust Fund for more minor modifications

Geographic Distribution: Citywide

Projected Funding for City FY 2009 (By Source): TOTAL – \$118,000 [CDBG Carryover - \$115,000; HTF carryover- \$3,000]

Service Objective: Households Served - 4

Performance Measurement: Objective: Decent Affordable Housing, Suitable Living Environment; Outcome: Availability/ Accessibility

During City FY 2009, the Alexandria Commission on Persons with Disabilities will continue its work with developers and the City's Code Enforcement Bureau to ensure that new units meet the federal Fair Housing requirements, and to encourage landlords to make existing housing units accessible to persons with disabilities. The Office of Housing's Fair Housing Testing Program, which includes testing for housing discrimination against persons with disabilities (and other types of discrimination), will also continue. More information on the Fair Housing Testing Program is provided in Section III.D.

Low- and moderate-income homeowner households with a disabled member may qualify to utilize the City's Home Rehabilitation Loan Program to support modifications necessary to accommodate a physical disability or mobility impairment. It is estimated that no households served through this program during City FY 2009 will include a person with a disability. For more information, see Section I.C. (Fair Housing Testing Program).

The City's Real Property Tax Relief and Rent Relief Programs, discussed in Section I.E, are also available to income-eligible persons with disabilities. The City estimates that 81 non-elderly disabled persons will benefit from the Real Property Tax Relief Program and 39 non-elderly disabled persons from the Rent Relief Program. Rebuilding Together Alexandria (RTA) will also serve low-income disabled homeowners through rehabilitation and energy improvement initiatives, which are also discussed in Section I.E.

An additional resource for persons with disabilities living in the City is offered by the Joblink Division of the City's Department of Human Services. This employment service maintains a full-time Employment Training Specialist for persons with disabilities and the Employment Resource Room is fully accessible, providing a wide variety of adaptive equipment and assistive technology, as well as an Assistive Technology Specialist to assist individuals in utilizing the specialized equipment. The Department of Human Rights also employs a full-time Disability Resources Coordinator who is responsible for facilitating access to all City services by persons with disabilities and serves as an advocate for City residents with disabilities.

Leveraging of Federal Funds: No funds are expected to be leveraged in connection with CDBG funds used to support RAMP.

Support for Applications by Other Entities: The City would support applications by other entities for funding to maintain existing levels of housing assistance to persons with physical disabilities, as well as to implement new initiatives specifically identified in the Consolidated Plan and/or Action Plans, subject to City Council approval of specific locations for any new facilities. Applications to increase service levels or to add new services not addressed in the Consolidated Plan or Action Plan would require City Council approval.

■ **I.G. Persons with Mental Illnesses, Mental Retardation and/or Chemical Dependency**

The City's primary strategy for assisting persons with mental illness, mental retardation, and substance dependence is to provide supportive housing opportunities, case management, and supportive services through the Alexandria Community Services Board (ACSB) and the City's Department of Mental Health, Mental Retardation, and Substance Abuse (MHMRSA). ACSB is responsible for providing and advocating for supportive services for City residents with mental/developmental disabilities and/or substance dependence problems. Services are managed by ACSB and Sheltered Homes of Alexandria, Inc. (SHA), a private non-profit organization that owns and maintains many of the residential facilities that serve ACSB clients. The affordable housing needs of these individuals are met through a combination of efforts by the community, ARHA, the Office of Housing, Alexandria Community Shelter, Carpenter's Shelter, Arlington-Alexandria Coalition for the Homeless, and other agencies, in partnership with ACSB.

Five-Year Objectives:

Activities to be undertaken during City FY 2009 for lower-income persons with physical and sensory disabilities will address the following specific objectives established in the Consolidated Plan for City FY 2006-2010:

- Continue to provide a continuum of residential treatment services to individuals with mental health, mental retardation and substance abuse problems;
- Develop four new group homes with an estimated total capacity of 24 beds to provide permanent residential treatment services for individuals with mental health, mental retardation and substance abuse problems;
- Develop 15 supervised apartments with an estimated total capacity of 45 beds to provide permanent residential treatment services for individuals with mental health, mental retardation and substance abuse problems; and
- Provide 30 tenant-based rental vouchers through the Section 8 Housing Choice Voucher Program to enable more individuals with mental health, mental retardation and substance abuse problems and their families to secure affordable permanent supportive housing within the City.

City FY 2009 Programs/Activities for Persons with Mental Illness, Mental Retardation or Chemical Dependency:

Program/Activity: *Transitional/Permanent Supportive Housing Group Homes and Supervised Apartments*

Provider(s): City's Department of Mental Health, Mental Retardation and Substance Abuse MHMRSA and Sheltered Homes of Alexandria (SHA)

Target Population: Persons in the City who are mentally ill and/or have substance abuse problems.

Program/Activity Description: Provide housing for men and women who are mentally ill and/or have substance abuse problems

Geographic Distribution: Eligibility is Citywide

Projected Funding for City FY 2009 (By Source): TOTAL - \$7,569,535 [Federal Substance Abuse Block Grant money for the treatment of alcohol- and/or drug-addicted women - \$50,929; City General Fund - \$4,985,422; State - \$341,779 and Client fees - \$2,191,405]

Service Objective: 132 beds available in 42 housing units

Performance Measurement: Objective: Decent Affordable Housing; Outcome: Availability/Accessibility, Affordability

In order to respond to the changing needs of a growing number of clients with both mental illness and substance dependence, MHMRSA provides integrated services across disability lines that include mental illness, mental retardation and drug/alcohol addiction from the perspective of clients' length and intensity of treatment. Short-term emergency services and outpatient mental health and drug/alcohol treatment are provided by an "acute care" division, while longer-term day treatment, vocational services, case management and residential services are provided by an "extended care" division. A third division, "child, family and prevention" reaches across disability areas and populations. This service delivery system enables MHMRSA to allocate its staff and resources in a manner that better meets the needs of a changing client population.

Leveraging of Federal Funds: Federal funds used to assist persons with mental health, mental retardation and/or chemical dependency will leverage an estimated \$8.5 million in state, local and private funds. Operating funds of \$127,965 consisting of federal SHP Transitional Housing monies will be matched with \$316,469 in ACSB funds (inclusive of state funds, local funds, and fees). Operating funds of \$274,673 consisting of federal SHP Permanent Housing monies will be matched with \$284,226 in ACSB funds (inclusive of state funds, local funds and fees).

Support for Applications by Other Entities: The City government would support applications by other entities for funding to continue housing programs for persons with mental health, mental retardation and/or substance abuse problems at existing levels of service, as well as to implement new initiatives specifically identified in the Consolidated Plan, Action Plans and/or the Alexandria Community Service Board (CSB) Five-Year Housing Plan, subject to City Council approval of specific locations for any new facilities. Applications to increase service levels or to add new services not addressed in the Consolidated Plan, Action Plans or CSB Five-Year Housing Plan would require City Council approval. Organizations and agencies are encouraged to come forward with their plans for City council review and approval as far as possible in advance of application due dates.

■ I.H. Persons Living With or Affected By HIV/AIDS

The City endeavors to address the housing and supportive services needs of persons living with HIV/AIDS and their families through the City's Health Department, the City's Department of Mental Health, Mental Retardation and Substance Abuse (MH/MR/SA), the INOVA Juniper Program, Northern Virginia Family Services, and other public and non-profit organizations.

The federal Housing Opportunities for Persons with AIDS (HOPWA) program represents a major source of funding for this purpose. HOPWA funds are awarded to the entire Washington, D.C. metropolitan area as a whole through the District of Columbia's Administration for HIV/AIDS, which has been designated by the federal administering agency, the Department of Housing and Urban Development (HUD), as the entity that must apply for and receive HOPWA grant funds for the region. In Northern Virginia, these funds are managed and distributed by the Northern Virginia Regional Commission (NVRC) and are made available to persons living with HIV/AIDS in the following categories of assistance: short-term housing assistance; group home operation support and technical assistance; and long-term rental assistance. All planned FY 2009 services are provided on a regional basis.

Five-Year Objectives:

Activities to be undertaken during City FY 2009 for persons living with or affected by HIV/AIDS will address the following specific objectives established in the Consolidated Plan for City FY 2006-2010:

- Maintain 10 tenant-based rental-housing vouchers to provide rent subsidies to income eligible persons living with HIV/AIDS and their families.

City FY 2009 Programs/Activities for Persons Living With or Affected by HIV/AIDS:

Program/Activity: *TBRA -Long-Term Tenant-Based Rental Assistance for Persons with HIV/AIDS*

Provider(s): Northern Virginia Family Services

Target Population: Persons with HIV/AIDS

Program/Activity Description: Provides long-term tenant-based rental assistance for persons living with HIV/AIDS under the HOPWA voucher program

Geographic Distribution: Northern Virginia region (from Fredericksburg to Washington D.C. and west).

Projected Funding for City FY 2009 (By Source): HOPWA - \$378,500 (not from City's share of regional allocation)

Service Objective: TBRA Vouchers Issued: 49 for the Northern Virginia region, including 4 to Alexandrians

Performance Measurement: Objective: Decent Affordable Housing; Outcome: Affordability

Program/Activity: *Short-Term Housing Assistance and Other Housing-Related Services for Persons Living with HIV/AIDS*

Provider(s): Northern Virginia Family Services

Target Population: Persons Living With or Affected by HIV/AIDS

Program/Activity Description: Housing for persons with HIV/AIDS

Geographic Distribution: Northern Virginia Region (from Fredericksburg to Washington D.C. and west).

Projected Funding for City FY 2009 (By Source): HOPWA - \$110,000 (not from City's share of regional allocation)

Service Objective: Overall Apartments Available – 73, including 6 to Alexandrians

Performance Measurement: Objective: Suitable Living Environment; Outcome: Affordability, Availability/Accessibility

Program/Activity: *TBRA - Security Deposit/First Month Rent Assistance for Persons Living with HIV/AIDS*

Provider(s): Northern Virginia Family Services

Target Population: Persons Living With or Affected by HIV/AIDS

Program/Activity Description: Housing for persons with HIV/AIDS

Geographic Distribution: Northern Virginia Region (from Fredericksburg to Washington D.C. and west).

Projected Funding for City FY 2009 (By Source): HOPWA - \$63,000 (not from City's share of regional allocation)

Service Objective: Households Assisted – 29, including 5 to Alexandrians

Performance Measurement: Objective: Suitable Living Environment; Outcome: Affordability, Availability/Accessibility

Program/Activity: *Agape House*

Provider(s): Wesley Housing Development Corporation

Target Population: Homeless Persons with HIV/AIDS

Program/Activity Description: Housing for homeless persons with HIV/AIDS

Geographic Distribution: Fairfax County, VA - Facility is open to Alexandria residents citywide

Projected Funding for City FY 2009 (By Source): TOTAL - \$125,902 (Section 811 Contractual Rental Assistance - \$89,293; HOPWA- \$36,609)

Service Objective: Overall Apartments Available – 12; Households –12 (including 3 Alexandrians)

Performance Measurement: Objective: Decent Affordable Housing; Outcome: Availability/Accessibility

Program/Activity: *Supportive Services for Persons Living With or Affected by HIV/AIDS*

Provider(s): Alexandria Health Department; City's Department of Mental Health, Mental Retardation and Substance Abuse (MHMRSA); WWC/NOVA; INOVA Juniper Program; K.I. Services, Northern Virginia AIDS Ministry (NOVAM) and Positive Livin'

Target Population: Homeless Persons Living With or Affected by HIV/AIDS

Program/Activity Description: Includes primary medical care, drug assistance, public health nurse case management, dental and nutrition services for low-income persons with HIV/AIDS provided by the Alexandria Health Department, as well as non-housing-related services (including medical, dental, mental health, prescription drug assistance, case management and/or legal services) available to persons living with HIV/AIDS throughout Northern Virginia with the support of Ryan White CARE Act funds provided by the INOVA Juniper Program, Positive Livin' and WWC/NOVA. MHMRSA will provide HIV testing as well as testing-related counseling and education.

Geographic Distribution: Available to Alexandria residents Citywide

Projected Funding for City FY 2009 (By Source): Alexandria Health Department - \$500,000 in Ryan White Comprehensive AIDS Response Emergency (CARE) Act and other funds; INOVA Juniper Program and Positive Livin' and WWC/NOVA - Ryan White CARE Act; WWC/NOVA has also applied for City General Fund monies allocated through the City's Community Partnership Fund for Human Services to provide case management and legal services to persons living with HIV/AIDS in the City of Alexandria.

Service Objective: Persons Assisted with Primary Medical Care and Other Services by Alexandria Health Department - 205; Alexandria Residents Assisted with Case Management by WWC/NOVA - 28

Performance Measurement: Objective: Decent Affordable Housing; Outcome: Availability/Accessibility

City residents with HIV/AIDS who do not have housing are referred to Carpenter's Shelter and the Alexandria Community Shelter. Other agencies/organizations that provide Case Management, Primary Medical Care and other support services for Alexandria City residents include: K.I. Services, Positive Livin', Ethiopian Community Development Council (ECDC), INOVA Juniper Program, Wholistic Family Agape ministries institute (WFAMI), Northern Virginia AIDS Ministry (NOVAM), and Whitman Walker Clinic of Northern Virginia (WWC/NOVA). City residents living with HIV/AIDS may be eligible for general mental health and substance abuse services offered by MHMRSA, including outreach, psychiatric evaluation and medication monitoring, case management, residential treatment, social detoxification, day support, neuropsychological testing and individual and group counseling.

Leveraging of Federal Funds: Federal HOPWA and Ryan White CARE Act monies to be used by WWC/NOVA will leverage local and private monies. Ryan White CARE Act monies used by the Alexandria Health Department will leverage local monies.

Support for Applications by Other Entities: The City would support applications by other entities for funding to continue housing programs for the persons with HIV/AIDS at existing levels of service, as well as to implement any new initiatives specifically identified in the Consolidated Plan and/or Action Plans, subject to City Council approval of specific locations for any new facilities. Applications to increase service levels or to add new services not addressed in the Consolidated Plan and/or Action Plan would require City Council approval. Organizations and agencies are encouraged to come forward with their plans for City Council review and approval as far as possible in advance of application due dates.

Section II

Non-Housing Community Development Programs and Services

The following sections provide information on City community development programs and services proposed for City FY 2009 (including economic development activities and actions to reduce poverty), which will serve low-and moderate-income persons, other target groups addressed in this document or persons in low-income areas.

■ II. A Public Service Needs

Employment and Training

Program/Activity: *Employment Services*

Responsible Entity(ies): City of Alexandria DHS

Consolidated Plan Target Group or Area: Consumers will include Low- and Moderate-Income Households

Program/Activity Description: Includes *JobLink*, the City's One Stop Center for Workforce Investment Act of 1998 (WIA) service delivery, which among other programs offers Adult and Dislocated Worker Assistance, Food Stamp Employment and Training program, Older Worker Assistance, Refugee Assistance, the Community Digital Divide Initiative (CDDI) to help underserved communities gain low-or no-cost access to computers and to *JobLink* networks through the Internet; the Virginia Initiative for Employment not Welfare (VIEW), which provides employment counseling/placement services, day care, needs assessments, support payments and other resources to remove barriers to employment for TANF recipients; the TeensWork! Youth Employment Program, which will endeavor to place 120 youth in public and private non-profit work sites during the summer and 150 youth in unsubsidized employment and job readiness activities; a federally-funded WIA effort focusing on employment readiness for 50 hard-to-serve youth receiving year-round services; and the EAGLES program which prepares ex-offenders for finding, maintaining and advancing in employment.

Projected Funding for City FY 2009 (By Source): Total - \$3,628,733 [Federal - \$1,051,617; State - \$230,843; Local/General Funds- \$2,346,273]

Service Objective: Persons – 4,448

Performance Measurement: Objective: Creating Economic Opportunities; Outcome: Sustainability

■ II.B. Economic Development

Program/Activity: *Microenterprise Loan Program*

Responsible Entity(ies): ECDC Enterprise Development Group

Consolidated Plan Target Group or Area: Small businesses owned by low-and moderate income, minority and women entrepreneurs located in underserved areas.

Program/Activity Description: Provides loans to small businesses in the City of Alexandria that do not yet qualify for conventional loans.

Projected Funding for City FY 2009 (By Source): No new City expenditures are anticipated for this program, but a City allocation of CDBG funds made in a prior year continues to support the program through a loan loss reserve.

Service Objective: Loans completed to small businesses and owned by low and moderate persons - 8

Performance Measurement: Objective: Creating Economic Opportunity; Outcome: Sustainability

Program/Activity: *Revitalization of Mt. Vernon Avenue and Northern Rt. 1 Corridor and AEDP Facade Improvement Grant Program*

Responsible Entity(ies): Alexandria Economic Development Partnership (AEDP) and City of Alexandria

Consolidated Plan Target Group or Area: Citywide. Currently Mt. Vernon Ave, King Street, Queen Street, and Northern Route 1 (within Potomac West Neighborhood Strategy Area)

Program/Activity Description: Encourages revitalization to provide employment and commercial opportunities. This area is part of the City's State Enterprise Zone, where businesses can benefit from employment training/placement services, technical assistance, small business financing opportunities, state tax credits and grants. The City and AEDP will also continue to work with residents and businesses in Potomac West to develop a strategy for improving business activity and the business climate along the Mount Vernon Avenue corridor. While a long-range plan for the redevelopment of several sites in this area has been adopted, private investment in the area is not immediately expected due to market conditions and other factors. In the interim, the City is developing a strategy to help stabilize existing businesses and to strengthen the business environment in a manner that will be in concert with the community's long-term vision and will help in the marketability of the area.

Projected Funding for City FY 2009 (By Source): TOTAL -\$630,000 [City General Fund - \$500,000 for Arlandria; AEDP - \$20,000; Alexandria Industrial Development Authority - \$110,000 (to continue efforts to market, attract, expand and retain business opportunities in the City, including the Enterprise Zone; \$10,000 to initiate the Retail Display Assisted Program). Funding for the Facade Improvement Program is uncertain, with \$100,000 desired from multiple sources.

Service Objective: In the Enterprise Zone, increase employment, stabilize the commercial tax base, increase property values an average of five percent annually and increase the number of retail or local service establishments by two locations per year along Mt. Vernon Avenue; Businesses assisted – 10; Initiate the Retail Display Assisted Program

Performance Measurement: Objective: Suitable Living Environment, Creating Economic Opportunity; Outcome: Sustainability

The City also provides training and services to enable low-income Alexandrians obtain jobs. (see "Employment and Training" in Section II.A.)

▪ **II.C. Other Community Development Activities**

Program/Activity: Code Enforcement and Blight Abatement

Responsible Entity(ies): City of Alexandria Code Enforcement Bureau

Consolidated Plan Target Group or Low-Income Area: Citywide, including block groups with highest percentage of low/mod persons

Program/Activity Description: Includes continued monitoring of properties throughout the City for compliance with building, fire and maintenance codes; and continued implementation of the Spot Blight Abatement program through which the City works with property owners to correct conditions that have caused their properties to be deemed detrimental to the health, safety and welfare of the community or, if necessary, intervenes to abate the violations with associated costs placed as a lien against the property or recouped from the sale of the property.

Projected Funding for City FY 2009 (By Source): The City's estimated cost to provide these services in the City target areas identified above is between \$60,934 and \$95,208 per year.

Service Objective: Monitor and abate code issues and blighting influences

Performance Measurement: Objective: Suitable Living Environment; Outcome: Sustainability

Low- and moderate-income owner-occupants of residential units with code violations may qualify for assistance under the City's Home Rehabilitation Loan Program to implement historic preservation and/or energy efficiency improvements (for more information on the Home Rehabilitation Loan Program, see Section I.B.).

Section III - Other Activities to be Undertaken

This section describes actions to be taken, as required by the Consolidated Plan regulations, to address issues of particular concern to HUD. These include barriers to affordable housing, the effects of lead-based paint, coordination between public and private agencies providing housing and human services, efforts to reduce poverty, and others.

■ III. A. Actions to Address Obstacles to Meeting Underserved Needs

The analysis contained in the Consolidated Plan points to the greatest need being additional funds. The City will continue to identify other possible sources of funding. Beginning in City FY 2006, the City dedicated one cent on the real property tax rate for affordable housing. Additional revenues from the real estate recordation tax were also made available in FY 2006. In June 2005, City Council accepted a report from the Developer Housing Contribution Policy Work Group that included a suggested formula that would result in increased contributions to the Housing Trust Fund (see Affordable Housing Policy, Housing Trust Fund, and Developer Housing Contributions in Section III.B.).

■ III.B. Actions to Foster and Maintain Affordable Housing

For rental housing, the City's primary goal is to preserve the existing supply of public housing and replacement units covered by Resolution 830. In addition, subject to available resources, the City seeks to preserve the supply of other assisted rental housing, and to preserve and expand the supply of affordable private market rental housing. Affordable rental housing is generally defined as having rent levels that do not exceed those used for Low Income Housing Tax Credit (LIHTC) Program purposes, which are affordable to households at 60% of the area median income paying 30% of their income for rent. With regard to homeownership, the primary goal is to provide homeownership opportunities for households with incomes between 60% of the median income for the area (currently \$49,200 for a household of four) and the City-established maximum income limit (currently \$99,000 for three or more persons).

Affordable Housing Initiatives Work Group

Since January, 2007, the Affordable Housing Initiatives Work Group (AHIWG) has been meeting regularly to review current City housing policies and programs with the goal of developing recommendations for Council regarding a spectrum of tools to be adopted or created to maximize and sustain the production and preservation of affordable and workforce housing. The composition of the work group reflects the community's diverse interests in housing issues, as well as a range of professional expertise and perspectives from the business and development community.

As of the writing of this document an interim report will be issued to City Council shortly and a final report will be developed during FY 2009. The key findings of the interim report are: from 2000 to 2007, Alexandria lost nearly 10,000 affordable rental housing units; during the same period, Alexandria lost more than 16,500 affordable ownership units; and resources are dwindling at all levels. Policy priorities listed are: We need a more pro-active planning approach to affordable housing and we need a clear target for preservation; Rental preservation should be Alexandria's primary focus for people earning less than 60% of median income; and home ownership should be Alexandria's primary focus for people earning over 60% of area median income.

The importance of Alexandria's ability to offer a spectrum of affordable housing options cannot be understated: it is critical to the City's future economic development and growth; it is central to the City's vision of itself as a diverse and caring community as articulated in the Strategic Plan. The loss of affordable housing that has occurred in the last decade is a clear and present threat to the City's economic and racial/ethnic diversity.

Resolution 830

The City has long held the preservation of its existing assisted rental housing stock as one of its highest priorities. Under Resolution 830, the City and ARHA have a long-standing joint commitment to preserve and maintain, at a minimum, 1,150 publicly assisted housing units. This Resolution assures that none of the 1,150 public housing units in existence when the Resolution was adopted in 1982 will be lost without one-for-one replacement.

In December 2006, the City approved a loan to ARHA to preserve 60 affordable units at Quaker Hill that were developed as some of the replacement units for the old Cameron Valley public housing. An application for Low Income Housing Tax Credits for the acquisition (from the current tax credit partnership) has been approved and rehabilitation of that property should occur during FY 2009. The City has approved a loan of up to \$3.5 million (plus reinvestment of an outstanding loan of \$1.2 million) toward this effort.

The City approved a development special use permit (DSUP) and a bridge loan of \$5.6 million in funding for the redevelopment of Glebe Park, a 152-unit property with 40 units of public housing, also originally acquired to provide replacement housing for Cameron Valley. The project includes 84 rental units (a portion of which will be used as replacement units for James Bland and James Bland Addition), 10 workforce sales units and 8 market rate units. ARHA submitted an application for HOPE VI funds for the redevelopment of James Bland (148 units) and James Bland Addition (46 units) in City FY 2008. During FY 2009, ARHA plans to apply for City approvals for the redevelopment of the site, and also expects to submit a tax credit application to VHDA to help finance the project.

Developer Housing Contributions

Since City FY 2004, the City's ability to secure affordable housing units under its zoning ordinance has been governed by Section 15.2-2304 of the Virginia State Code, which enables the City to provide optional increases in density in exchange for affordable housing in a manner that allows greater flexibility than under the State Code section previously applicable to the City. In FY 2005, the City worked closely with developers and others to revise the level of developer contributions. The resulting report of the City-established Developer Housing Contribution Policy Work Group adopted a level of suggested contributions higher than the \$1.00 per gross square foot contained in the 2002 version of the policy. That report was accepted by City Council in June 2005, and the development community members of the work group pledged to encourage their colleagues to abide by the conclusions of the report.

The contributions adopted by the work group's report are as follows:

Commercial development	Voluntary contribution of \$1.50 per square foot of gross floor area (gfa)
Residential Tier 1 (density, floor area ratio (FAR), height at base level permitted by Zoning Code/Master Plan)	Voluntary contributions: Rental: \$1.50 per square foot of permitted gfa Sales: \$2.00 per square foot of permitted gfa
Residential Tier 2 (density, FAR, or height increase allowed with Special Use Permit)	Voluntary contribution of Tier 1 amount plus \$4 per additional square foot of gfa made possible by SUP
Residential Tier 3 (bonus density, FAR or height)	Voluntary contributions of Tier 1 and Tier 2 amounts (if applicable) plus 1/3 of additional units made possible by bonus provisions of Zoning Ordinance. Zoning Ordinance to be amended to include specific requirements for units to be provided for projects covered by bonus provisions.

Housing Trust Fund Contributions. Developer contributions are placed in the City's Housing Trust Fund to support a variety of affordable housing activities. During City FY 2009, approximately \$1,749,361 in Housing Trust Fund monies is expected be available for allocation to affordable housing activities. This includes \$704,367 in revenue anticipated to be received during the year (\$509,208 from developer contributions and the rest from interest and loan repayments). In addition, an estimated \$1,009,994 is expected to be available from FY 2008 and prior years, some of which was previously committed to several ongoing activities discussed in Section I (i.e., Moderate Income Homeownership Program, Employee Homeownership Incentive Program, Homeownership Counseling Program, and others).

Affordable Units Pledged by Developers. Four projects with a total of 109-115 units* will be in different stages of development in FY 2009. None of these previously pledged units are expected to be completed in FY 2009.

Affordable Housing Development

Although the Five Year Consolidated Plan calls for the development or preservation of at least 100 units per year, the City's goal for FY 2007 was increased to call for the development or preservation of 150 to 200 units per year. The City's ability to meet this target in FY 2009 will depend on the timing of projects that were previously approved or are currently under consideration, as well as how such projects affect the availability of funds.

Old Towne West a 319-unit mixed-income garden, mid-rise and townhouse apartment community has been placed on the market for sale by AMICO the current owner. The project includes 215 units which have Section 8 HAP contracts. The City is working with potential purchasers on finance packages to preserve the property as affordable housing.

Affordable Housing Initiatives Account and General Obligation Bonds. The Affordable Housing Initiatives Account consists of revenues from the City Council's dedication of one cent on the real property tax rate for affordable housing, which began in FY 2006. In FY 2006, Council also authorized the issuance of general obligation bonds for affordable housing, with the debt service on the bonds to be paid from the dedicated real property tax. To date, City Council has authorized the issuance of \$22.1 million in general obligation bonds, all of which has either been spent or committed to approved projects.

In FY 2009, the dedicated real property tax is expected to yield \$3,485,000. Nearly half of this amount (\$1,519,125) will be used to pay debt service on \$15 million in general obligation bonds issued during FY 2006, and the remainder can be used to fund additional projects or to pay for debt service on additional general obligation bonds. An additional authorization of general obligation bonds, up to the level that can be supported with the dedicated one-cent revenues, is also possible. The available real property tax monies, along with any additional general obligation bond authorization, will be used to preserve and expand the stock of affordable housing, with a primary focus on affordable rental housing.

Housing Opportunities Fund. The City established the Housing Opportunities Fund (HOF) in February 2002 to promote the development and preservation of affordable sales and rental housing units in the City. The HOF has been funded each year with a combined total of \$1 million dollars in HOME (including match), City General Fund and City Housing Trust Fund monies. Projects supported with HOME monies through the Housing Opportunities Fund will

* This includes one project for which the number of pledged units is 32-38. While all of the affordable units will be rental, the developer may build the overall project either as condominium units or rental units. If built for ownership, the units will be larger, and both the total number of units and the number of affordable units will be fewer.

leverage funding from state, local and/or private resources. Any HOME funds utilized for Housing Opportunities Fund projects will be subject to all applicable federal requirements, including income limits, rent levels and recapture or resale provisions.

During City FY 2009, an estimated \$900,000 in Housing Opportunities Fund monies (\$200,000 in General Fund monies, \$300,000 in HOME funds with match, and \$400,000 in Housing Trust Fund monies) is expected to be available to assist with feasibility studies, pre-development costs, land acquisition, new construction, rehabilitation, or other efforts to provide or preserve affordable housing, as well as to support the Alexandria Housing Development Corporation, discussed below.

The Alexandria Housing Development Corporation

In FY 2004, the City endorsed the creation of organization and named five incorporators who established the non-profit Alexandria Housing Development Corporation with a mission to produce and preserve affordable housing in Alexandria (primarily, but not limited to, multifamily rental housing). The AHDC was incorporated in May 2004 and its Board of Directors now numbers eight members.

Multifamily rental housing supported by this organization will serve households with incomes of up to 60% of area median income (currently \$59,040 for a four-person household). Though sales housing supported by the organization may serve households with incomes of up to 100% of area median income (currently \$99,000 for four-person household), at least 75% of all AHDC-supported units will serve households with incomes no greater than 80% of area median income (currently \$61,500 for a four-person household as defined by HUD). Housing provided through the efforts of this organization will be expected to remain affordable in perpetuity.

Though the housing corporation is an independent entity, the City will be its primary source of operating funds during its initial years. AHDC has three projects in various stages of approvals. During FY 2009, construction is expected to continue on a 64-unit rental apartment development. This innovative development, The Station at Potomac Yard, will be located above a planned City fire station in Potomac Yard Landbay G. The building will also include retail uses to be owned by AHDC and/or its partnership. This project is expected to be completed in FY 2010. AHDC will also acquire four additional units to be constructed in Potomac Yard Landbay H on approximately the same schedule. AHDC also hopes to acquire and rehabilitate 56 units (45 of which are to be designated as affordable) at Gunston Hall, for which City funding has been approved. Although funding has been approved, the owner and AHDC have not reached agreement with regard to the sale of the property. If AHDC is able to acquire this property, an application for tax credits will be submitted.

■ III.C. Actions to Remove Barriers to Affordable Housing

The City continues to work towards eliminating barriers to affordable housing development. One of the greatest regulatory barriers to the development of affordable housing may be State restrictions prohibiting the City from requiring mandatory contributions to affordable housing in new developments, except where they are in exchange for bonus density. Currently, with the exception of contributions in exchange for bonus density, all other contributions are voluntary. The Developer Housing Contribution Work Group report states that it was intended to provide the clarity and certainty desired by the development community with regard to affordable housing contribution levels for a minimum three-year period. The report was accepted in June 2005, nearly three years ago. The Affordable Housing Initiative Work Group is expected to recommend that this issue be revisited.

■ III.D. Fair Housing Activities

Since 1988, the City has conducted ongoing fair housing testing to determine the presence of discrimination in the housing industry. The testing program uses paid testers to contact apartment complexes, real estate firms and mortgage lenders posing as potential applicants to test for discrimination based on race, familial or disability status, and sexual orientation. The Office of Housing files complaints with the Alexandria Human Rights Office when serious, repetitive problems occur. City staff meets with representatives of the entities tested to discuss less serious problems of discrimination discovered during testing.

During City FY 2009, the Office of Housing will conduct fair housing testing for discrimination on one or more of the following bases prohibited by federal or state fair housing laws or the City's Human Rights Ordinance: race, age, marital status, color, national origin, familial status, disability sex, religion, ancestry and sexual orientation.

In City FY 2009, Office of Housing staff will coordinate and present public education programs to improve public awareness and promote compliance with fair housing laws. In addition to a regularly scheduled annual seminar, Office of Housing staff conducts on-site fair housing training for real estate and property management professionals. This training is provided as a free service to businesses operating in the City.

Finally, the City provides fair housing information to tenants and landlords through the free publication *The Alexandria Guide to Landlord-Tenant Laws and Policies*. The Office of Housing's budget for the Fair Housing Testing Program in City FY 2009 consists of \$55,983 in CDBG funds.

■ III.E. Actions to Evaluate and Reduce Lead-Based Paint

The City's Office of Housing ensures that applicable programs are operated in accordance with HUD's Title X regulations on lead-based paint. All HAP purchasers are provided with a copy of the Environmental Protection Agency pamphlet "Protect Your Family From Lead in Your Home" and must receive a disclosure form from the seller noting any known presence of lead-based paint. Units identified for purchase must be visually inspected for scaling, cracked, peeling or chipped paint by a certified risk assessor or Housing Quality Standard (HQS) inspector trained in visual assessment.

For cases in which deteriorated paint surfaces are identified, the City requires that such surfaces be stabilized before the homebuyer moves into the home. Such work must be conducted using safe work practices, and clearance testing must be conducted to determine that the lead hazard activities are complete. Prior to loan closing, and within 15 calendar days of the completion of lead hazard reduction activities, the homebuyer must be notified of the results of the clearance examination in a detailed report.

Assessments are also conducted when painted surfaces are to be disturbed or replaced through the City's Home Rehabilitation Loan Program. All costs associated with soil analysis tests (which must be done by the state) and the abatement of lead-based paint hazards will be included as part of the client's rehabilitation loan. For this program, the level of assistance being provided determines the actions that need to be taken to meet the requirements of the Title X regulations. These action levels are as follows:

- ▶ Assistance of \$5,000 or less: Conduct paint testing on the painted surfaces to be disturbed or replaced during rehabilitation and repair any paint that is disturbed. Perform clearance examination of worksite in accordance with HUD regulations. Clearance is not required if rehabilitation did not disturb painted surfaces of a total area more than 20 square feet on the exterior and two square feet on the interior in any one room.
- ▶ Assistance of \$5,001-\$25,000: Conduct paint testing on the painted surfaces to be disturbed or replaced during rehabilitation. Perform a risk assessment to include exterior painted surfaces, and perform interim controls on all lead-based paint hazards identified.
- ▶ Assistance of \$25,000 or greater: Conduct paint testing on the painted surfaces to be disturbed or replaced during rehabilitation and perform a risk assessment to include exterior painted surfaces. Abate all lead-based hazards identified by the paint testing or risk assessment and any lead-based paint hazards created as a result of the rehabilitation work. Interim controls are acceptable on exterior surfaces that are not disturbed by rehabilitation. This would refer to items that may be identified in the risk assessment but are not included in the scope of work for rehabilitation.

All testing and risk assessments, as well as clearance of any identified lead hazards, are performed by a certified lead-based paint inspector and a certified risk assessor to determine if rehabilitated units are safe for future occupants. At all times during rehabilitation, the City ensures that interim controls and standard treatment practices are followed. These include

addressing friction and impact surfaces, creating smooth and cleanable surfaces, encapsulation, removing or covering lead-based paint components, and paint stabilization. The City also follows regulatory requirements regarding abatement and permanently removes lead-based paint hazards, often through paint and component removal and enclosure. In addressing these hazards, the City follows safe work practices for all work to be completed on lead-based paint surfaces. These practices are required on interior surfaces larger than two square feet and on exterior surfaces larger than 20 square feet.

All initial meetings with the loan applicant and the architect include a discussion of lead-based paint requirements that may result in additional rehabilitation work and/or costs that were not anticipated by the client. If necessary to cover the cost of lead abatement activities, the program's loan limits can be exceeded, and the loan-to-value ratio can go as high as 110% of the home's value.

The Health Department will continue its lead-screening program for children during City FY 2009 at a projected cost of \$3,850 (not including follow-up or case management). An estimated 350 tests will be conducted to determine if the lead level of Alexandria children is above acceptable levels. Children with screening (capillary) levels above 10 µg/dl will have venous blood tested for lead levels. For children determined to have venous blood lead levels above 15 µg/dl, the Health Department will conduct environmental tests using its lead-based paint analyzer on suspect buildings in the City where these children live or play. Children with marked elevations will receive case management for necessary treatment and follow-up.

■ III.F. Actions to Reduce the Number of Poverty Level Families

The City's strategy regarding assistance to households with incomes below the federal poverty line is generally to support those programs, within available funds, that will help reduce the number of these households by improving their economic status through education, job training and job placement, and other support services. Many of the supportive housing and services for the extremely low and low-income previously described in this Plan, especially those for homeless and at-risk persons, coincide with this strategy. As noted below, many of the City programs and services are offered in coordination with other public, private and non-profit organizations.

■ III.G. Developing Institutional Structure

The organizational structure for carrying out the City of Alexandria's affordable and supportive housing strategy is well developed and involves a variety of public and private entities. This formal structure is very effective in implementing activities and programs to meet community needs. The City government, public agencies such as ARHA, and the network of private provider agencies which offer housing and/or supportive services in collaboration with public agencies aggressively pursue opportunities that will provide

additional resources for particular steps on the continuum of services. The Housing Development Corporation discussed in Section III.B above has been created to enhance the existing institutional structure by establishing a development entity whose primary focus is to carry out housing development and preservation projects within the City.

A Memorandum of Understanding (MOU) was signed in FY 2008 to strengthen the partnership between the City and ARHA through shared information and enhanced communication. The MOU identifies measures to evaluate and manage performance by both parties in the areas of budgeting, capital planning, and organizational management. The MOU represents an effort to create an interactive partnership through processes for better planning and coordination to achieve a shared affordable housing strategy for Alexandria to sustain and improve public and publicly-assisted housing within the City of Alexandria. The MOU is intended to provide a vehicle for the City and ARHA to work as partners to jointly undertake short and long term land use and capital planning, including preparation of a comprehensive Strategic Plan. It will also help to monitor program performance and achieve a better long-term financial condition for ARHA, with the goal of improving the living environment for ARHA's residents.

▪ **III.H. Coordination Between Public and Private Housing and Social Service Agencies**

Office of Housing staff work in cooperation with staff from the City's departments of Human Services and Mental Health, Mental Retardation, and Substance Abuse, in addition to the non-profit organizations that work with these agencies, to address affordable housing and supportive housing needs of the homeless and other persons with special needs.

The Alexandria Council of Human Service Organizations (ACHSO) will continue to operate in FY 2009 with the mission to improve human services through cross sector collaboration to benefit the entire Alexandria community, resulting in an innovative and integrated human services model. The council provides networking opportunities through quarterly meetings and committees. Members work closely with colleagues from other sectors and fields of interests, creating opportunities for meaningful collaboration. Quarterly meetings also offer professional development through training and in-depth education programs. ACHSO is working on a member's website, which will feature job postings, community data, a membership directory, research information, and organizational templates for policies and procedures.

The Alexandria Redevelopment and Housing Authority (ARHA) and City agencies frequently, and informally, coordinate their efforts to serve public housing residents. In addition, the Family Self-Sufficiency Coordinating Group, with representatives from ARHA, City agencies and community members, coordinates service delivery efforts.

The Office of Housing also works with agencies such as Fannie Mae, formerly the Federal National Mortgage Association, to stay abreast of new homeownership funding programs and underwriting requirements that would benefit various income level households.

■ III.1. Fostering of Public Housing Improvements and Resident Initiatives

Public Housing Improvements

As in previous years Action Plans, ARHA is continuing to invest Public Housing Capital funds to improve those Public Housing developments that are in need of capital improvements, based on the most current Physical Needs Assessment and the amount of funds granted by HUD to accomplish the necessary rehabilitation. Most of the funds are used in the substantial rehabilitation of vacant units and infrastructure improvement of existing buildings.

Additionally, ARHA has targeted those developments that due to building age and the assessed physical needs would benefit the most of the rehabilitation process. For the FY 2009, we anticipate the redevelopment of at least 152 units, with the disposition of the older structures and the construction of new affordable rental units within a mixed development. This initiative is being implemented in conjunction with the City of Alexandria and a Developer Partner and using a mixed source of funds.

ARHA Resident Initiatives

ARHA established its Social Services Division in 1999 to implement structured programs emphasizing education, training, and employment intended to promote self-sufficiency for residents. To support these programs, ARHA seeks federal, state and private grant monies usually in competition with other public housing authorities, resident councils, local and state governments and non-profit organizations, as well as in-kind services from local government agencies, community groups, faith-based organizations and non-profits. During City FY 2009 ARHA anticipates that limited social services will be provided to its residents through the Family Resource Learning Center (FLRC), which provides a variety of educational, social, and cultural activities for public housing children of all ages, and the Senior Services Outreach Program, under which ARHA collaborates with City and private agencies to ensure timely delivery of services such as medical care, meals, clothing, financial management, and access to social services for elderly and disabled ARHA residents. General social services provided by City agencies are also available to ARHA residents.

During City FY 2009, ARHA will continue to promote resident input on ARHA initiatives. It is expected that parents and volunteers from the neighborhood will continue to work closely with the Family Resource Learning Center (FRLC). It is ARHA's hope that the FRLC activities will be expanded to the Hopkins-Tancil Moderate Rehabilitation Site by CY 2008. ARHA has received funding under the Federal Economic Development Initiative Program to renovate two (2) units at this development to provide much needed educational, social, and cultural activities center for the children of all ages that reside at this development and other nearby Public Housing children. In addition, it is anticipated that the Agency Plan Residents' Advisory Board, which is comprised of public housing and Section 8 residents

elected in an ARHA-wide election, will continue to contribute resident input on the Annual and Five-Year Public Housing Authority Plans required by HUD, and that both the Alexandria Residents Council (ARC) and the Ladrey High-Rise Advisory Board (LHAB) will continue to work with ARHA to address resident needs.

APPENDIX I

Federal Application and Certification Forms
City FY 2009 CDBG and HOME Budgets
Listing of Proposed City FY 2009 CDBG/HOME-Funded Projects

Application for City FY 2009 (Federal FY 2008) Community Development Block Grant and Home Investment Partnerships Program Funds

This Appendix serves as the City's application for Federal Fiscal Year 2008 Community Development Block Grant (CDBG) and Home Investment Partnerships (HOME) Program funds. These funds will cover the City Fiscal Year 2009, from July 1, 2008 to June 30, 2009. For three decades, the City of Alexandria's highest community development priority has been to provide affordable housing opportunities for its low- and moderate-income citizens. Alexandria's 34th year CDBG and FFY 2008 HOME programs reflect the City's continued commitment to that objective.

From City FY 1976 through City FY 2008, the City has received \$42,113,446 in CDBG funds and has utilized the vast majority of these funds to address housing needs. With the inception of the HOME Program in 1990, under which the City has received \$10,937,204 from City FY 1993 through City FY 2008, the City has been able to address additional housing needs.

Together, the CDBG and HOME programs will continue the City's ongoing efforts to provide homeownership opportunities for low- and moderate-income homebuyers, housing rehabilitation assistance to income-eligible homeowners, and transitional housing assistance to homeless families, and otherwise address the housing needs of its low- and moderate-income citizens and neighborhoods. In addition, the City will continue its efforts to identify and eradicate illegal housing discrimination.

As shown in Tables B and C included in this Appendix, the City's total consolidated HUD allocation for Federal FY 2008 is \$2,063,923, including \$1,233,389 in CDBG funding and \$830,534 in HOME Program funding. The pages following Tables B and C, labeled "Listing of Proposed Projects," provide information on the proposed use of the CDBG and HOME funds, including a description of each proposed activity, funding sources, proposed accomplishments, information as to whether the activity will benefit the homeless or persons with HIV/AIDS, and the location of the activity. The CDBG-funded activities will include a local code number, the regulatory citation for eligible activities under the CDBG Program as well as the national objective citation (the national objective citation is not applicable to HOME Program-funded activities).

Following the Proposed Projects in this Appendix are the certifications, which are required as a condition of receiving the federal funds. In addition, the City has included specific HOME Program requirements, which must be part of its application for these funds.

Application for Federal Assistance SF-424

Version 02

***Applicant Federal Debt Delinquency Explanation**

The following should contain an explanation if the Applicant organization is delinquent of any Federal Debt.

▪ **Specific HOME Program Requirements**

A. Other Forms of Investment

The Consolidated Plan requires that the City describe other forms of investment proposed for use of HOME Program funds that are not included in the HOME Program regulations. The regulations include the following eligible forms of assistance: equity investments; interest-bearing loans or advances; non-interest bearing loans for advances; interest subsidies; deferred payment loans; and grants. The City does not plan to utilize any other additional forms of investment that are not included in the HOME Program regulations.

B. Definition of Modest Housing for HOME-Assisted Ownership Units

To comply with the Home Program requirement that HOME-assisted ownership housing units qualify as affordable housing (i.e., that a unit's value does not exceed 95% of the median purchase price for single-family housing in the area), the City is required to define "modest housing" and describe the procedures to be used to determine that HOME-assisted ownership units fall within that definition.

As allowed by the HOME regulations for activities involving homeownership housing, the City will qualify a unit as modest housing for HOME purposes if the value of the unit falls within the Single Family Mortgage Limits under Section 203(b) of the National Housing Act (currently \$661,200 for a one-family home). When the HOME-funded activity involves homebuyer assistance, the City will utilize an appraisal to determine the property value of the assisted housing unit. When the activity involves rehabilitation of an owner-occupied housing unit, the City will generally utilize the property tax assessment to determine value. However, if the owner's equity is inadequate to secure the City's loan, the City may order an after-rehabilitation appraisal to establish whether or not the loan-to-value ratio will be acceptable upon completion of the rehabilitation.

C. Recapture Provisions

The City will provide home purchase assistance in the form of no interest, deferred payment, second trust loans up to the Homeownership Assistance Program's maximum loan limit (currently \$50,000). The resale of all HOME-assisted properties during the required affordability period will be governed by the recapture guidelines below which have been previously approved by HUD:

- i. The City's HOME-funded loan shall be repaid in full from the net proceeds of the sale of any HOME-assisted property. If the net proceeds are less than the full amount of the HOME subsidy, the borrower shall pay the net proceeds to the City.
- ii. For resales occurring in the first five years following HOME-assisted purchase, an anti-speculation surcharge will be assessed equal to 25 percent of the loan value in the first

year and decreasing by 5 percent in each subsequent year. The applicable surcharge, in combination with the loan repayment, shall not exceed the net proceeds of the sale. The City reserves the right to waive the surcharge in cases where potential speculation is not a factor (e.g., limited equity cooperatives).

- iii. Funds repaid to the City from the sales of HOME-assisted properties shall be used to assist other first-time homebuyers.

■ CDBG and HOME Requirements

Monitoring of CDBG and HOME-Funded Programs

To evaluate progress and to ensure compliance with CDBG and/or HOME requirements, as well as other federal guidelines, the City will conduct annual site visits with subrecipients to review program files and financial records.

Standards and Procedures that will be used to Monitor Activities and Ensure Long-term Compliance with Program Requirements

The City's Office of Housing will be the lead entity for ensuring that progress is made towards the goals and priorities established in the Plan. The performance measurement (for objectives and outcomes measures, and outcomes) as reflected in the Executive Summary will be used as performance targets. The City will allow for ongoing tracking of activities and programs through regular reporting of current and planned activities.

The City's Office of Housing will also track progress through compilation of data and information that will be used for the Consolidated Plan Annual Performance Report (CAPER). The CAPER will include information regarding the use of federal, state, local and private funds used to provide affordable housing, support services for low-to-moderate income families; resources expended; persons/households assisted; characteristics of persons or households, racial/ethnic characteristics, summary of achievements, and if applicable, the reasons for lack of progress in particular areas or programs.

The Office of Housing is responsible for seeing that CDBG- and HOME-funded programs and projects are administered in a manner consistent with program regulations. Most of the activities proposed for funding under the FY 2009 CDBG and HOME Program will be carried out by the City's Office of Housing or its Department of Human Services. Any subrecipients who utilize CDBG or HOME funds will be subject to the requirements of a grant or loan agreement with the City, and will be required to submit reports to the City on a regular basis. Housing staff will also conduct on-site monitoring to determine if the subrecipients are in compliance with program requirements, and when appropriate, will notify subrecipients of any corrective actions that may be needed.

Affirmative Marketing of HOME Projects and Programs

The City relies on a variety of approaches to ensure affirmative marketing of HOME-funded loan activities including the Homeownership Assistance Program (HAP) and Home Rehabilitation Loan Program (HRLP).

HAP and the locally funded Moderate Income Homeownership Program (MIHP) are marketed to potential homebuyers who live or work in the City of Alexandria by way of a direct mail postcard, a brochure and the City's annual homeownership fair. The City has developed a marketing brochure for distribution at the Fair, Office of Housing offices and at other events, such as new employee orientations and staff meetings.

In publicizing the annual Homeownership Fair, postcards are mailed to renters living in the City and letters are sent to civic associations, religious institutions, and public and private employers. The Fair is also publicized through a notice on the local cable access television station, on the City's Web site (www.alexandriava.gov) and through newspaper advertisements. Fair participants are provided with a variety of information, in English and Spanish, on the homebuying process, affordable housing opportunities and affordable financing.

In addition to sponsoring the annual Homeownership Fair, the City regularly conducts community-wide outreach and home purchase education in connection with its homeownership assistance programs. The City provides targeted outreach, which includes households with children, government and school employees and language minority populations, through attendance at English as a Second Language (ESL) classes, and at community events such as the Department of Human Service's Multicultural Outreach Fair, the Arlandria National Night Out and the Arlandria Community Hispanic Heritage Festival.

The City has also partnered with the Alexandria Redevelopment and Housing Authority (ARHA) and Shiloh Federal Credit Union to reach very low-income households currently residing in public housing or participating in the Section 8 Housing Choice Voucher program who are interested in pursuing homeownership. This partnership includes efforts to assist Section 8 voucher holders, those participating in Shiloh's Individual Development Account (IDA) program, as well as in ARHA's Family Self-Sufficiency (FSS) program.

To increase the participation of persons with physical and sensory disabilities in City homeownership programs, the City holds the annual Homeownership Fair in an accessible location. Brochures describing the Fair include a statement that on-site assistance and special arrangements are available to individuals with disabilities with advance notice. City staff also coordinates with the Office of Adult and Aging Services staff to provide an overview of the City's homeownership and home modification programs and to request assistance in conducting outreach to the elderly population on the availability of these services.

Extensive outreach efforts on City homeownership programs targeted to City real estate professionals is conducted through staff attendance at sales meetings at real estate agencies and through lender/realtor seminars sponsored by the City. The City also participates in the Northern Virginia Association of Realtors (NVAR) Affordable Housing Task Force. This group has developed a Web site (www.nvar.com), which provides a range of information on home purchase assistance programs, including the City's HAP and MIHP programs, throughout the Northern Virginia region.

The Home Rehabilitation Loan Program (HRLP) is marketed through selected mailings of program brochures to households in census tracts in the City where sizeable numbers of eligible households are believed to reside. In addition, the City continues to conduct targeted marketing within neighborhoods where home rehabilitation projects are being implemented. Outreach to civic organizations and to agencies serving elderly and low-income City residents, as well as coordinated outreach with the City Departments of Code Enforcement and Planning and Zoning will continue.

Efforts to Utilize Minority- and Women-Owned Businesses

As part of the City's participation in the CDBG and HOME Programs, outreach efforts to recruit and hire minority- and women-owned businesses will include the following:

1. Obtaining lists of minority and female contractors from the following agencies/ organizations:
 - Licensing Board of the State of Virginia;
 - Virginia Department of Minority Business Enterprise;
 - Virginia Regional Minority Supplier Development Council;
 - The Minority Business Development Center, District Office;
 - Community Development Block Grant programs in the metropolitan Washington Area;
 - Minority and Women Business Development Trade Associations; and
 - Purchasing Division of the City;
2. Making routine mailings to contractors to solicit applications from minority contractors. This has been very effective in past minority and women recruiting efforts; and
3. Involving the City's Purchasing Division in our efforts to attract minority contractors. As a result of ongoing efforts by the Office of Housing to recruit minority and women contractors, the City's Home Rehabilitation Loan Program contractor list is comprised of 13 contractors, two (15%) of whom are minorities. One of the two minorities is female. This list will be used, where appropriate, in selecting contractors for HOME-funded activities.

The City has a policy, implemented by the City's Purchasing Agent, to increase opportunities for participation of small minority and women-owned firms in all aspects of procurement. Efforts made to implement the policy include education and outreach to inform potential firms of the City's procurement policies and developing solicitation lists that include qualified small and minority businesses. This written policy is included in the City's "Vendor Guide to Conducting Business with the City of Alexandria." The policy encompasses the Request for Proposal process used to obtain services needed to operate the City's housing programs, especially appraisal and legal services.

The Commonwealth of Virginia selects financial institutions throughout the state to process applications for below market, first trust financing for first-time homebuyers. The City works with agents of these institutions to obtain mortgage financing for participants in the Homeownership Assistance and Moderate Income Homeownership Programs, which provide down payment, closing cost, and principal write-down assistance. The state seeks out minority-owned financial institutions where they are available, but they are not aware of any in the Northern Virginia area.

In addition, the City makes available the "Guide to Establishing a Small Business," which is published by the Alexandria Chamber of Commerce and the Small and Minority Business Task Force. The Guide is a business resource directory, which contains information on starting a business in Alexandria, City procurement procedures, business education resources, and on how to access City departments.

CDBG and HOME Program Certifications

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing: The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan: It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME Programs.

Drug Free Workplace: It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about -
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will:
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted:
 - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through the implementation of paragraphs 1, 2, 3, 4, 5, and 6.

Anti-Lobbying: To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraphs 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction: The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with the Plan: The housing activities to be undertaken with CDBG, HOME, ESG and HOPWA funds are consistent with the strategic plan.

Section 3: It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation: It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan: Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 Part 570.)

Following a Plan: It is following a current Consolidated Plan that has been approved by HUD.

Use of Funds: It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities in which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health and welfare of the community, and other financial resources are not available;
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2006, 2007 and 2008 (a period specified by the grantee consisting of one, two, or three specific consecutive federal program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from

other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate income (not low income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force: It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination Laws: The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint: Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R.

Compliance with Laws: It will comply with applicable laws.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance: If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs: It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in 92.214.

Appropriate Financial Assistance: Before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing.

APPENDIX TO CERTIFICATIONS**INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:****A. Lobbying Certification**

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Office of Housing: 421 King Street, Suite 200
Alexandria, Virginia 22314

Department of Human Services: Office of Community Services
2525 Mt. Vernon Avenue
Alexandria, Virginia 22305

Check ____ if there are workplaces on file that are not identified here.

The certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are not on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Consolidated Plan Priority Levels and Strategies

As part of the Consolidated Plan, HUD requires that priority levels be assigned to housing and homeless services activities and needs groups according to the following HUD definitions:

high priority - activities to address this need will be funded by the locality during the five-year Consolidated Plan period.

medium priority - if funds are available, activities to address this need may be funded by the locality during the five-year Consolidated Plan period. Also, the locality will take other actions to help other entities locate other sources of funds.

low priority - the locality will not fund activities to address this need during the five-year Consolidated Plan period; however, the locality will consider certifications of consistency for other entities' applications for federal assistance.

The priority levels assigned by the City in its FY 2006-2010 Consolidated Plan to the different housing and homeless services activities and needs groups are identified in APPENDIX III below. These levels reflect the City's decision to assign a high priority level to those activities for which there existed a clear indication that funding would be allocated during the current five-year Consolidated Plan term. For activities where funding was uncertain due to fiscal constraints, dependence on competitive grant programs or other circumstances, a relative priority of medium or low was established based on the needs of the group to be served, and the likelihood of funding being provided by the City (as opposed to other entities).

It should be noted that these priority levels do not necessarily reflect the need level that may exist in the community as determined by the City's analysis of Census data, existing and projected market conditions, and public input.

* As required by HUD, priority levels assigned in this table reflect the likelihood that federal funds will be used alone or in conjunction with non-federal funds to address the housing needs of the specified target group during the Consolidated Plan period

** Percentages are percentage of area median income used to reflect the following income categories as defined in Table A: extremely low-income (0-30%), low-income (31-50%) and moderate-income (51-80%). As described in the Introduction, the upper limit for the moderate-income category is less than 80% of area median income.

*** Needs data presented in this table is based on HUD tabulations of data from the 2000 U.S. Census (see Table H in Section II of the Consolidated Plan document).

Summary of Specific Homeless/Special Needs Objectives

Obj #	Specific Objectives	Performance Measure	Expected Units
HOMELESS OBJECTIVES			
1	Provide a Safe Haven facility to shelter homeless persons with mental illness and possibly a co-occurring substance abuse problem, including the chronically homeless, who are unable to conform to standard emergency shelter, transitional housing and supportive housing programs.	Facilities	Annual: Not Applicable 5-Year: 1
2	Provide 21 facility-based and 40 tenant-based transitional housing placements per year.	Households	Annual: 61 5-Year: 61 per year
3	Identify resources to increase transitional housing capacity to former caseload levels by adding 8 placement options.	Households	Annual: Not Applicable 5-Year: 8
4	Develop affordable housing for single adults with incomes at or below HUD's extremely low-income limit (e.g., single room occupancy or SRO style housing).	Facilities	Annual: Not Applicable 5-Year: 1
*Added in FY07			
*5	Provide safe and dignified shelter and services to homeless persons unwilling to adjust to a structured case management program during a time of the year when living outdoors presents a serious health hazard through exposure.	Persons	Annual: 350 5-Year: 350 per year
*6	Provide for the transportation and storage of possessions of households that are about to be evicted and lack a suitable place to store them.	Persons	Annual: 150 5-Year: 150 per year
*7	Provide financial assistance to homeless and overcrowded low-income households who need an affordable residence in order to make the transition from emergency shelter to self-sufficiency.	Persons	Annual: 190 5-Year: 190 per year
SPECIAL NEEDS OBJECTIVES			
1	Develop or support the development of an assisted living facility which can accommodate elderly persons with incomes at or below HUD's moderate-income limits who are unable to live independently in the community.	Facilities	Annual: Not Applicable 5-Year: 1
2	Improve living conditions for 225 elderly homeowners with incomes at or below HUD's moderate-income limits occupying ownership units with physical defects and/or that are in need of accessibility modifications.	Units	Annual: 45 5-Year: 225
3	Relieve the housing cost burden for over 900 income-eligible elderly renters and/or homeowners per year.	Households	Annual: 900 5-Year: 900 per year
4	Improve living conditions for eight non-elderly disabled homeowners with incomes at or below HUD's moderate-income limits occupying ownership units with physical defects and/or that are in need of accessibility modifications.	Units	Annual: 2 5-Year: 8
5	Support accessibility modifications in 15 existing privately-owned rental housing units occupied by disabled renters with incomes at or below HUD's moderate-income limits.	Units	Annual: 3 5-Year: 15
6	Relieve housing cost burden for 70 income-eligible non-elderly disabled renters and/or homeowners per year.	Households	Annual: 70 5-Year: 70 per year
7	Continue to provide a continuum of residential treatment services to individuals with mental health, mental retardation and/or substance abuse problems.	Persons	Annual: 239 5-Year: 239 per year
8	Develop four new group homes with an estimated total capacity of 24 beds to provide permanent residential treatment services for persons with mental health, mental retardation and/or substance abuse problems.	Units	Annual: Not Applicable 5-Year: 4
9	Develop 15 supervised apartments with an estimated total	Units	Annual: Not Applicable

	capacity of 45 beds to provide permanent residential treatment services for persons with mental health, mental retardation and/or substance abuse problems.		5-Year: 15
10	Provide 10 tenant-based rental vouchers through the Section 8 Housing Choice Voucher Program to enable more individuals with mental health, mental retardation and/or substance abuse problems to secure affordable permanent supportive housing within the City.	Households	Annual: 10 5-Year: 10 per year
11	Maintain 10 tenant-based rental housing vouchers to provide rent subsidies to income-eligible persons living with HIV/AIDS and their families.	Households	Annual: 10 5-Year: 10 per year

APPENDIX IV

Summary of City Comments On Action Plan and City Response

The City encourages citizen comments on the annual Action Plan, and offers the community the opportunity to provide input at two public hearings on the Plan, one held during the Action Plan development process and one before City Council during the HUD-required 30-day public comment period. The 30-day public comment period on the City FY 2009 Action Plan will begin on Wednesday, March 19 and end on Thursday, April 17, 2008. A summary of the comments received and the City's response to those comments follows.

The first public hearing was sponsored by the City's Office of Housing, Department of Human Services, Department of Mental Health, Mental Retardation and Substance Abuse, and the Alexandria Health Department on Monday, September 24, 2007 at 7 p.m. at City Hall, Room 2000 at 301 King Street, Alexandria. The purpose of the first public hearing was to obtain the community's input on housing, homeless and community and economic development needs prior to the preparation of the Action Plan. City staff attending the public hearing represented the Office of Housing, the Departments of Human Services, and Mental Health, Mental Retardation and Substance Abuse.

The following is a summary of comments received in writing from the public hearing held on September 24, 2007. These comments have been summarized for brevity.

1. **Meka A. Jones, Community Lodgings Transitional Housing Director.** Ms. Jones would like to see money restored in the Transitional Housing Program administered by Northern Virginia Family Service to help homeless clients who she believes are vulnerable to health problems, who are not able to obtain health insurance, and who have children in public schools with behavioral issues due to the above-mentioned circumstances. Ms. Jones emphasized that transitional housing programs help Northern Virginia/Alexandria underserved clients—disabled families under retirement age, transient clients, and clients aging out of foster care—become self sufficient in a 6-month, 2-year period.
2. **Kari Galloway, Executive Director of Friends of Guest House.** Ms. Galloway requested that agencies and the public be given the opportunity to address the issue of the discontinuation of the Transitional Housing Program. Ms. Galloway stressed the importance of the program to clients and believes that the program helps clients to strive to make a change from the way they have been used to living.
3. **Bonnie Baxley, Executive Director for Community Lodgings.** So that assistance may continue to be provided to homeless persons and persons threaten with homelessness, Ms. Baxley would like the City to reinstate funds or at least maintain any funds that are currently available for transitional housing programs.
4. **Emma Waller, Senior Case Manager for Friends of Guest House.** Ms. Waller emphasized the need for officials to revisit the decision to discontinue funding for the Transitional Housing Program. She expressed the need to have a formal hearing so that the homeless population may have the opportunity to express their opinion regarding the funding cut.

5. Donna Harrington, a participant in the Northern Virginia Transitional Housing Program. Ms. Harrington provided a testimony of how she benefited from the Transitional Housing Program and urges the City to continue to support it. Ms. Harrington indicated that since enrolling in the program, she has become financially capable of living in affordable housing while focusing on other goals.

6. Kathy D. Goode, a participant in the Northern Virginia Transitional Housing Program. Ms. Goode provided a testimony of how the Transitional Housing Program provided her an opportunity to become financially stable, be responsible, acquire good working ethics, and obtain affordable housing. Ms. Goode urges the City to reevaluate the success of the transitional housing program before discontinuing it.

City Combined Response to 1-6: Two basic points were made by all respondents. The first is to restore funding to the Transitional Housing Program and the second is the need for a formal public hearing on the discontinuation of the program. The Transitional Housing Program mentioned is a city program that was administered under a contract with Northern Virginia Family Services funded for Alexandria residents with Housing Trust Fund monies. The program will be discontinued when the last clients end their two-year period in the program in June 2008. The decision to discontinue the program was based on limited projected funds in the Housing Trust Fund over the coming years; there are insufficient funds to be able to make a two-year commitment for transitional housing subsidies. With regard to a formal public hearing on the discontinuation of the program the community will have the opportunity to speak to City Council at the Budget Public Hearing on April 14 and has had the opportunity to speak at the September 24, 2007 Public Hearing held by staff.

A second public hearing on the Action Plan for City FY 2009 will be held before City Council on Saturday, April 12, 2008 at 9:30 a.m.
