Alexandria, VA 22314
Tel: 703.838.4550
Fax: 703.838.6433

Dear Mayor and City Council,

I am a member of the Parent Advisory Board for Patrick Henry Recreation Center. I am concerned about the removal of Patrick Henry Recreation Center from the budget for renovations and expansion. This recreation center has not been renovated since 1997. The center houses the most adolescents of all the recreation centers in Alexandria and always has children on a waiting list to attend the after school and summer programs. It does not have the amenities that the other Alexandria Recreation Centers have. There is not enough space or any equipment to provide additional activities to the kids such as homework time, tutoring, dance or any access to computers. They do not have enough rooms to separate the kids appropriately by age group and the kids are sitting in one of three rooms for long periods of time daily. There is no space to provide any activities or a weight room for the adults. This center is also not secure due to fact that the door is not visible from the staff desk. Overall this recreation center is not serving the needs of the community and the Department of Recreation is not fulfilling their role.

I am hoping to gain your support in voting to have the Patrick Henry Recreation Center reinstated to the 2009 Budget for renovations and expansion.

Thank you for your time and I appreciate any help you can provide with this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Jalea B. [unclear]". The signature is written in a cursive style with a horizontal line through the middle.

There is no space to provide any activities or a weight room for the adults. This center is also not secure due to fact that the door is not visible from the staff desk. Overall this recreation center is not serving the needs of the community and the Department of Recreation is not fulfilling their role.

I am hoping to gain your support in voting to have the Patrick Henry Recreation Center reinstated to the 2009 Budget for renovations and expansion.

Thank you for your time and I appreciate any help you can provide with this matter.

Sincerely,

Dear Mayor and City Council,

I am a member of the Parent Advisory Board for Patrick Henry Recreation Center. I am concerned about the removal of Patrick Henry Recreation Center from the budget for renovations and expansion. This recreation center has not been renovated since 1997. The center houses the most adolescents of all the recreation centers in Alexandria and always has children on a waiting list to attend the after school and summer programs. It does not have the amenities that the other Alexandria Recreation Centers have. There is not enough space or any equipment to provide additional activities to the kids such as homework time, tutoring, dance or any access to computers. They do not have enough rooms to separate the kids appropriately by age group and the kids are sitting in one of three rooms for long periods of time daily. There is no space to provide any activities or a weight room for the adults. This center is also not secure due to fact that the door is not visible from the staff desk. Overall this recreation center is not serving the needs of the community and the Department of Recreation is not fulfilling their role.

I am hoping to gain your support in voting to have the Patrick Henry Recreation Center reinstated to the 2009 Budget for renovations and expansion.

Thank you for your time and I appreciate any help you can provide with this matter.

Sincerely,

Walter F. Baird

Dear Mayor and City Council,

I am a member of the Parent Advisory Board for Patrick Henry Recreation Center. I am concerned about the removal of Patrick Henry Recreation Center from the budget for renovations and expansion. This recreation center has not been renovated since 1997. The center houses the most adolescents of all the recreation centers in Alexandria and always has children on a waiting list to attend the after school and summer programs. It does not have the amenities that the other Alexandria Recreation Centers have. There is not enough space or any equipment to provide additional activities to the kids such as homework time, tutoring, dance or any access to computers. They do not have enough rooms to separate the kids appropriately by age group and the kids are sitting in one of three rooms for long periods of time daily. There is no space to provide any activities or a weight room for the adults. This center is also not secure due to fact that the door is not visible from the staff desk. Overall this recreation center is not serving the needs of the community and the Department of Recreation is not fulfilling their role.

I am hoping to gain your support in voting to have the Patrick Henry Recreation Center reinstated to the 2009 Budget for renovations and expansion.

Thank you for your time and I appreciate any help you can provide with this matter.

Sincerely,

April 9, 2008
