## I. DISCUSSION

### REQUEST

The applicant, J, S and Family, requests special use permit approval for the operation of a child care center located at 1400 Duke Street.

### SITE DESCRIPTION

The subject property is part of a parcel comprised of two lots having approximately 498 feet of frontage on Duke Street, approximately 335 feet of frontage on South West Street, and a total lot area of approximately 167,786 square feet, or 3.8 acres. The site is developed with a complex of office buildings and flex space. Access to the property is from both Duke and South West Streets. The subject property is located at the southwest corner of Duke and South West Streets, and bordered by Jamieson Street to the south. The subject building is currently occupied by the Shiloh Baptist Meeting and Conference Center, with a child care center at the north end of the building and a church worship center at the south end of the building. The proposed child care center will occupy approximately 11,000 square feet of existing space at the north end of the building on both the first and second floors.

### BACKGROUND

On March 18, 1995, City Council granted Special Use Permit #95-0391 for the expansion of an existing commercial school on the subject property. On May 16, 1998, City Council granted Special Use Permit #98-0035 for the further expansion of the commercial school. On September 20, 2005, City Council granted Special Use Permit #2005-0074 for the operation of the Happy Home child learning center in a portion of the subject property. On November 18, 2006, City Council granted Special Use Permit #2006-0082 for the operation of the Agape Christian Academy which currently occupies the subject tenant space.

### PROPOSAL

The applicant proposes to operate a day care center and private school for children six weeks to 14 years in age. The applicant intends to have up to 196 children in the facility, based on State Licensing square foot per child requirements. The center will have 50 staff members and operate from 7:00 am to 6:00 pm, Monday through Friday. The children will use the African American Heritage Park for the play area and the applicant's playground at 211 Commerce Street in event of a conflict with Happy Home's use of Heritage Park.

Hours: 7:00 am – 6:00 pm, Monday through Friday

Number of children: 196

Number of staff: 50

Noise: Staff will control noise levels to avoid impacting surrounding uses

Trash/Litter: Trash to be collected twice a week, staff will patrol the site for litter

PARKING & DROP-OFF/PICK-UP

According to Section 8-200(A)(11) of the Zoning Ordinance, a day care requires two parking spaces for every classroom. A day care with seven classrooms will be required to provide 14 off-street parking spaces. The applicant has proposed to provide 20 on-site parking spaces that the church is not currently using during the hours proposed by the applicant. The applicant also proposes to allocate eight of the 20 parking spaces located near the entrance of the building as the pick-up and drop-off area for the children. In addition, parking for the Shiloh Baptist Church Meeting and Conference Center was calculated as part of the parking reduction request under SUP#2003-0099 approved by City Council on January 24, 2004. There are 63 parking spaces at 1400 Duke Street. Of the 63 parking spaces, six spaces are designated to BAE Systems. Also, 10 spaces are designated to Happy Homes Child Care Center, a first floor tenant at the northeast end of the building, leaving 47 spaces for the applicant and the church sanctuary and its related meeting and office activities. As a practical matter, the spaces required for the worship center and other church related activities are only needed on the weekends and some evenings, allowing the church to allocate 20 spaces to the child care center during peak pick-up and drop-off hours at the proposed child care center.

ZONING/MASTER PLAN DESIGNATION

The subject property is located in the OCM(50) zone. Section 4-903(H) of the Zoning Ordinance allows a day care center in the OCM(50) zone only with a special use permit.

The proposed use is consistent with the King Street Metro/Eisenhower Avenue Small Area Plan chapter of the Master Plan which designates the property for general office and commercial uses.

**II. STAFF ANALYSIS**

Staff supports the request to operate a day care and finds that the proposed child care center is a community serving use that is appropriate for this large site and that would compliment the ongoing activities of the existing church and child care center on the first floor. Furthermore, sufficient parking is provided on-site. Staff does not anticipate that the school will create a nuisance for existing residents as it mostly operates within the building.

Although supportive staff wishes to ensure that the number of children cared for at this facility does not exceed the number allowed by either the building code or the State Licensing regulations. To this end, staff has included conditions requiring that the facility obtain state licensing as well as a new certificate of occupancy with the appropriate use classification, prior to operation.

Staff has included standard conditions requiring employees to use off-street parking and encouraging the use of public transportation and car pooling. The applicant has indicated that the majority of employees utilize public transportation.

With the following conditions, staff recommends approval of the special use permit.
