

Madam Vice Mayor

If I could be presumptuous enough to speak on behalf of the Civic world, I would make a motion to the City Council to convey our heart felt thanks to Mr. Pessoa.

When residents were caught in the looming shadow of the power plant, Mr. Pessoa demonstrated the highest ideals embodied in public service, and in doing so, led us out of the darkness of despair into the light of many possibilities. Mr. Pessoa lifted residents and the City into realms that seemed inconceivable given the considerable opposition by unexpected quarters.

Thank You

Paul
