Subject: Resignation from Alexandria/Caen Sister City Committee

Date: Mon, 16 Jun 2008 16:35:59 +0000

Mark:

This is to inform you that I have decided to resign from the Alexander/Caen Sister City Committee.

My reason for doing so is that after several months of participation, I have seen virtually no forward movement except planning by a few persons to attend the Foire de Caen and receive the student.

Further, it appears to me that the idiosyncratic management of the Committee leaves little room for initiative on the part of its members.

At the last meeting, we talked for almost an hour and one half, without a single motion before the house, nor did we even approve the minutes of the previous meeting.

In my past experience on such committees and commissions, including the South Carolina Human Affairs Commission, the National Labor Relations Board Foreign Service Impasse Disputes Panel, and the boards of several other organizations, the Chairperson generally remains neutral on issues before the

house, and votes only to break a tie.

It is my feeling that throughout the meeting you interjected your views repeatedly in the form of questions that I thought we had already answered. The questions, though phrased as "Devil's Advocate" queries, seemed rather aimed at casting doubt as to whether the matter under discussion was worth pursuing.

I had hoped for a more positive, neutral look at the subject.

Thank you for your consideration.

Best regards, and have fun in Caen.

Dear Richard,

My deepest apologies for missing the committee meetings. My work commitments have changed significantly from the time the group was first formed and I am unable to make the meetings and be an active participant. For awhile I thought I might be able to attend but I realize that I need to step down from the committee. My apologies for not contacting you sooner. I wish you and the committee continued success.

Sincerely,

Micki I. Aronson
