**MEMORANDUM**

DATE: MARCH 8, 2010

TO: THE HONORABLE MAYOR AND MEMBERS OF CITY COUNCIL

THROUGH: JAMES K. HARTMANN, CITY MANAGER *J*

FROM: BERNARD CATON, LEGISLATIVE DIRECTOR *BC*

SUBJECT: RECOMMENDATIONS AND STATUS REPORT (NO. 4) ON LEGISLATION INTRODUCED AT THE 2010 GENERAL ASSEMBLY SESSION

---

**ISSUE:** Recommendations and status report (No. 4) on legislation introduced at the 2010 General Assembly Session.

**RECOMMENDATION:** That City Council receive this report.

**DISCUSSION:** The 2010 General Assembly Session is nearing an end; it is scheduled to adjourn on March 13. The Veto, or Reconvened Session will take place on April 21, if the General Assembly adjourns on or soon after its scheduled date.

All bills must be out of committee by midnight Monday, March 8. Beginning Friday, March 12, the only action that either body can take on a bill is approval of those bills that were sent to conference committees because of differences between the Senate and House.

The State budget remains to be finalized. The Governor is encouraging those members who are conferees on the budget to complete their work in time for the scheduled adjournment. Whether or not this happens remains to be seen.

**City Package.** The following is an update on bills from the City's legislative package that the City asked members of the City's delegation to introduce (Attachment 1 is a status report on these and other "City Package" bills). Not included in this list are those bills that had been listed as defeated in the last Update.

- Senate Bill 572 is the City's Charter bill. It proposes to amend the Charter so that the size of the board of review of real estate assessments (also known as the Board of Equalization) is increased from five to nine members and allow this board to sit in panels of at least three members each, with each panel performing its duties independently of the others. The bill will

also incorporate into the Charter a general law provision enacted by the 2009 General Assembly on the standard by which a variance can be granted, by eliminating the requirement for a showing of a hardship "approaching confiscation." Senate Bill 572 has passed the House and Senate, and awaits the Governor's signature.

- House Bill 273 will create a provision in the Virginia Retirement System (VRS) to allow Alexandria deputy sheriffs, EMTs, and fire marshals to retire at age 50 with 25 years of service, without losing their City Supplemental pay (they must now serve 30 years under VRS to retire early with an unreduced benefit). City Council will have to adopt an ordinance in order for this provision to go into effect. House Bill 273 has been approved by the House and Senate, and it awaits the Governor's signature.

- House Bill 461 would have amended the State's red light camera law by (1) eliminating the requirement that the Virginia Department of Transportation (VDOT) approve any intersections for red light cameras; and (2) allowing private entities to access DMV records (to match license plate numbers with the names of vehicle owners) as long as this is done under police supervision. This bill was defeated in a subcommittee of the House Transportation Committee. A bill patroned by a House Republican from Virginia Beach (House Bill 1292—Tata) will allow private entities to access DMV records, as the City's bill would have. It has passed the House and Senate, and awaits approval by the Governor.

**Emissions Trading.** Senate Bill 128, and House Bill 1300, as introduced, sought to remove a provision of existing law which allows the State Air Pollution Control Board to prohibit electric generating facilities located within a non-attainment area in the Commonwealth (e.g., the D.C. area) from meeting their NO<sub>x</sub> and SO<sub>2</sub> permit limits by purchasing allowances from other permitted facilities that emit less NO<sub>x</sub> and SO<sub>2</sub> than their permits allow. Senate Bill 128 was amended by the Senate so that the current law will continue to apply in Northern Virginia (the Air Board will still be able to prohibit emissions trading by electric generators in Northern Virginia). The bill was subsequently passed by the House.

House Bill 1300 was passed by the House without the amendment the City was able to have added to Senate Bill 128. Staff was able to have the Senate add this amendment, which has now been accepted by the House. Both these bills now await final action by the Governor.

**Guns.** A larger than usual number of bills to lessen laws and regulations relating to guns were considered this year. Two in particular received a great deal of attention. Both the House and Senate have approved legislation to allow concealed weapons to be carried into restaurants that serve alcohol—although the person carrying the firearm is not allowed to drink any alcoholic beverages. Similar legislation was passed in recent years, but vetoed by Governor Kaine. Governor McDonnell has indicated that he will approve such legislation.

Another legislative proposal would repeal the one-gun-a-month law that was enacted under Governor Wilder. This bill was approved by the House, but rejected by a "Special" subcommittee of the Senate Courts of Justice Committee. The Courts of Justice Committee Chair, Senator Henry Marsh, has said that no bill defeated in the "Special" Subcommittee will be heard by the full Committee, which meets for the last time on March 8; other committee

members plan to seek consideration of the bill by the full committee, however, so it is too early to know the ultimate fate of this bill.

**Special Sessions.** The Governor has recently reiterated his desire to have as many as two Special Sessions later this year. The first of these would address recommendations from the Commission on Government Reform and Restructuring, created by Executive Order (No. 2) on his first day in office. No appointments have yet been made to the Commission. The Commission will be asked to identify “opportunities for creating efficiencies in state government, including streamlining, consolidating, or eliminating redundant and unnecessary services . . . and programs.” Past commissions with similar assignments have often made recommendations that affected local programs, so City staff will carefully monitor the work of this Commission.

The second Special Session would address transportation funding. Since both the House of Delegates and the Governor have indicated their unwillingness to support any measure that would increase taxes to pay for transportation, it is difficult to imagine any comprehensive proposal that could fully address the region’s and the State’s needs in such a Session. The Governor has also indicated that he would not call a Special Session for transportation funding unless a consensus plan has been developed prior to the Session, so many observers question whether this Special Session will ever be called.

**State Budget.** In the last Update, staff noted the following items of special importance to the City in the recently released budget amendments proposed by the House and Senate: reductions in at-risk funding and school funding in general by the House; continuation of across-the-board cuts to localities by the Senate; reductions in HB 599 local law enforcement funding by the House (and a slight increase by the Senate); reductions in Compensation Board funding for constitutional officers; cuts to a number of health and social service programs; deferment of certain VRS payments covering State and K-12 school employees; and the transfer of funds from local governments’ Communications Sales and Use Tax Fund .

The City has now requested the following actions from the budget conferees:

- Rejection of the House proposal to move money out of the Communications Sales and Use Tax Trust Fund, and use it to support local treasurers, commissioners of the revenue, and finance directors.
- Rejection of the House proposal to block grant at-risk K-12 education funds, and then distribute them among localities without taking into account the number of at-risk students that each locality has in its student population. Awarding these funds as a block grant would also reduce or eliminate State funding for the Virginia Preschool Initiative.
- A strong and serious commitment to address the existing VRS shortfall in future biennia—and not by relying on improvements in the stock market. The General Assembly appears to have fallen into a pattern in which it fails on a regular basis to fund its future VRS obligations for school teachers and state employees.

- Full funding of the HB 599 local law enforcement program. This funding is used by the General Assembly to address state budget shortfalls far too often. The City of Alexandria requests that the General Assembly fully fund its HB 599 local law enforcement responsibilities in each biennial budget in the future.
- A careful review of proposals in both the House and Senate budget amendments that will make reductions in social service programs that provide a safety net for some of the Commonwealth's neediest persons, as well as persons who have recently lost their jobs. The City asked the conferees to do what they can to preserve state funding for the safety net that so many rely upon.

As noted earlier, agreement on the budget is scheduled to occur no later than March 13. Staff will provide information to Council on such an agreement as soon as it becomes available.

**HB 288 Stalking; penalty.**

Summary as introduced:

Punishment for stalking; penalty. Clarifies the number of instances of stalking behavior necessary for conviction of multiple offenses of stalking, and provides that a person may be convicted of stalking for a singular instance of stalking behavior when the behavior is accompanied by verbal threats of sexual assault, bodily injury, or death. The measure also creates a felony offense of stalking for engaging in stalking behavior after having been previously convicted of a family assault and battery within five years prior to the stalking behavior. The measure also resets the time period within which a person may be convicted of felony stalking to be based upon the period during which the offenses were committed, rather than the period during which the convictions were had.
