## I. DISCUSSION

The applicant, Josie's Dog House d/b/a Dogtopia of Alexandria, requests Special Use Permit approval to operate a dog day care facility with overnight pet boarding at 20 Dove Street and 2438 Duke Street.

### SITE DESCRIPTION

The subject site is two lots of record. The property at 20 Dove Street, on which the two-story 10,800 square-foot industrial building is located, has approximately 152 feet of frontage on Dove Street, an average lot depth of 65 feet, and a total lot area of approximately 10,000 square feet. The immediately adjacent property at 2438 Duke Street, on which most of the parking lot for the use is located, has 40 feet of frontage on Dove Street, 80 feet of frontage on the Telegraph Road egress ramp, and a total lot area of approximately 4,600 square feet.

The lots are surrounded by industrial and commercial uses, including a noncomplying automobile sales lot and warehouses. No residences are located in the immediate vicinity.

### PROPOSAL

The applicant proposes to move his existing business, which is a franchise of the national Dogtopia chain, from its present location on Colvin Street. The business offers day care, grooming, training, accessory retail items, and overnight accommodation for dogs. At full capacity, approximately 160 dogs are expected at the business at any one time. Additional elements of the applicant's proposal are as follows:

<u>Hours of Operation:</u>	6 a.m. – 8 p.m. Monday - Friday 8 a.m. – 6 p.m. Saturday – Sunday (24 hours/day for overnight boarding)
<u>Number of Dogs:</u>	Up to 160 (approximately)
<u>Number of Employees:</u>	Up to 10 per shift
<u>Noise:</u>	Occasional dog barking will occur but will be controlled by interior building features such as dropped ceilings and rubberized flooring. Any dogs barking excessively and/or creating an unsafe environment will be asked to leave.

Odors: Pet odors will be controlled by cleaning and sanitizing the space twice each day.

Trash/Waste: Animal waste will be double-bagged and placed in commercial garbage receptors. All waste at the site will be collected at least once/week. Staff will also police the exterior of the building for litter.

### PARKING

According to Section 8-200(A)(20), a non-storage use with 10,800 square feet of space in an industrial building is required to provide 20 off-street parking spaces. The applicant satisfies this requirement with a total of 20 off-street parking spaces, 17 of which are located in the surface lot to the north of the building and the remaining three are located in front of the building.

### ZONING/MASTER PLAN DESIGNATION

The subject property is zoned OCM(50) / Office Commercial Medium. Section 4-903(W.3) of the Zoning Ordinance allows overnight pet boarding in the OCM(50) zone only with a Special Use Permit.

The proposed use is consistent with the Taylor Run Small Area Plan chapter of the Master Plan which designates the property for office and commercial uses.

## **II. STAFF ANALYSIS**

Staff supports the applicant's proposal to relocate his business within Alexandria. The new location, which is primarily industrial in character, is well-suited for this type of business and offers sufficient parking. Although dog daycare businesses with overnight boarding have some potential for neighborhood impacts, such as noise, staff believes that the potential here is low. The business will be in a stand-alone building and no residences are located in the area. Nonetheless, staff has included several standard conditions in this report, regarding matters such as litter pick-up and odor control, to further reduce the potential for impacts.

As part of an ongoing effort to improve the appearance of this portion of Duke Street, staff has included special condition language (Condition #4) requiring the applicant to remove the existing and rusted 15-foot tall freestanding sign at the northern edge of the site. Any new freestanding signs at the site shall be no greater than five feet in height, which is similar in size to the signs at neighboring businesses. The applicant has agreed to this condition language.

Finally, although the applicant expects to be open to the public only until 8 p.m. weekdays (6 p.m. weekends), staff has included a closing hour of 10 pm. daily in Condition #2 to provide the applicant an additional degree of flexibility in its operations.

Subject to the conditions contained in Section III of this report, staff recommends approval of the Special Use Permit request.

### III. RECOMMENDED CONDITIONS

Staff recommends **approval** subject to compliance with all applicable codes and ordinances and the following conditions:

1. The Special Use Permit shall be granted to the applicant only or to any corporation in which the applicant has a controlling interest. (P&Z)
2. The hours during which the facility is open to the public shall be limited to between 6:00am and 10:00pm daily. Overnight canine kenneling facilities are permitted. (P&Z)
3. The applicant shall post the hours of operation at the entrance of the business. (P&Z)
4. The applicant shall remove the existing freestanding sign facing Duke Street. Any new freestanding sign erected at the site shall not exceed five feet in height. (P&Z)
5. The applicant shall conduct staff training sessions on an ongoing basis, including as part of any employee orientation, to discuss all Special Use Permit provisions and requirements. (P&Z)
6. The applicant shall control odors and any other air pollution from operations at the site and prevent them from leaving the property or becoming a nuisance to neighboring properties, as determined by the Department of Transportation & Environmental Services. (T&ES)
7. All loudspeakers shall be prohibited from the exterior of the building, and no amplified sounds shall be audible at the property line. (T&ES)
8. Litter on the site and on public rights-of-way and spaces adjacent to or within 75 feet of the premises shall be picked up at least twice a day and at the close of business, and more often if necessary, to prevent an unsightly or unsanitary accumulation, on each day that the business is open to the public. (T&ES)
9. All waste products including but not limited to organic compounds (solvents) and pet waste shall be disposed of in accordance with all local, state and federal ordinances or regulations and not be discharged to the sanitary or storm sewers or be discharged onto the ground. (T&ES)
10. The applicant shall require its employees who drive to use off-street parking and/or provide employees who use mass transit with subsidized bus and rail fare media. The applicant shall also post DASH and Metrobus schedules on-site for employees. (T&ES)
11. Supply deliveries, loading, and unloading activities shall not occur between the hours of 11:00pm and 7:00am. (T&ES)

12. The applicant shall contact the Community Relations Unit of the Alexandria Police Department at 703-838-4520 regarding a security assessment for the business and robbery readiness training for all employees. (Police)
13. The Director of Planning and Zoning shall review the special use permit one year after approval and shall docket the matter for consideration by the Planning Commission and City Council if (a) there have been documented violations of the permit conditions which were not corrected immediately, constitute repeat violations or which create a direct and immediate adverse zoning impact on the surrounding community; (b) the director has received a request from any person to docket the permit for review as a result of a complaint that rises to the level of a violation; or (c) the director has determined that there are problems with the operation of the use and that new or revised conditions are needed. (P&Z)

STAFF: Barbara Ross, Deputy Director, Department of Planning and Zoning;  
Nathan Randall, Urban Planner.

---

Staff Note: In accordance with Section 11-506(C) of the Zoning Ordinance, construction or operation shall be commenced and diligently and substantially pursued within 18 months of the date of granting of a Special Use Permit by City Council or the Special Use Permit shall become void.

## **NARRATIVE DESCRIPTION**

**3.** The applicant shall describe below the nature of the request **in detail** so that the Planning Commission and City Council can understand the nature of the operation and the use. The description should fully discuss the nature of the activity. (Attach additional sheets if necessary.)

Dogtopia of Alexandria request a Special Use Permit to operate an existing Dog Daycare, Grooming and Boarding Facility (presently located at 3121 Colvin St) at 20 Dove St, Alexandria, VA.

Dogtopia of Alexandria has been in business for five years and is a modern dog daycare center that allows dogs to play and interact with other dogs in a fun, non-caged, supervised environment. Dogtopia of Alexandria has been heavily involved in the community since opening its doors. Each year Dogtopia raises money through a charity dog wash, K9 Support, to benefit working dogs, military, police and rescue, including donating \$1,000 to the Alexandria City K9 Unit for identification harnesses. The business is also a large supporter of the Animal Welfare League of Alexandria, donating thousands of dollars each year. Dogtopia is also involved in other local charities including March of Dimes, The Walk to Fight Breast Cancer, and a number of schools and community groups.

During the day, each dog is placed into a play group that is best suited to her temperament and size. All dogs need to be pass an evaluation and temperament test prior to being accepted to Dogtopia. Dogtopia of Alexandria has daycare rooms ranging in size from 800 square feet to 2,000 square feet, with styles to suit every dog. It has a "gymnasium," the largest of our rooms, that features padded flooring and lots of toys and equipment. We also have a playroom for smaller dogs and gentler players and the "lounge" for dogs who just want to relax with company and watch the Animal Channel on tv. Web cameras are available online and allow customers to view their dogs while they are at work or out of town.

The business currently employs approximately 6 employees per shift and is expected to grow to 10. The Staff to dog ratio is 1 staff person for every 15 dogs. There are 2 shifts per day. For dogs scheduled to stay overnight there will be one staff member on site until 2 AM and the morning shift arrive at 4AM. The building will have a security system along with motion detectors that will alert managers of any movement after the employees have left for the evening. Dogs are kept in open air crates for boarding.

7. Please describe any potential noise emanating from the proposed use.

A. Describe the noise levels anticipated from all mechanical equipment and patrons.

See attachment to #7.

B. How will the noise be controlled?

See attachment to #7.

**7. Please describe any potential noise emanating from the proposed use.**

**A. Describe the noise levels anticipated from all mechanical equipment and patrons.**

No mechanical equipment will be used except for HVAC units. At Dogtopia, the patrons are the dogs. It is natural for dogs to bark occasionally while they are visiting a dog facility. However, Dogtopia controls the level of dog noise due to the nature of its core service: dog daycare. It is proven that dogs bark more due to the stress and anxiety of being left alone with no other human or dog companionship. It is a Dogtopia requirement and policy that a trained staff person be with the dogs at all times while they playing in the rooms. This dramatically decreases the potential for barking and creates a peaceful and manageable playroom. Dogtopia also reserves the right to dismiss any dog that excessively barks or creates an unsafe environment for the staff or other dogs.

**B. How will the noise be controlled?**

Dogtopia minimizes the noise impact of dog barking by several key factors. First, each playroom for dogs is built with partition walls and drop ceilings which helps mitigate any loud noise. (Most dog facilities rely on chain link fencing) Secondly, Dogtopia uses rubber flooring in all of its playrooms. (Most dog facilities only have concrete floors). The rubber flooring not only promotes a clean and healthy environment but also has sound attenuation qualities. Lastly, 20 Dove Street is a free standing, fully enclosed, brick building. Brick provides a high sound reduction index. These factors will limit any noises to interior of the building.

**8.** Describe any potential odors emanating from the proposed use and plans to control them:

Dogtopia of Alexandria has been designed to minimize the impact of odors caused by animal waste. Many of our customers choose us over our competition because it doesn't smell like a "dog" when they come into the building. We clean and sanitize the building from top to bottom twice daily, once during the dog's naptime and another after hours. The facility is fully air-conditioned and all air conditioning and ventilation systems vent to the roof and high grade filters and air exchange systems will provide proper filtration.

See attachment to #8, Dogtopia cleaning procedures.

**9.** Please provide information regarding trash and litter generated by the use.

A. What type of trash and garbage will be generated by the use? (i.e. office paper, food wrappers)  
The proposed use will generate animal waste along with typical office garbage, papers, etc. Any solid animal waste is double bagged prior to placement in the commercial garbage receptors. See attachment to #9, Waste Management Procedures.

B. How much trash and garbage will be generated by the use? (i.e. # of bags or pounds per day or per week)  
We currently are billed for two 96 gallon totes for once weekly pickup. We expect that number to increase in tote and or frequency.

C. How often will trash be collected?  
Once per week.

D. How will you prevent littering on the property, streets and nearby properties?  
As a part of our daily cleaning procedures, we will police the exterior of the site twice daily.

**10.** Will any hazardous materials, as defined by the state or federal government, be handled, stored, or generated on the property?

Yes.                       No.

If yes, provide the name, monthly quantity, and specific disposal method below:

- Start a load of Dogtopia bedding laundry.
- Fill water coolers in playrooms, make sure trash bags and poop bags are available in each playroom.
- Bring clean water bowls for both rooms.
- Put away all food in kitchen appropriately and wipe down counters and tables if need be.
- Get dogs up and into appropriate rooms by 7:00 a.m.

## **BEFORE NAP TIME PROCEDURES**

- Small dogs taken outside at 11:00 a.m.
- Small dogs taken back inside and crated for naptime, outside area cleaned and hosed off
- Big dogs taken out & back inside and crated or put into playroom depending on naptime process, outside area cleaned and hosed off
- Mop buckets changed to bleach / water solution for use in playrooms after naptime
- Trash should then be taken out of playrooms, outside area, and any other trash can contents should be discarded in dumpster
- Any other dirty rags or trash should be taken out of playrooms and disposed of properly
- Other assignments such as bleaching trashcans, toys, etc. should be done last

## **AFTER NAP TIME PROCEDURES**

- While dogs are outside;
  - Tie downs are taken up
  - Crate doors are closed and locked
  - Staff should check for food in and around crates, throw away anything found in kitchen trash, not in the rooms
  - Fill water cooler and bowls
  - Get trash bag
  - Get poop bags if needed
  - Get rags and cleaning supplies for p.m.
  - Get walkie-talkie
  
- Large dogs are then let back inside, the outside area is to be cleaned and hosed off
  
- Repeat above procedures for smaller dogs

## **PLAYROOM CLOSING DUTIES**

- Wipe down walls and ledges using antibacterial spray; organize table and bin on the wall; throw away trash; wipe down table with antibacterial spray.
  
- Mop the floor with "Lemonex;" spread water liberally on floor for best coverage; after mopping return crates and other objects back in place
  
- Remove crate trays and spray with antibacterial spray and wipe down with a rag. Once dry, put trays back into crates to prepare for the next morning.
  
- Take all dirty rags to laundry room for washing;
  
- In preparation for the next morning, fill all buckets to bottom of wringer. Do not add bleach or Lemonex until morning. Leave mops propped up in ringers, not down in buckets to extend the life of the mop heads.
  
- Clean any windows (both sides) in playrooms, evaluation room and any other windows where dogs may have left nose or paw prints.
  
- Clean outside area; hose down pavement, fence, brick wall, steps and landing thoroughly. Bring in water bowls, crate trays (if left out for cleaning), kongs, etc. Turn off water from inside valve if possible. If cold outside, hose may need to be brought in to avoid freezing; (Turn off hose outside if necessary, coil it, and place in large plastic trash can and bring indoors)
  
- Take water bowls and any other dirty bowls to kitchen.

## Waste Management Procedures

The following steps are used to dispose of waste:

- Dog waste in the Playrooms and other areas is not washed directly into a drainage system.
- All dog waste is picked up immediately by a staff person using 1 mil poly bags.
- It is then placed in a trash can with a large bag and lid.
- Any remaining waste residue is then mopped by a staff person.
- 2-3 times per day trash is then double-bagged, taken outside, and placed into a fully-enclosed industrial grade dumpster.
- The bagging process and enclosed dumpster will control any odors.
- Dogtopia will contract with a waste management company to schedule weekly pick-ups.

To Whom It May Concern:

The purpose of this letter is to offer my support of the Special Use Permit (SUP) currently being considered for Dogtopia in Alexandria. As a city resident, and business owner, I have known Jeff Lutton and Dogtopia since early 2007. I attended the opening of Dogtopia in September, 2007 and have since been impressed with everything that they have accomplished. Additionally, Dogtopia has the backing of a locally-based franchisor who is also invested in their ultimate success.

Dogtopia provides a service that competes with the service that my company provides. Yet, I am still willing to support their application, as I see it as a progression in the maturity of our common profession of professional pet care. Pets play a very important role in the lives of many Alexandrians. The role of pets in many families has evolved over the years, and the regulatory environment has usually followed.

The approval of this SUP will allow Dogtopia to provide better care for more pets, will generate additional tax revenue for the city, and will generate more employment opportunities for Alexandrians. All three of these are good reasons for me to support the permit application.

To whom it may concern,

I am writing to give my strongest possible endorsement to the expansion of Dogtopia of Alexandria. I have taken my dog there for both Daycare and Boarding for the last 4 years. Being single as well as active duty military I would not be able to have a dog were it not for a place like Dogtopia. They provide caring and compassionate care for my dog on a regular basis for daycare and are able to accommodate last minute changes in my schedule. I am confident in leaving my dog with them overnight knowing he is being well cared for when I have to travel without him.

Not only does Dogtopia provide a much needed service to the community they are active in the support of the local community. Organizations of note that they support on a regular basis are; K9 Support, The March of Dimes, the Alexandria Hospital Breast Cancer Walk, and The Animal Welfare league of Alexandria.

I urge the City of Alexandria to act favorably on Dogtopia of Alexandria's application for a special use permit to be able to expand their services. They provide and essential service to the residents of this city as well as support many local organizations.

Sincerely,

To Whom It May Concern:

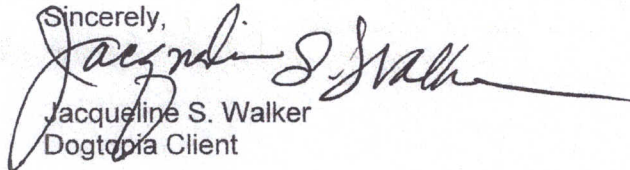

I am a Homeowner and a Resident of Old Town Alexandria. Most importantly, I am the proud owner of a wonderful Bedlington terrier, Sir Winston. Sir Winston has the privilege of attending the very best Dog Day Care Center in Old Town, Dogtopia. Sir Winston attends the Dog Day Care, and on occasions when I travel, he has been part of their Overnights. He is well taken care of and a very Happy Pup on my return.

Today, I write in support of Dogtopia's special permit request for expansion. Dogtopia is an awesome service to our community! It is the only professional Dog Daycare Center in town I would ever have Sir Winston attend. The caliber of professionalism exhibited by Jeff, the Owner, and his Team is commendable. All of Dogtopia's Staff Members display a sense of dedication that inspires me. I am always assured that Sir Winston is in good hands when I leave him there. The Team Members seem excited to see Sir Winston whenever we arrive. Their spirit of camaraderie and teamwork is a service quite enviable and most invaluable to our community! Sir Winston is a well socialized "pup", and I am excited about the contribution Dogtopia has made to his social "dog development". I love the Dogtopia building, as it is vibrant and clean and the bright colors are fresh and inviting. Their Webcam capability is reassuring, and a great value added service Client families can enjoy.

In addition to participating in Dogtopia activities, Sir Winston and I have made contributions to the Animal Welfare League of Alexandria, and we have participated in their Animal Welfare League of Alexandria Annual Dog Walk. I believe organizations like Dogtopia help to make our community unique, and one we are proud to be part of.

I urge you to grant the request for special permit, so that Dogtopia will have the ability to continually meet the needs of other Clients like Sir Winston. I am happy to support this request with great anticipation. I ask for your favorable approval!

Sincerely,

Jacqueline S. Walker

City of Alexandria

To Whom It May Concern:

I am writing this letter to express what a positive influence Dogtopia has had on my life, my dog's life, and the Alexandria community. I adopted a dog from the Alexandria shelter a year and a half ago. She had been abandoned on Route 1 and left to care for herself for several months before being rescued by animal control. Needless to say she entered our lives with a few issues, primarily in socialization and abandonment. Dogtopia has been a godsend working with me on those issues. It has been great to drop her at their facility when I need to travel away from my home office to visit clients, knowing she is well cared for and happy. The knowledgeable staff has not only helped Madison with her socialization skills, but has taught me (an old dog) some new tricks as well!

My dog and I have participated in two of their community outreach activities, a dog wash and a dog walk, both events raised funds for worthy causes such as the March Of Dimes and the Alexandria Animal Welfare League.

We're not sure what we would do without Dogtopia and I am confident that with more space their impact will be even greater!

Sincerely,

To Whom It May Concern:

Thank you for your interest in knowing what Alexandria City residents think about Dogtopia of Alexandria. I am very pleased to share my high regard for the services and staff of the operation on Colvin Street.

When I adopted Ernie, a piebald Dachshund, from the Vola Lawson Shelter of the Alexandria Animal Welfare League four years ago, I was a cautious and picky new dog "parent." I did not want to leave him with just anyone so I looked around for places where he could have positive interactions with other dogs in a clean environment. Dogtopia, right here in our great city of Alexandria, has become a trusted ally in caring for my dog. General Manager Regina Till is a tremendous resource for all things canine. Literally, she may have saved Ernie's life. A mast cell tumor on his leg went undiagnosed by the vet in an early stage, but when Regina spotted it on Ernie, she strongly encouraged me to get another opinion. I am very impressed with such great assistance.

My job requires a lot of travel and my friends cannot always take care of Ernie while I am away. So I have come to rely on Dogtopia with its safe, clean, caring environment – and its web cam. What a fun way to stay connected with your best friend!

Last October, I participated in the event Dogtopia sponsored to raise money for Breast Cancer Awareness month. Ernie proudly sported his pink bandana from the event for a couple of weeks afterward. I hope to be able to participate in the other wonderful community events they support, as they are causes important to all of Alexandria.

I urge you to give full consideration to Dogtopia's request build upon their good work with expanded facilities.

Best Regards,
