9-27-11

Dear Mayor, City Council Members and Members of the Waterfront Work Group,

I urge the City Council and the new Waterfront Work Group to pursue and fully explore **The Arts and Parks Alternative**. This is the best alternative to protect our historic city, provide public access to the waterfront and to create activities along the waterfront for residents and visitors. The experience of other cities in developing their waterfronts in attractive ways demonstrates that there are ways to accomplish this without direct revenue from development.

**Dear Mayor, City Council Members and
Members of the Waterfront Work Group,**

I urge the City Council and the new Waterfront Work Group to pursue and fully explore **The Arts and Parks Alternative**. This is the best alternative to protect our historic city, provide public access to the waterfront and to create activities along the waterfront for residents and visitors. The experience of other cities in developing their waterfronts in attractive ways demonstrates that there are ways to accomplish this without direct revenue from development.

Dear Mayor, City Council Members and Members of the Waterfront Work Group,

I urge the City Council and the new Waterfront Work Group to pursue and fully explore **The Arts and Parks Alternative**. This is the best alternative to protect our historic city, provide public access to the waterfront and to create activities along the waterfront for residents and visitors. The experience of other cities in developing their waterfronts in attractive ways demonstrates that there are ways to accomplish this without direct revenue from development.

I urge the City Council and the new Waterfront Work Group to pursue and fully explore **The Arts and Parks Alternative**. This is the best alternative to protect our historic city, provide public access to the waterfront and to create activities along the waterfront for residents and visitors. The experience of other cities in developing their waterfronts in attractive ways demonstrates that there are ways to accomplish this without direct revenue from development.
