*Based on the average prevailing front setback facing Forrest Street

**BOARD OF ZONING APPEALS ACTION OF MAY 12, 2011:** On a motion to approve by Mr. Goodale, seconded by Mr. Zander the special exception was approved by a vote of 6 to 0.

**Reason:** The application met the criteria for a special exception as outlined in the staff report.

**Speakers:**

Richard C. Sennett, contractor, made the presentation.

The staff **recommends approval** of the requested special exception because the request meets the criteria for a special exception.

If the Board decides to grant the requested special exception, it must comply with the code requirements under the department comments and the applicant must submit the following prior to the release of a Certificate of Occupancy: (1) a survey plat prepared by a licensed surveyor confirming building footprint, setbacks, and building height compliance from average preconstruction grade and (2) certification of floor area from a licensed architect or engineer. The special exception must also be recorded with the deed of the property in the City’s Land Records Office prior to the release of the building permit.
I. **Issue**
The applicant proposes to construct an open covered front porch at 6 Forrest Street. The front porch requires a special exception.

II. **Background**
The subject property is one lot of record with 50.00 feet of frontage facing Forrest Street, a depth of 102.46 along the east and west side property line. The property contains 5,120 square feet of lot area. A one and one-half story single family dwelling occupies the property and is located 23.60 feet from the front property line facing Forrest Street, 7.20 feet from the west side property line and 9.70 feet from the east side property line. According to real estate assessment records the house was constructed in 1935.

III. **Description**
The proposed porch will extend 32.10 feet across the front of the main building facade and project 7.50 feet from the building towards Forrest Street. The new porch will total 239.97 square feet and is considered deductible floor area under the City’s Infill regulations. The proposed porch will be located 16.00 feet at the closest point to the front property line facing Forrest Street. The applicants’ home is located 23.60 feet from the front property line facing Forrest Street (3.32 feet behind the average prevailing front setback). The applicant requests a special exception of 4.28 feet to construct the front porch forward of the average front setback.
Upon completion of the work, the proposed renovations will continue to comply with the floor area requirements. (Refer to floor area calculations.)

There have been no variances or special exceptions previously granted for the subject property.

IV. **Master Plan/Zoning**
The subject property is zoned R-2-5 and has been so zoned since adoption of the Third Revised Zoning Map in 1951, and is identified in the Potomac West Small Area Plan for residential land use.

V. **Requested Special Exception:**
7-2503(A) Residential Front Setback
The applicants request a special exception of 4.28 feet to build a new open front porch located forward of the required 20.28 feet average front yard setback.

VI. **Special Exceptions Standards**
Per section 11-1304, of the zoning ordinance, to grant a special exception, the Board of Zoning Appeals must find that the strict application of the zoning ordinance creates an unreasonable burden on the use and enjoyment of the property which outweighs the material zoning purpose for which the specific provision of the ordinance at issue was designed. In making its determination, the board shall consider and weigh the following issues as applicable.

1) Whether approval of the special exception will be detrimental to the public welfare, to the neighborhood or to the adjacent properties.

2) Whether approval of the special exception will impair an adequate supply of light and air to the adjacent property, or cause or substantially increase traffic congestion or increase the danger of fire or the spread of fire, or endanger the public safety.

3) Whether approval of the special exception will alter the essential character of the area or zone.

4) Whether the proposal will be compatible with the development in the surrounding neighborhood.

5) Whether the proposed development represents the only reasonable means and location on the lot to accommodate the proposed structure given the natural constraints of the lot or the existing development of the lot.
VII. **Staff Conclusion**
The one-story open porch is in keeping with the architecture and character of the existing dwelling and similar renovations within the neighborhood. There are many similar front porches in the immediate neighborhood. The design and modest size of the porch is compatible with character of the neighborhood block and generally complements the home’s architecture. The proposed open porch does not appear to negatively impact the adjacent properties and in fact will enhance the neighborhood streetscape. Staff recommends approval of the special exception to construct a covered, open, one-story, front porch.
DEPARTMENTAL COMMENTS

Legend: C - code requirement R - recommendation S - suggestion F - finding

* The applicant is advised that if the variance is approved the following additional comments apply.

Transportation and Environmental Services:

R-1 The building permit plans shall comply with requirements of City Code Section 5-6-224 regarding the location of downspouts, foundation drains and sump pumps. Refer to Memorandum to Industry dated June 18, 2004. [Memorandum is available online at the City web site under Transportation\Engineering and Design\Memos to Industry.]. (T&ES)

R-2 Applicant shall be responsible for repairs to the adjacent city right-of-way if damaged during construction activity. (T&ES)

R-3 All improvements to the city right-of-way such as curbing, sidewalk, driveway aprons, etc. must be city standard design. (T&ES)

R-4 No permanent structure may be constructed over any existing private and/or public utility easements. It is the responsibility of the applicant to identify any and all existing easements on the plan. (T&ES)

R-5 An erosion and sediment control plan must be approved by T&ES prior to any land disturbing activity greater than 2,500 square feet. (T&ES)

R-6 Compliance with the provisions of Article XIII of the City’s zoning ordinance for stormwater quality control is required for any land disturbing activity greater than 2,500 square feet. (T&ES)

R-7 The building permit must be approved and issued prior to the issuance of any permit for demolition. (T&ES)

F-1 After review of the information provided, an approved grading plan is not required at this time. Please note that if any changes are made to the plan it is suggested that T&ES be included in the review. (T&ES)

C-1 The applicant shall comply with the City of Alexandria’s Solid Waste Control, Title 5, Chapter 1, which sets forth the requirements for the recycling of materials (Sec. 5-1-99). (T&ES)

C-2 The applicant shall comply with the City of Alexandria's Noise Control Code, Title 11,
Chapter 5, which sets the maximum permissible noise level as measured at the property line. (T&ES)

C-3 Roof, surface and sub-surface drains be connected to the public storm sewer system, if available, by continuous underground pipe. Where storm sewer is not available applicant must provide a design to mitigate impact of stormwater drainage onto adjacent properties and to the satisfaction of the Director of Transportation & Environmental Services. (Sec.5-6-224) (T&ES)

C-4 All secondary utilities serving this site shall be placed underground. (Sec. 5-3-3) (T&ES)

C-5 Any work within the right-of-way requires a separate permit from T&ES. (Sec. 5-2) (T&ES)

Code Administration:
F-1 The following comments are for preliminary review only. Once the applicant has filed for a building permit, code requirements will be based upon the building permit plans. If there are any questions, the applicant may contact Thomas Sciulli, Plan Review Supervisor at 703-746-4190 or thomas.sciulli@alexandriava.gov.

C-1 A building permit is required to be issued prior to the start of work.

C-2 Five sets of sealed drawings are required to accompany the application for the building permit.

C-3 The plans shall show, at a minimum, deck size, height above grade, material, framing details, footing/foundation details, railing height, any stairs and/or roof detail.

Recreation (Arborist):
F-1 There are no trees affected by this plan.

Historic Alexandria (Archaeology):
F-1 There is low potential for significant archaeological resources to be disturbed by this project. No archaeological action is required.

Other Requirements Brought to the Applicant’s Attention:
C-1 A wall check survey plat shall be submitted to Planning and Zoning when the building footprint is in place, pursuant to Alexandria City Code section 8-1-12.

Pursuant to Section 13-3-2 of the City Code, the use of a document containing false information may constitute a Class 1 misdemeanor and may result in a punishment of a year in jail or $2,500 or both. It may also constitute grounds to revoke the permit/application for with such information.

Note to Applicant: Only one special exception per dwelling shall be approved under the provisions of Section 11-1302B(4).
PART B (SECTIONS 11-1302(C) and 11-1304)

APPLICANT MUST COMPLETE THE FOLLOWING:
(please use additional sheets where necessary)

1. Please provide the following details of the proposed porch:
   a. Porch projection from front building wall to deck edge 76" 
   b. Length of building wall where porch is to be built 33'-5 1/2"
   c. Length of porch deck 33'-5 1/2"
   d. Depth of overhang 6'
   e. Distance of furthest projecting porch element from the front property line 13'
   f. Overall height of porch from finished or existing grade 17'-7"
   g. Height of porch deck from finished or existing grade 3'-4"

2. Explain the conditions of the subject property which prevent locating the proposed porch in compliance with the zoning ordinance
   n/a

3. Explain if the proposed porch will be detrimental to the adjacent properties or the neighborhood in general
   Should not be detrimental to adjacent properties or neighborhood

4. Explain how the proposed porch will affect the light and air to any adjacent property.
   Should not affect properties adversely.

5. Has the applicant shown the plans to the most affected property owners? Have any neighbors objected to the proposed special exception, or have any neighbors written letters of support? If so, please attach the letter.
   Not as of this time
6. The applicant shall demonstrate by clear and convincing evidence that the proposed porch is compatible with the existing building architecture, neighboring properties and neighborhood character. Provide information such as style and number of similar porches in the immediate neighborhood (provide dimensions and roof height as well as distance from curblines). Photographs should be included as part of the evidence supporting this request. The proposed Porch should not impact the adjacent or neighborhood properties at all.

It is one of the few that does not have a front porch.
