I. DISCUSSION

REQUEST

The applicant, Philip McCombie, requests approval for an encroachment into public right-of-way for the addition of outdoor dining seats on the Royal Street side of his existing restaurant at 320 Montgomery Street.

SITE DESCRIPTION

The subject property is one lot of record with approximately 18 feet of frontage on Montgomery Street, 90 feet of frontage of North Royal Street, and a total lot area of 1,620 square feet. The lot is developed with a two-story commercial building housing Royal Thai restaurant on the first floor.

The surrounding area is occupied by a mix of office, commercial, residential and institutional uses. An office building and Montgomery Park are located to the north. Commercial businesses in the Montgomery Center are located to the east and to the south. The Port Royal Condominium is located to the west.

BACKGROUND

Although located immediately adjacent to the Montgomery Center on two sides, the subject site is not part of the Montgomery Center complex and is not covered under the Umbrella Special Use Permit for the Center. On December 17, 2005, City Council approved Special Use Permit #2005-0110 to Philip McCombie for the operation of a restaurant with an eight-space parking reduction. The applicant subsequently received administrative approval to allow the service of mixed drinks in addition to beer and wine. On November 18, 2006, City Council approved Special Use Permit #2006-0085 to increase the number of seats at the restaurant from 32 to 46 seats and to approve an additional parking reduction.

As a result of the Small Business Zoning text amendment approved by City Council in June 2010, outdoor dining is eligible for Administrative Special Use Permit approval. The applicant has applied for an Administrative SUP (SUP#2010-0047) for the outdoor dining use, but in order to locate the outdoor dining on the public right-of-way, approval of an encroachment ordinance is also required.
PROPOSAL

The applicant proposes to add six outdoor dining seats on the west side of his existing restaurant as shown in the outdoor dining plan submitted with this request (see attached.) The outdoor dining area will measure 4.25 feet wide by 24 feet long and is located between the building wall and the existing sidewalk. The area is located entirely within the public right-of-way.

ZONING/MASTER PLAN

The subject property is located in the CRMU-X/Commercial Residential Mixed Use (Old Town North) zone. Section 5-402.1 (E) of the Zoning Ordinance allows outdoor dining in the CRMU-X zone with an Administrative Special Use Permit.

The proposed use is consistent with the Old Town North Small Area Plan chapter of the Master Plan which designates the property for commercial-residential mixed use.

II. STAFF ANALYSIS

Staff supports the applicant’s request for an encroachment into the public right-of-way for outdoor dining. Outdoor dining will add a positive element of activity and pedestrian interest in this location as it has at other restaurants in the area, such as A La Lucia on Madison Street. Pedestrian movement along the sidewalk will not be impacted by the proposal since the outdoor dining area will be located between the building wall and the sidewalk. The proposal will have minimal impact on the existing landscaping on the site. Although a few ground-level plants and a very small bush will need to be removed, a large shrub located nearby between the building and the sidewalk will remain.

Staff has received a letter of support for the proposal from the Old Town North Community Partnership.

Subject to the conditions contained in Section III of this report, which include a requirement that the outdoor dining conform with all conditions of the Administrative SUP (SUP#2010-0047), staff recommends approval of this request.
III. STAFF RECOMMENDATION

Staff recommends approval subject to compliance with all applicable codes and ordinances and the following conditions:

1. Outdoor dining at the restaurant shall comply with all requirements and conditions of SUP#2010-0047. (P&Z)

2. The applicant shall maintain a minimum 4’ wide unobstructed sidewalk. (T&ES)

3. The applicant (and his/her successors, if any) must obtain and maintain a policy of general liability insurance in the amount of $1,000,000, which will indemnify the applicant (and his/her successors, if any) and the City of Alexandria, as an additional named insured, against all claims, demands, suits, etc., and all costs related thereto, including attorney fees, relating to any bodily injury or property damage which may occur as a result of the granting of this encroachment. (T&ES)

4. Neither the City nor any Private utility company will be held responsible for damage to the private improvements in the public right-of-way during repair, maintenance or replacement of any utilities that may be located within the area of the proposed encroachment. (T&ES)

5. In the event the City shall, in the future, have need for the area of the proposed encroachment, the applicant shall remove any structure that encroached into the public right-of-way, within 60 days, upon notification by the City. (T&ES)

6. The ground surface material in the proposed encroachment area shall be approved by the Director of Transportation & Environmental Services and shall be flush with the existing sidewalk. (T&ES)
