**Staff Recommendation:** APPROVAL WITH CONDITIONS  
**Staff Reviewers:** Gary Wagner, RLA, Principal Planner gary.wagner@alexandriava.gov  
Jim Roberts, Urban Planner
I. REQUEST

Yates Holdings, L.L.C. requests the approval of an encroachment into the public right-of-way for the construction of an ornamental wall, raised planters and planting beds in a portion of the public right-of-way (approximately 1,070 sf) at the corner of Mt Vernon Ave. and East Braddock Rd. This encroachment application is in conjunction with a separate Development Site Plan (DSP2010-0023), three SUP applications (SUP2011-0032, 33 & 34) and a 9.06 Case# 2011-0002 to sell a small City-owned parcel to the applicant.

II. SITE DESCRIPTION

The subject site consists of three separate properties:

- the Yates parcel fronting on Mt Vernon Ave;
- the 7-Eleven parcel (the largest of the three parcels); and,
- the City-owned parcel at the corner of E. Braddock Rd. and Mt. Vernon Ave.

The surrounding area is one of mixed uses including commercial, residential and institutional. To the north of the site is the George Washington (GW) Middle School. To the east is the Braddock Road Metro Station and Colecroft development. To the west is a one story auto service/commercial building. To the south are single-family townhouse residences which are located within the CSL zone. With the exception of the Colecroft Development, buildings within the vicinity of the proposed development are predominantly one and two-story in height.

The site’s location marks a gateway between the neighborhoods of Del Ray and Rosemont. Visibility of the site is heightened not only due to its prominence at the intersection of two locally significant thoroughfares, but also because it fronts onto the open fields of GW Middle School.

The property includes an existing commercial site formed of two one-story buildings which accommodate a convenience store, restaurant, dry-cleaners, nail salon and storage garage. Both existing buildings are to be demolished.

Under the new development proposal, Yates Holdings LLC will consolidate and redevelop the properties with two new buildings which address the streets in a more comprehensive manner than the buildings that they replace. The architectural treatment of the buildings and associated site features such as ornamental walls provides for a uniform built appearance to the property.
III. STAFF ANALYSIS

A new two-story commercial building will provide for traditional street-facing facades to both E. Braddock Rd. and Mount Vernon Ave. with an active first floor level accommodating retail and restaurant uses. The second floor will be office. In plan view, the building’s concave corner serves to address the intersection of the two streets, providing an architectural marker for this prominent urban corner. The concave design also allows for a small circular plaza space at the foot of the building façade. A portion of this plaza along with a low ornamental screen wall, raised planters and landscape planting beds are proposed in a portion of the public right-of-way.

Staff considers it a beneficial space for people to sit and gather, and as a potential venue for outdoor dining (should the adjacent retail space be programmed accordingly). The low wall and plantings will not only enhance the appearance of the intersection, but will also provide a sense of security for the patrons using the space. As such, staff supports the encroachment application necessary for the raised planters, planting beds and low structures at this location; however, staff does not support the proposed sign on the face of the wall. Since signs are not permitted in the public right-of-way, a condition has been placed in the DSP prohibiting such signs.

IV. STAFF RECOMMENDATION

Staff recommends approval subject to compliance with all applicable codes and ordinances and the following conditions:

1. The applicant (and his/her successors, if any) must obtain and maintain a policy of general liability insurance in the amount of $1,000,000, which will indemnify the applicant (and his /her successors, if any) and the City of Alexandria, as an additional named insured, against all claims, demands, suits, etc., and all costs related thereto, including attorney fees, relating to any bodily injury or property damage which may occur as a result of the granting of this encroachment. (T&ES)

2. Neither the City nor any Private utility company will be held responsible for damage to the private improvements in the public right-of-way during repair, maintenance or replacement of any utilities that may be located within the area of the proposed encroachment. (T&ES)

3. In the event the City shall, in the future, have need for the area of the proposed encroachment, the applicant shall remove any structure that encroached into the public right-of-way, within 60 days, upon notification by the City. (T&ES)
4. The applicant shall be responsible for the maintenance of the landscape for the encroached area. Prior to the release of the Final Site Plan, the applicant shall enter into an agreement with the City on the maintenance of the encroachment. Maintenance of the encroachment shall include tasks typically associated with landscape maintenance including care for and replacement of plantings, application of seasonal growth media and mulch, leaf removal, trimming and pruning, policing of litter and watering as needed during times of drought. (P&Z) (RP&CA) (T&ES)

STAFF: Faroll Hamer, Director, Department of Planning and Zoning;
Gwen Wright, Development Division Chief
Gary Wagner, RLA, Principal Planner
James Roberts, Urban Planner.
