I. DISCUSSION

REQUEST

The applicant, Starbucks Coffee, requests special use permit approval for the operation of a coffee shop located at 1901 Ballenger Avenue.

SITE DESCRIPTION
The subject property is one lot of record with 199.9 feet of frontage on Ballenger Avenue, 144 feet of depth and a total lot area of 44,840 square feet. The site is developed with a mixed use of office and retail spaces. Access to the property is from Ballenger Avenue. The proposed restaurant space is located in an end tenant space on the first floor and occupies 1,650 square feet of retail space.

The building is part of the 70-plus acre Carlyle development that has been designed for a mix of office, residential, and retail uses.

PROPOSAL
The applicant proposes to operate a Starbucks coffee shop. The proposed space is located within the southeast corner of the building, at the intersection of John Carlyle Street and Ballenger Avenue. The applicant proposes to offer the same products and services as other Starbucks, including gourmet coffees and beverages, muffins, and other light snacks. The applicant also proposes outdoor seating consistent with the Carlyle development plan. The specific aspects of the establishment are as follows:

Hours:
- Monday- Friday  5am- 10pm
- Saturday- Sunday 7am- 8pm

Number of seats:
- Indoors  21
- Outdoors +16
- Total Seats  37

Noise: The applicant does not anticipate high noise levels

Trash/ Litter: To be collected twice per week, based on volume of the business and numerous trash receptacles will be placed inside and outside the business.
PARKING
Pursuant to Section 8-200(A) (8) of the Zoning Ordinance, a restaurant with 37 seats is required to provide ten parking spaces. The parking requirements for the subject building were specified in the Transportation Management Plan for the Carlyle Development (Special Use Permit#2254), and these parking requirements were met for the subject site in the development of the on-site parking garage. The parking garage provides 228 parking spaces for the retail uses of the building, and satisfies the parking requirement for the subject use.

ZONING/MASTER PLAN DESIGNATION
The subject property is located in the CDD#1/Coordinated Development District zone. Section 5-602 (A) of the Zoning Ordinance identifies OC/Office Commercial zone as the underlying zone which allows a restaurant only with a special use permit.

The proposed use is consistent with the Eisenhower East Small Area Plan chapter of the Master Plan which designates the property for a use consistent with the OC zoning requirements listed under the CDD #1 zone.

II. STAFF ANALYSIS
Staff recommends approval of the proposed coffee shop. The shop will contribute to more active ground floor uses within Carlyle. There is a demand for a coffee shop to be located in close proximity to an area with a large number of office workers. Coffee shops like Starbucks are uses that are attractive to other retail uses, including full-service restaurant establishments considering locating in the Carlyle Development.

Staff has analyzed the amount of retail space within the Carlyle area to determine the location, distribution, and whether sufficient area remains to accommodate future retail and restaurant uses. The quick service restaurants that have been approved to occupy spaces within Carlyle have been predominately located along John Carlyle Street. The total amount of retail space within Carlyle is 258,850 square feet. The amount of retail space that has been occupied by quick service restaurants at this time is 13,192 square feet. Other retail uses occupy 19,668 square feet of retail space. The amount of retail space remaining after occupancy of the proposed Starbucks will be 224,340 square feet. Staff finds that there is a sufficient amount of retail space remaining for future retail uses.
