I. DISCUSSION

REQUEST

The applicant, Enterprise RAC Company of Maryland, LLC, requests special use permit approval to change the ownership, add overflow parking spaces and extend the hours of operation and the expiration date for a motor vehicle parking, storage and light automobile repair facility located at 1200, 1200A and 1100 North Fayette Street.

SITE DESCRIPTION

The subject properties are three lots of record. The motor vehicle parking, storage and light automobile repair facility operates primarily from 1200 North Fayette Street. This property is one lot of record with frontage on North Fayette Street, and a total lot area is 130,680 square feet. This application also includes the northern most portion of the adjoining parking lot at 1100 and 1200A North Fayette Street to accommodate overflow parking.

The property at 1200 North Fayette Street is developed with a one story industrial building currently used for automobile parking, storage and light auto repair in accordance with approved SUP#2000-00039. 1100 and 1200A North Fayette Street are currently occupied by a one story building used as a church and a parking lot. The properties are all accessed from North Fayette Street.

The surrounding area is occupied by a mix of commercial uses. To the north is the Monroe Avenue Bridge. To the east is the rear of a commercial building in which Monterey's Pizza and Asian Auto Repair are located. To the south is the DC Metro Church, located at the rear of the 1100 North Fayette Street property and Alexandria Auto Service on the parcel located to the south. To the west are the WMATA tracks.

BACKGROUND

On May 4, 2000, the City Council granted Special Use Permit #2000-00039 to National Car Rental System, Inc. for the operation of a motor vehicle parking, storage and light automobile repair facility with the expiration date of May 13, 2010. The applicant now operates a motor vehicle storage and maintenance facility for Enterprise Rental Car at this location. Vehicles are stored and fleet maintenance is conducted at this site. No vehicle sales or rentals occur at this location. All rental activities take place at the applicant's Reagan National Airport car rental facility. The original SUP expiration was imposed with the anticipation that the site would be redeveloped with uses consistent with the Braddock Road Metro Small Area Plan. On March 15, 2008, City Council approved master plan amendments, a rezoning and a new CDD for a high

density mixed used development. However, due to the current economic downturn it is unlikely that redevelopment will occur on this site in the very near future.

On July 6, 2010, staff visited the subject property to determine if the business was in compliance with the conditions of its special use permit. Staff found that the hours of operation (delivery of vehicles) begin at 6 a.m., one hour earlier than permitted by the current special use permit and that the applicant has leased 30 parking spaces on the adjacent properties located at 1100 and 1200A North Fayette Street to accommodate overflow parking. The leased spaces are non-required parking for the DC Metro Church located on that property.

The applicant is requesting an amendment of the special use permit to change the ownership, the hours of operation, and the expiration date and to add overflow parking. The applicants have indicated that the business will operate according to the following:

PROPOSAL

Hours:	6:00 a.m. to midnight, daily
Number of parking spaces:	62 outside spaces 30 outside overflow spaces (1100 & 1200A N. Fayette St.) 24 employee and visitor spaces <u>77 interior spaces</u> 193 total spaces
Noise:	Some noise from power tools and engine noise from moving vehicles will be generated, but will comply with the City Code.
Deliveries/ Loading/ Unloading:	6:00 a.m. to 5:00 p.m., daily
Trash/Litter:	The applicant anticipates minimal trash to be generated by the business. Trash will be collected twice per week. Used oil and automobile parts will be picked up by a commercial recycling firm.

ZONING/MASTER PLAN DESIGNATION

The subject properties are located in the Braddock Gateway Coordinated Development District (#15). The property at 1200 North Fayette street has underlying OCM(50) zoning and the properties at 1200A and 1100 North Fayette Street have underlying CRMU-M zoning. The Zoning Ordinance allows motor vehicle parking or storage for more than 20 vehicles and light automobile repair in the OCM(50) zone only with a special use permit. The CRMU-M zone permits motor vehicle parking or storage for more than 20 vehicles only with a special use permit.

The proposed use is not consistent with the Braddock Road Metro Small Area Plan chapter of the Master Plan which designates the properties for a mix of residential, retail and office uses, as well as a park and a pedestrian/bike path.

II. STAFF ANALYSIS

Staff recommends approval of the continued use of the site by Enterprise Rental Car as a motor vehicle parking, storage and light automobile repair facility. Although the use is not consistent with Braddock Road Metro Small Area plan, staff finds the Enterprise facility to be an appropriate short term use for the site until redevelopment takes place.

The site is part of The Braddock Gateway Coordinated Development District, approved in 2008 for a high density mixed use development with neighborhood amenities including wide sidewalks, street trees, a centrally located park and a pedestrian/bike path proposed.

The current phasing for the Braddock Gateway Development includes the centrally located park as part of the Phase I. Phase I encompasses the parcels where the leased parking spaces are located. Phase III contains the parcel where the Enterprise motor vehicle parking, storage and light automobile repair facility is located. While the development phasing can be amended, that change would require approval by Planning Commission and City Council.

As to the length of this special use permit, staff has included a condition limiting the duration of the use to 7 years, or the release of a final site plan for any of the three parcels. This condition allows for construction of the park to proceed regardless of any potential changes to phasing affecting which parcels are developed first.

The applicant proposes to continue to park and maintain its rental vehicles on the site at 1200 North Fayette Street and will perform light automobile repairs. All auto repairs will continue to take place inside the existing building.

The applicant requests an amendment the hours of operation/ delivery hours to accommodate early morning deliveries of vehicles by car carriers. According to the applicant, the early morning delivery hours are necessary to limit weekend deliveries and thus avoid conflicts with the existing church. The early hours are appropriate for this location because it surrounded by commercial uses and will not impact any residential neighborhoods.

The applicant is also proposing 30 additional overflow parking spaces on the adjacent properties to the south at 1100 and 1200A North Fayette Street. These spaces will be used when the total

Figure 1: Proposed Phasing Plan

Phase I
Phase II
Phase III
Phase IV
Phase V

number of cars exceeds the capacity at the main facility. Staff has added a condition allowing only 30 vehicles to be parked on these parcels, and making clear that no loading or unloading of vehicles, automobile repair, maintenance, washing or detailing may occur on the adjacent site. The leased parking spaces are non-required parking for the DC Metro Church.

CONCLUSION

The existing motor vehicle parking, storage and light automobile repair facility with the requested amendments is appropriate for this location as an interim use. Subject to the conditions contained in Section III of this report, staff recommends approval of the Special Use Permit request.

III. RECOMMENDED CONDITIONS

Staff recommends **approval** subject to compliance with all applicable codes and ordinances and the following conditions:

SUP # 2010-0028

If property owner or applicant is being represented by an authorized agent such as an attorney, realtor, or other person for which there is some form of compensation, does this agent or the business in which the agent is employed have a business license to operate in the City of Alexandria, Virginia? N/A

Yes. Provide proof of current City business license

No. The agent shall obtain a business license prior to filing application, if required by the City Code.

NARRATIVE DESCRIPTION

3. The applicant shall describe below the nature of the request **in detail** so that the Planning Commission and City Council can understand the nature of the operation and the use. The description should fully discuss the nature of the activity. (Attach additional sheets if necessary.)

Enterprise RAC Company of Maryland, LLC (the "Applicant") requests to amend Condition #23 associated with approved SUP #2000-0039 in order to extend the current expiration date of May 13, 2010 for an additional seven years from the date of City Council hearing.

By way of background, SUP #2000-0039 was approved by Council on May 13, 2000. At that time, there was some anticipation that this property may redevelop for a use more in alignment with the Small Area Plan. However, due to the current economic climate, there will be no redevelopment opportunity in the near term. Therefore, with this SUP application, the Applicant requests an extension of SUP #2000-0039 for an additional seven years. There are no changes proposed in regard to the size, site layout, employees, or operations as approved by SUP #2000-0039.

Concurrent with this SUP application to extend the expiration date of SUP #2000-0039, the Applicant also requests to update the ownership entity associated with the prior approval from National Car Rental System Inc. to the current ownership entity, Enterprise RAC Company of Maryland, LLC.

Pending SUP Application for Extension of Time Limitation**

Dear Mary:

The following letter serves to request some minor revisions to the above-referenced SUP Application relative to the Application parcels and the morning hours of loading/deliveries.

Application Parcels

The Applicant has entered into an arrangement with the owner of adjacent parcels identified as 1100 and 1200A N. Fayette Street to use 30 parking spaces for overflow parking. The adjacent parcels are also leased by DC Metro Church but, as evidenced in the documentation accompanying the approvals for the Church, there is adequate parking for both the Church and the overflow Enterprise parking. This letter serves to formally request that these two parcels be added to the pending SUP Application for 1200 N. Fayette Street. All other activities or operations related to Enterprise occur on 1200 N. Fayette Street. The additional parcels, 1100 and 1200A N. Fayette Street, have the same ownership and disclosure information as already provided in the filed SUP Application for 1200 N. Fayette Street.

Loading Hours

Enterprise also requests that the delivery of vehicles to the site begin at 6:00AM instead of 8 AM, as set forth in the current conditions. The early morning hours for the delivery of vehicles coordinates with the adjacent church use by keeping weekend deliveries of vehicles to a minimum such that there is not conflict with traffic coming to the church. The earlier deliveries

consist of cars being delivered on car carriers. Other deliveries occur during normal business hours. To our knowledge, there have been no complaints from adjacent residents or business owners concerning the operation of Enterprise. As such, the Applicant requests that, in conjunction with the 7-year extension for the Enterprise use, the loading/delivery hours be revised to 6:00 AM to 5:00 PM, 7 days per week.

Thank you for your attention to this matter and please do not hesitate to call me, or Elizabeth McKeeby of my office if you have any further questions or require additional information.

Very truly yours,

Docket Item #2
SUP 2010-0028

City of Alexandria, Virginia

MEMORANDUM

DATE: SEPTEMBER 7, 2010

TO: CHAIRMAN KOMOROSKE AND MEMBERS OF THE PLANNING COMMISSION

FROM: FAROLL HAMER, DIRECTOR *FH*
DEPARTMENT OF PLANNING AND ZONING

SUBJECT: SUP #2010-0028 - 1200, 1200A and 1100 NORTH FAYETTE STREET,
ENTERPRISE RENTAL CAR

Upon further review, staff is recommending the following change to Condition #23 of the recommended conditions for the special use permit for continued operation of a motor vehicle parking, storage and light automobile repair facility. This additional underlined language is necessary to clarify the expiration date for this use, but does not change the substance, nor should it require the removal of the case from the consent calendar.

23. The special use permit shall expire on September 18, 2017, or the date the final site plan is released for 1200 North Fayette Street whichever is earlier. Should any final site plan be approved for either 1100 or 1200A N. Fayette Street prior to September 18, 2017 or prior to the release of a final site plan for 1200 N. Fayette Street, the overflow parking shall be removed from 1100 and 1200A N. Fayette Street and this SUP shall no longer apply to those parcels. (P&Z)
