I. DISCUSSION

The applicant, CVS/Caremark, Inc., represented by agent/contractor Eugene Harris, requests Special Use Permit approval for a retail drug store of more than 10,000 square feet in a first-floor space at 503 King Street, previously occupied by the Books-A-Million bookstore.

SITE DESCRIPTION

The subject tenant space is located on the first floor of a four-story office building, known as Bankers' Square, at the corner of King and North Pitt Streets. Banker's Square is located on one "L-shaped" lot of record with frontage on King, North Pitt and North Saint Asaph Streets.

The surrounding area is comprised of a mix of commercial, institutional and residential uses. The Helen Olivia flower shop and residential townhouses are located to the north. The Tavern Square building, with mixed office and commercial uses including Pat Troy's Restaurant, is located immediately to the east. The Alexandria Courthouse and adjacent retail and office tenants are located to the south across King Street. SunTrust Bank is located immediately to the west.

BACKGROUND

Banker's Square was developed under an urban renewal plan (officially known as Gasby's Urban Renewal Plan Phase Two) and a site plan (SIT#68-0033) in 1969. The property was rezoned to KR/ King Street Retail in June 2005. The Books-A-Million bookstore and a travel agency have been located in the subject space until recently. The bookstore, with 10,500 square feet of space, opened in 2003 prior to the requirement that retail establishments of over 10,000 square feet obtain SUP approval. As to that use, the space is noncomplying and allowed to continue under Section 6-702(D)(1) of the Zoning Ordinance. The travel agency includes approximately 536 square feet of space.

PROPOSAL

CVS proposes to occupy the combined 11,036 square-foot space with a retail drugstore, and to close its existing CVS store across from Market Square at 326 King Street. In addition to the pharmacy, the drugstore will sell a range of retail products including health, beauty, and food items. An expanded area near the front of the store will be reserved for pre-packaged, ready-to-eat foods such as sandwiches and salads as well as beverages, including off-premises alcohol. Additional elements of the applicant's proposal are as follows:

<u>Hours of Operation:</u>	24 Hours/Day
<u>Customers:</u>	Between 10-50 customers/hour
<u>Employees:</u>	Between 8-12 employees per eight-hour shift
<u>Alcohol:</u>	Off-premises alcohol
<u>Trash:</u>	Trash will be collected from dumpsters once or twice each week
<u>Odors/Noise:</u>	No odors or noises are anticipated
<u>Loading/Unloading:</u>	Loading facilities are located behind the tenant space adjacent to a rear alley accessed from North Saint Asaph Street

ZONING/MASTER PLAN DESIGNATION

The subject property is zoned KR / King Street Retail. Section 6-702(B)(2)(l) of the Zoning Ordinance allows a retail establishment of over 10,000 on the first floor only with Special Use Permit approval. A retail use could continue to operate in the 10,500-square foot space occupied by Books-A-Million, consistent with Sections 6-702(D)(1) and 12-302(B) of the Zoning Ordinance. However, by including the travel agency space, the drug store proposal represents an expansion of the existing use and triggers the Special Use Permit requirement.

The proposed use is consistent with the Old Town Small Area Plan chapter of the Master Plan which designates the property for office and commercial uses. There are issues with regard to the King Street Retail Strategy chapter of the Master Plan, which are discussed below.

PARKING

This property is located in the Central Business District (CBD). According to Section 8-300(B) of the Zoning Ordinance, the off-street parking requirements of the Zoning Ordinance do not apply within the boundaries of an urban renewal project such as Bankers' Square. Off-street parking, as required by Site Plan #68-0033, is located in the lower-level garage. The applicant has provided three parking spaces in this garage for its employees.

II. STAFF ANALYSIS

Staff is concerned about a large, retail chain establishment opening at this location. However, chiefly because the space already exists, and because it will offer additional convenience and an expanded range of products for neighborhood residents, workers, and visitors, staff is recommending approval with conditions. The tenant space is within a relatively modern building that offers parking and an off-street loading area and that provides some buffer, in the form of an arcade and additional offices to the rear, between the retail use and nearby residences.

SUP Requirement: Large-footprint Retail Establishments

Drug stores such as CVS and other retail establishments ordinarily do not require Special Use Permit approval in Alexandria. Furthermore, the Books-A-Million space appears to be the only existing retail location on King Street with more than 10,000 square feet of space on the first-floor space. The existing CVS at 326 King has approximately 5,400 square feet of space. This request represents the first SUP required for a retail tenant with over 10,000 square feet of first-floor space since the establishment of the KR zone six years ago.

The unique KR zone requirement implements recommendations contained in the 2005 King Street Retail Strategy, including:

- small, independently-owned businesses should be encouraged on King Street as a general matter and;
- chain stores shall provide attractive, inviting storefront facades that will be compatible with the character of the surrounding area.

It is through the Special Use Permit process, aided by the presence of historic district design guidelines, that the City gains the opportunity to assess whether a retail store with a large first-level floor-plate (over 10,000 square feet) is appropriate at a given location and to require attractive, inviting façade treatments consistent with the character of the neighborhood.

Compatibility

Staff has some concern, which has also been voiced by the Old Town Civic Association, that the overall size of the proposed CVS, its status as a national chain, and its initial façade proposal could yield a “mini big-box” store typically found in suburban areas and incompatible with the character of Old Town. As a cumulative matter, and in general, larger-sized chain stores could also crowd out the small retail stores typical of Old Town and encouraged in the Strategy.

However, in this case, the existing retail space already exists. The CVS proposal represents a continuation of an existing retail use. While it is true that CVS is adding to the size of the space by also occupying the adjacent travel agency space, that space is only 500 square feet and represents a very slight increase in size. Further, while it is unfortunate to see the bookstore close, the prior use, Books-A-Million, was also a national chain. The CVS proposal does not, therefore, appreciably increase the overall presence of large-footprint, chain uses on King Street.

While there is potential for large retail uses to crowd out the smaller businesses, and the City needs to remain vigilant on this point, large retail businesses have not reached a problem level at this time. No other retail establishment on King Street occupies over 10,000 square feet of first-floor space. By comparison, J&J Oriental Rug Company at 1200 King occupies approximately 8,000 square feet of first-floor space, while Walgreen's at 615 King Street and the Gap Outlet at 622 King occupy approximately 5,100 and 5,000 square feet of first floor space respectively.

Storefront Appearance

The appearance of the proposed CVS storefront is an important element of this case. An attractive façade with limited signage will differentiate this CVS from other, more suburban-style locations and enhance its compatibility with the character of the surrounding area. Attractively-designed façade treatments are also an important component in creating a vital retail environment and one that provides shoppers with an active and inviting pedestrian experience. Both points are raised as goals in the King Street Retail Strategy.

The applicant has submitted façade and interior plans but its most recent proposal is not consistent with the Old & Historic Alexandria Design Guidelines. While some elements of the plan are supportable, such as the front awnings and the wall signage, it also contains several windows proposed to be fully blocked, often by false walls or other equipment, on which uninspired photographs and several "24 Hour" signs would be hung. The O&HAD Design Guidelines recommend against window signs or tinting from obscuring the interior view of a retail establishment. The King Street Retail Strategy recommends that new storefronts have a minimum of 75% glass to provide transparency into the business and help create an active, enjoyable and varied visual experience while moving along the street.

Staff has worked closely with the applicant in an attempt to achieve an attractive façade treatment consistent with the historic district design guidelines and to move closer to the 75% open view recommendation found in the Strategy. Although the applicant has made some revisions, its proposals have not fully responded to staff concerns. Staff has therefore included special condition language (Condition #4) requiring open views into the store in order to achieve stated storefront design goals. This condition language will work in tandem with the O&HAD Guidelines and the BAR's ultimate approval of the facade.

The resulting storefront and signage plan, both of which are subject to final approval by the BAR, are expected to largely prevent the blocked windows often found at other CVS locations and will provide a more interesting pedestrian experience along these longer-than-average façades on King and Pitt Streets.

Hours of Operation

Staff recognizes that a drug store proposing to operate 24 hours/day, while perhaps offering added convenience to residents, has the potential to create neighborhood impacts. The Police Department reports that it has received a high number of calls for service from the existing CVS location at 326 King Street. Since January 2009, nearly 50 incidents of larceny and shoplifting (some involving the theft of alcohol) and 20 incidents of disorderly conduct have been recorded, with a majority of these incidents occurring after 10:00pm. Some these incidents may be attributable to CVS being a convenient point of reference for calls for service late at night.

However, given the high number of incidents, staff recommends an earlier closing time than the 24 hour operation CVS requests. Staff is recommending in Condition #2 that the drug store be open only between 6:00am and 10:00pm to avoid the potential for criminal activity occurring here during late-night hours.

Staff has also included conditions regarding off-premises alcohol and parking. Condition #5 prohibits single-sales of alcohol, which is a standard condition placed on restaurants and retail establishments requesting SUP approval with off-premises alcohol. Condition #12 requires the applicant to provide three off-street parking spaces for employees, as suggested by the applicant.

Staff finds that, subject to several standard and special conditions which may be found in Section III of this report, an expanded and relocated CVS drug store is appropriate for this location along King Street and hereby recommends approval.

III. RECOMMENDED CONDITIONS

Staff recommends **approval** subject to compliance with all applicable codes and ordinances and the following conditions:

1. The Special Use Permit shall be granted to the applicant only or to any corporation in which the applicant has a controlling interest. (P&Z)
2. The hours of operation shall be limited to between 6:00am and 10:00pm daily. (P&Z) (Police)
3. The applicant shall post the hours of operation at the entrance of the business. (P&Z)
4. Windows at the site shall provide open views into the drug store from the street and shall not be tinted, opaque or otherwise obstructed, except as approved by the Board of Architectural Review. Unless otherwise prohibited by the Board of Architectural Review, low-level, well-maintained and regularly-updated window displays may be permitted in any windows or door areas approved by the BAR to be blocked. (P&Z)
5. Off-premises alcohol sales is permitted, subject to approval from the Virginia Alcohol Board of Control. Beer or wine coolers may be sold only in 4-packs, 6-packs or bottles of more than 40 fluid ounces. Wine may be sold only in bottles of at least 750 ml or 25.4 ounces. Fortified wine (wine with an alcohol content of 14% or more by volume) may not be sold. (P&Z)(Police)
6. The applicant shall conduct employee training sessions on an ongoing basis, including as part of any employee orientation, to discuss all SUP provisions and requirements, and on how to prevent underage sales of alcohol. (P&Z)
7. No food, beverages, or other material shall be stored outside. (P&Z)
8. Trash and garbage shall be placed in sealed containers which do not allow odors to escape and shall be stored inside or in closed containers which do not allow invasion by animals. No trash or debris shall be allowed to accumulate on site outside of those containers. (P&Z)
9. All loudspeakers shall be prohibited from the exterior of the building, and no amplified sounds shall be audible at the property line. (T&ES)
10. The applicant shall participate in any organized program to assist with both employee and customer parking for businesses that is formed as a result of suggested parking strategies in the King Street Retail Strategy. (T&ES)
11. The applicant shall require its employees who drive to use off-street parking and/or provide employees who use mass transit with subsidized bus and rail fare media. The applicant shall also post DASH and Metrobus schedules on-site for employees. (T&ES)

12. The applicant shall provide a minimum of three (3) off-street parking spaces for employee parking. (T&ES)
13. Litter on the site and on public rights-of-way and spaces adjacent to or within 75 feet of the premises shall be picked up at least twice a day and at the close of business, and more often if necessary, to prevent an unsightly or unsanitary accumulation, on each day that the business is open to the public. (T&ES)
14. Supply deliveries, loading, and unloading activities shall not occur between the hours of 11:00pm and 7:00am. (T&ES)
15. The applicant shall contact the Community Relations Unit of the Alexandria Police Department at 703-838-4520 regarding a security assessment for the business and a robbery readiness program for all employees.
16. The Director of Planning and Zoning shall review the special use permit after it has been operational for one year, and shall docket the matter for consideration by the Planning Commission and City Council if: (a) there have been documented violations of the permit conditions which were not corrected immediately, constitute repeat violations or which create a direct and immediate adverse zoning impact on the surrounding community; (b) the director has received a request from any person to docket the permit for review as the result of a complaint that rises to the level of a violation of the permit conditions, or (c) the director has determined that there are problems with the operation of the use and that new or revised conditions are needed. (P&Z) (Police)

STAFF: Barbara Ross, Deputy Director, Department of Planning and Zoning;
Nathan Randall, Urban Planner.

Staff Note: In accordance with section 11-506(c) of the zoning ordinance, construction or operation shall be commenced and diligently and substantially pursued within 18 months of the date of granting of a special use permit by City Council or the special use permit shall become void.
