I. DISCUSSION

REQUEST

The applicant, Asegedech Kelecha, requests special use permit approval for the operation of a restaurant in an existing grocery store located at 1101 Queen Street.

SITE DESCRIPTION

The subject property is one lot of record with 35 feet of frontage on Queen Street and 100 feet of frontage on North Patrick Street, and a total lot area of 3,500 square feet. The site is located in the Parker Gray Historic District and is developed with a newly renovated commercial building. Access to the property is from the corner of Queen Street and North Patrick Street.

The surrounding area is occupied by a mix of retail, personal service and residential uses. Immediately to the north, within the same building, is a printing shop, MBC Precision Imaging. To the south is the Liberation Bookstore and Goody's Chinese carry out restaurant. To the east, across North Patrick Street, is Isle Inn Tours, and to the west is a semi-detached residential house.

BACKGROUND

The commercial building at 1101 Queen Street was originally built in 1939, and underwent interior and exterior renovations between 2006 and 2008. Prior to the renovations, the building was occupied by Sykes Auto Parts. The applicant opened the existing family-operated neighborhood grocery store in June 2008.

PROPOSAL

The applicant is proposing to add a restaurant with breakfast, lunch, and dinner service to the existing grocery store. The restaurant will offer Ethiopian food, deli sandwiches, ice cream and smoothies, baked goods, and coffee. This restaurant will offer self service seating and carry-out. It will not be a full service restaurant, and therefore is not subject to administrative approval.

Hours: 9:00 a.m. – 9:00 p.m., seven days per week

Number of seats: 20 indoor seats

Type of Service: Carry-out and self-service seating

Alcohol: The applicant proposes off- and on-premises beer and wine sales.

Noise Impact: None anticipated

Trash/Litter: Paper, plastic, and cardboard will be deposited in the existing dumpster that is collected weekly. Food refuse will be compacted in the restaurant.

The applicant has agreed to voluntarily operate as a tobacco smoke-free establishment.

PARKING

According to Section 8-100(A)(1) of the Zoning Ordinance, any land, buildings, or structures in use prior to January 27, 1987 are exempted from the parking requirements. Since the previous use, Sykes Auto Parts, was a retail use in operation prior to the current parking standards, no parking was required. The existing grocery store is also a retail use, and therefore has no parking requirement because there was no change in use.

If current standards were to be applied to the existing retail use, six parking spaces would be required for the 1,100 square foot retail space. According to Section 8-200(A)(16) of the Zoning Ordinance, a retail use within Parking District 1 with less than 1,500 square feet of floor area would require one parking space for every 200 square feet of floor area.

The applicant is proposing to split the existing space into a combination of retail and restaurant uses, with 500 square feet remaining as retail use. Based on the calculation of one parking space for every 200 square feet of floor area, the remaining retail space would require three parking spaces. The remaining three of six parking spaces could be credited to the proposed restaurant use.

According to Section 8-200 (A)(8) of the Zoning Ordinance, a restaurant requires one parking space for every four seats. A restaurant with 20 seats will be required to provide five off-street parking spaces, however, in this instance, only two off-street parking spaces would be required because of the three spaces credited from the retail use.

The subject property does not have any on-site parking spaces, and there is no available off-street parking available for lease within five hundred feet. Therefore, the applicant will need a parking reduction of two parking spaces.

ZONING/MASTER PLAN DESIGNATION

The subject property is located in the CL/Commercial Low zone. Section 4-103 of the Zoning Ordinance allows a restaurant in the CL zone only with a special use permit.

The proposed use is consistent with the Braddock Road Metro Small Area Plan chapter of the Master Plan which encourages neighborhood oriented commercial uses.

II. STAFF ANALYSIS

Staff supports the addition of a restaurant with a parking reduction at this existing grocery store on Queen Street. The number of seats proposed (20), is small, and no other eat-in restaurants exist in the immediate vicinity. Additionally, the applicant has submitted a "petition of support" with her application that includes signatures of grocery store patrons in support of this request for the addition of a restaurant with seats at this location. The addition of seating should not create significant additional noise, odor, or trash impacts on the surrounding neighborhood.

The applicant has proposed to offer both on-premises and off-premises beer and wine sales. Staff has no objection to on-premise sales, however, it does not support off-premise sales at this time. The use of the property as a grocery store and small restaurant can be a valuable asset to the community. With off-premise alcohol sales, the use may tend to become more of a convenience store use. Some neighborhood residents have expressed concern about off-premise sales of alcohol and the potential negative impacts associated with it. Staff is hopeful that once the applicant has had the opportunity to establish the grocery store and restaurant as part of the neighborhood, some of these concerns may be adequately addressed and resolved. The limitation of on-premise alcohol sales only would not prevent the applicant from requesting an amendment to add off-premise alcohol sales in the future, should the current SUP application be approved.

The applicant is also requesting a parking reduction of two (2) spaces for the restaurant use. The grocery store and proposed restaurant are intended to serve the immediate vicinity, with the majority of patrons living within walking distance of the location. Staff is not aware of any concerns or complaints regarding parking. Therefore, staff supports a parking reduction of two spaces.

Subject to the conditions set forth in Section III of this report, staff recommends approval of this special use permit request.

III. RECOMMENDED CONDITIONS

Staff recommends **approval** subject to compliance with all applicable codes and ordinances and the following conditions:

1. The special use permit shall be granted to the applicant only or to any corporation in which the applicant has a controlling interest. (P&Z)

17. The applicant is to contact the Community Relations Unit of the Alexandria Police Department at 703-838-4520 regarding robbery readiness training for all employees. (Police)
18. The applicant shall conduct employee training sessions on an ongoing basis, including as part of any employee orientation, to discuss all SUP provisions and requirements, and on how to prevent underage sales of alcohol. (P&Z)
19. The Director of Planning and Zoning shall review the special use permit after the restaurant has been operational for six months and again after one year from the start of restaurant operations, and shall docket the matter for consideration by the Planning Commission and City Council if (a) there have been documented violations of the permit conditions which were not corrected immediately, constitute repeat violations or which create a direct and immediate adverse zoning impact on the surrounding community; (b) the director has received a request from any person to docket the permit for review as the result of a complaint that rises to the level of a violation of the permit conditions; or (c) the director has determined that there are problems with the operation of the use and that new or revised conditions are needed. (P&Z)

STAFF: Richard Josephson, Deputy Director, Department of Planning and Zoning;
Eileen Oviatt, Urban Planner.

Staff Note: In accordance with section 11-506(c) of the zoning ordinance, construction or operation shall be commenced and diligently and substantially pursued within 18 months of the date of granting of a special use permit by City Council or the special use permit shall become void.

- C-2 The applicant shall comply with the City of Alexandria's Noise Control Code, Title 11, Chapter 5, which sets the maximum permissible noise level as measured at the property line.

Code Enforcement:

- F-1 The applicant does not request outdoor seating.
- F-2 The application does not provide enough information to determine if a change of use will be required. Code Administration does not know where the expansion will take place within the existing structure. Therefore, it is possible a change of use could be required in the future. If a change of use is required, the applicant shall comply with Code requirement C-1.
- C-1 Prior to the application for new Certificate of Occupancy, the applicant shall submit a building permit for a change of use. Drawings prepared by a licensed architect or professional engineer shall accompany the permit application. These plans shall show provide existing conditions, construction type data, and a plot plan. In addition, these plans shall show proposed conditions and provide data by the design professional which details how the proposed use will comply with the current edition of the Virginia Uniform Statewide Building Code for the new use in the area of structural strength, means of egress, passive and active fire protection, heating and ventilating systems, handicapped accessibility and plumbing facilities.
- C-2 Alterations to the existing structure must comply with the current edition of the Uniform Statewide Building Code (USBC).
- C-3 Alterations to the existing structure and/or installation and/or altering of equipment therein requires a building permit. Five sets of plans, bearing the signature and seal of a design professional registered in the Commonwealth of Virginia, must accompany the written application. The plans must include all dimensions, construction alterations details, kitchen equipment, electrical, plumbing, and mechanical layouts and schematics.
- C-4 Construction permits are required for this project. Plans shall accompany the permit application that fully details the construction as well as layouts and schematics of the mechanical, electrical, and plumbing systems.
- C-5 A fire prevention code permit is required for the proposed operation. An egress plan showing fixture location, aisles and exit doors shall be submitted for review with the permit application.
- C-6 When a change of use requires a greater degree of structural strength, fire protection, exit facilities or sanitary provisions, a construction permit is required.

- C-7 This structure contains mixed use groups and is subject to the mixed use and occupancy requirements of USBC 508.
- C-8 Required exits, parking, and accessibility for persons with disabilities must be provided to the building.
- C-9 The following code requirements apply where food preparation results in the development of grease laden vapors:
 - (a) All cooking surfaces, kitchen exhaust systems, grease removal devices and hoods are required to be protected with an approved automatic fire suppression system.
 - (b) A grease interceptor is required where there is drainage from fixtures and equipment with grease-laden waste located in food preparation areas of restaurants. Food waste grinders can not discharge to the building drainage system through a grease interceptor.
- C-10 A rodent control plan shall be submitted to this office for review and approval prior to occupancy. This plan shall consist of the following:
 - (a) Measures to be taken to control the placement of litter on site and the trash storage and pickup schedule.
 - (b) How food stuffs will be stored on site.
 - (c) Rodent baiting plan.

Health Department:

- F-1 This facility is currently operating as Smile Market under an Alexandria Health permit, issued to A Plus Grocery, LLC.
- C-1 An Alexandria Health Department Permit is required for all regulated facilities.
- C-2 This facility and all modifications must meet current Alexandria City Code requirements for food establishments.
- C-3 Five sets of plans must be submitted to and approved by this department prior to construction. Plans must comply with the Alexandria City Code, Title 11, Chapter 2, Food and Food Establishments. There is a \$135.00 fee for plans review of food facilities.
- C-4 Permits and/or approval must be obtained prior to operation.
- C-5 The facility must comply with the Alexandria City Code, Title 11, Chapter 10, Smoking Prohibitions.
- C-6 Certified Food Managers must be on duty during all hours of operation.
- C-7 Restrooms, including those in common areas, serving the restaurant, are to meet Alexandria City Code, Title 11, Chapter 2 requirements.

- R-1 Provide a menu or list of foods to be handled at this facility to the Health Department prior to opening.

Parks and Recreation:

- R-1: The applicant shall contribute \$250.00 for one street tree to be planted on the Queen Street block face. The monetary donation shall be submitted to the Department of Recreation, Living Landscape Fund, 1108 Jefferson St. Alexandria, VA 22314, within 60 days of City Council approval.
- C-1: Property owner shall control weeds along public sidewalks, curb lines and within tree wells which are within 12 feet of the owner's front property line. (City Ord. No. 2698, 6/12/82, Sec. 2; Ord. No. 2878, 11/12/83, Sec. 1)

Police Department:

- R-1 The applicant is to contact the Community Relations Unit of the Alexandria Police Department at 703-838-4520 regarding a security assessment for the business.
- R-2 The applicant is to contact the Community Relations Unit of the Alexandria Police Department at 703-838-4520 regarding robbery readiness training for all employees.
- R-3 The Police Department requests that the SUP be reviewed after six months.
- F-1 The applicant is seeking an "ABC On" and "ABC Off" license. The Police Department has no objections to the "ABC On" license. The Police Department does not recommend the "ABC Off" license for the following reasons:

The Police Department is sympathetic toward and supportive of efforts by the Inner City Civic Association, historically, to severely restrict or prevent alcohol sales in the community. The neighborhood has benefited from the absence of alcohol. We cannot know what the future portends if the Smile Market is allowed to sell alcohol, but it has been the absence of alcohol that has prevented problems and allowed the community to succeed, grow and thrive.

APPLICATION - SUPPLEMENTAL PARKING REDUCTION

Supplemental information to be completed by applicants requesting special use permit approval of a reduction in the required parking pursuant to section 8-100(A)(4) or (5).

1. Describe the requested parking reduction. (e.g. number of spaces, stacked parking, size, off-site location)

proposed food service will require 5 off-street parking spaces
property does have any on-site spaces available spaces within
500 feet of my family run grocery store cannot provide/lease
spaces

2. Provide a statement of justification for the proposed parking reduction.

no available off street parking to lease within 500 feet of
my family run grocery store

3. Why is it not feasible to provide the required parking?

no spaces available; I am a struggling small business
trying to serve the neighborhood. If I am required to lease
spaces my family run grocery store will possibly need to
close permanently. I have a lease for 10 years.

4. Will the proposed reduction reduce the number of available parking spaces below the number of existing parking spaces?

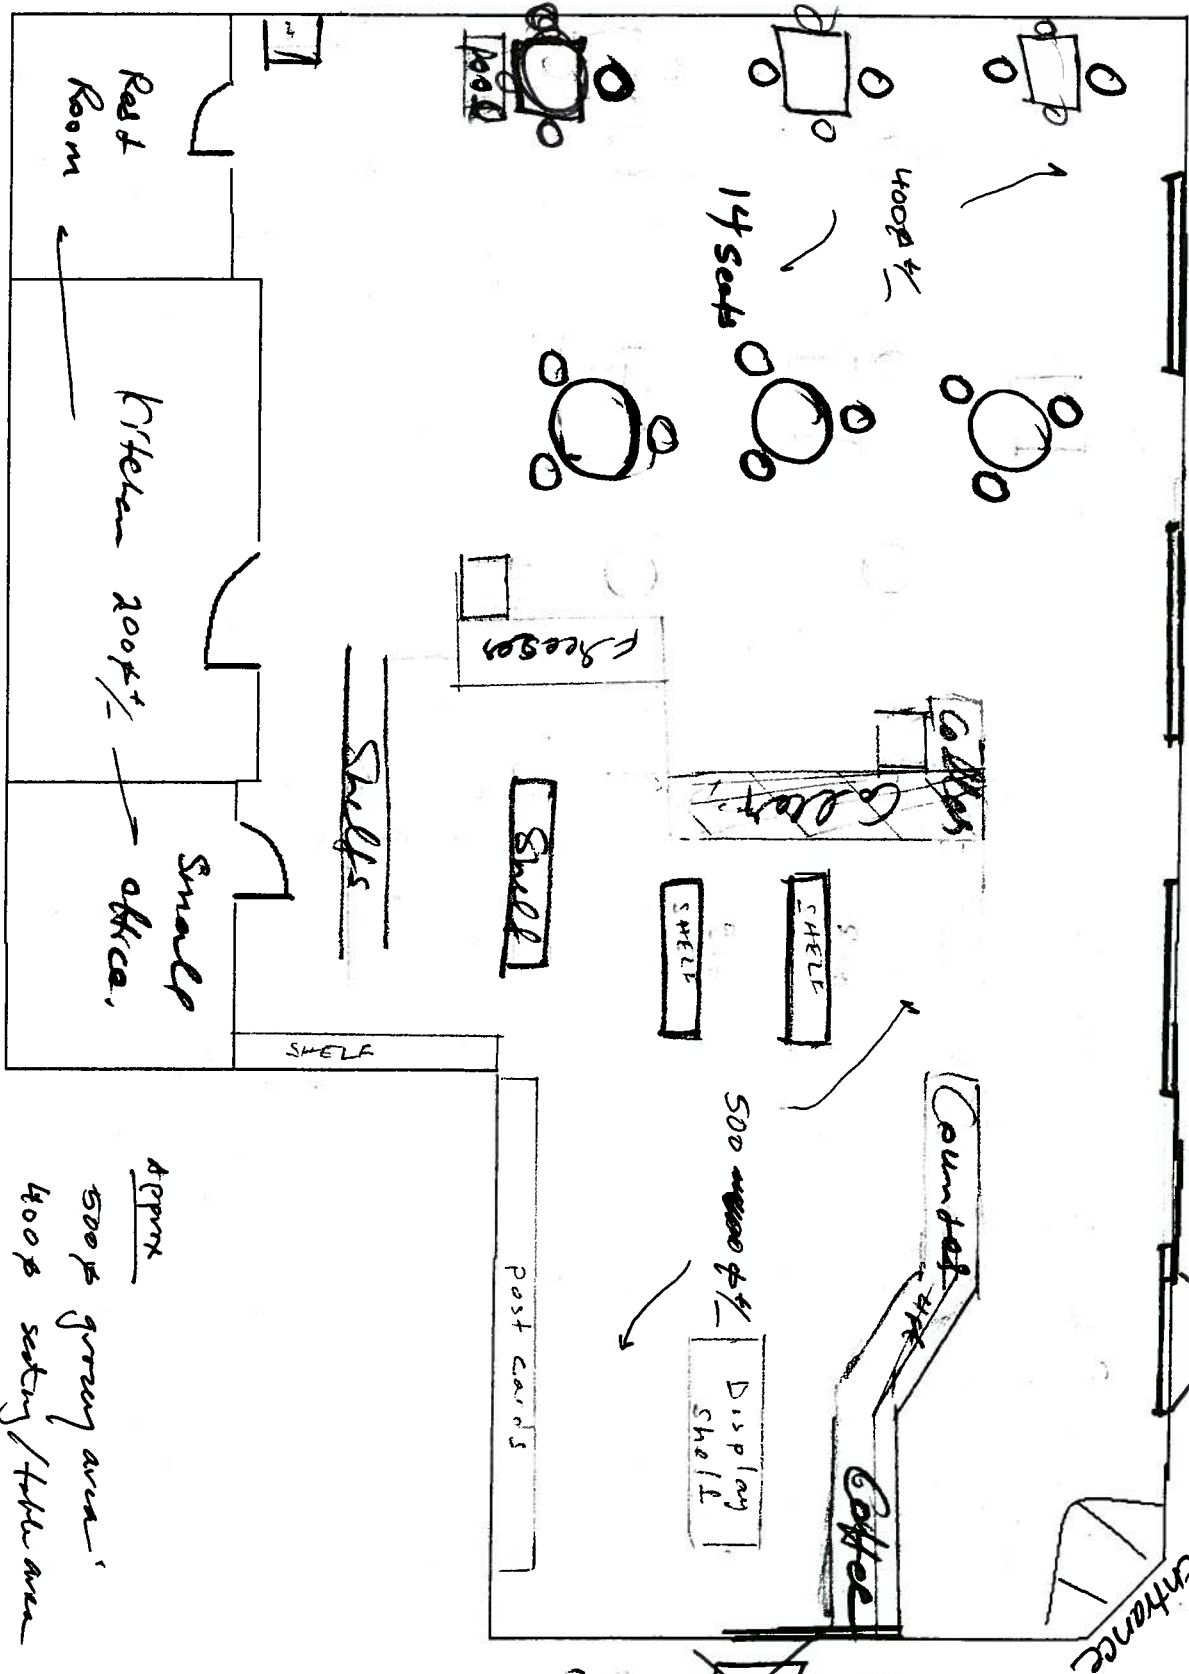

Yes. No.

5. If the requested reduction is for more than five parking spaces, the applicant must submit a **Parking Management Plan** which identifies the location and number of parking spaces both on-site and off-site, the availability of on-street parking, any proposed methods of mitigating negative affects of the parking reduction.

NA

6. The applicant must also demonstrate that the reduction in parking will not have a negative impact on the surrounding neighborhood.
